Flint, 2014-03-11 An excerpt from the Author's PREFACE THE object of the author in writing this book is to remove if possible to some extent the prejudice which exists against the present government of Mexico This prejudice is based upon a misapprehension of the character of that government and upon the fact that very little is known in the United States of what Maximilian has done for Mexico If any intelligent citizen of the United States should go to that country remain there for six months make himself somewhat acquainted with the Mexican people and see with his own eyes how much Maximilian has done for their happiness and prosperity and above all compare Mexico under a monarchy with what it always has been under a republic he would candidly admit that at last Mexico has found the government that is suited to her and that will eventually raise her to a respectable rank among the nations of the earth The government of Maximilian is a limited constitutional monarchy it is founded upon the choice of the Mexican people and in spite of the difficulties which it has had to contend with and which environ it now it has done more for the prosperity of Mexico more for the enlightenment and happiness of the Mexican people during the three years of its existence than any republican government in Mexico ever did in thirty forty or fifty years It is possible that this book may be unpopular I do not write for popularity however but to set forth the truth From the foundation of the republic up to the year 1861 independence of thought was considered creditable and freedom of speech and of the press were regarded as the most precious birth rights of an American citizen From the foundation of the republic up to the year 1861 the man who had not manliness of soul enough to think for himself and courage enough to express his thoughts frankly was despised No character was more contemptible than one who slavishly copied the opinions of others and had no opinions of his own This is all changed now We live under a new and loyal dispensation In 1861 and 1862 the edict went forth that men must stop thinking for themselves and must stop expressing their thoughts All men must think alike and they must think in a loyal manner To believe that the war against the south was unnecessary and might have been avoided to believe that it would end in the destruction of the Union and to express that belief was disloyal To believe that the withholding of medicines from the sick in the south was cruel and to express that belief was disloyal To believe that the object of the war on the part of the north was the subjugation and conquest of the Southern States and the permanent dissolution of the Union and to express that belief was treason To believe that Abraham Lincoln was neither a saint nor a statesman and to express that belief was to be a traitor In a word every one was required to believe as the leaders of the radical Republican party believed and to speak as they spoke Whoever did not do so was a marked man It was thus that the

ideas about the Mexican empire sprang up Napoleon is helping the south Napoleon is going to recognize the Southern Confederacy Napoleon has established a monarchy in Mexico to which he will annex Texas and to this will be annexed in time all the Southern States This was the first song and nobody was allowed to sing in a different tune Then again Napoleon is helping the south Napoleon is going to recognize the south The throne of Maximilian is upheld by the presence of French troops and a French army is to be permanently maintained in Mexico This was the next song Everybody s violin flute harp sackbut and dulcimer must play the same notes and smashed be the fiddle that will not Then again well at any rate Napoleon desired to help the south and wished to recognize the Southern Confederacy

Mexican Empire - The History of Maximilian and Carlota of Mexico H. Montgomery Hyde, 2013-01-04 Maximilian I of Mexico and his consort Charlotte of Belgium known as Carlota were the only rulers of the second Mexican Empire Installed by Napoleon III and a small group of Mexican Monarchists the rule was short lived and even though Maximilian had a genuine love for Mexico and its people and brought around liberal reforms the people of Mexico had no wish to be ruled by a foreign power and revolted This is the fascinating story of his three year reign from documents and first hand accounts Many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce and increasingly expensive We are republishing these classic works in affordable high quality modern editions using the original text and artwork

Maximilian and Carlota M. M. McAllen, 2014-01-08 In this new telling of Mexico's Second Empire and Louis Napoleon's installation of Maximilian von Habsburg and his wife Carlota of Belgium as the emperor and empress of Mexico Maximilian and Carlota brings the dramatic interesting and tragic time of this six year siege to life From 1861 to 1866 the French incorporated the armies of Austria Belgium including forces from Crimea to Egypt to fight and subdue the regime of Mexico's Benito Juarez during the time of the U S Civil War France viewed this as a chance to seize Mexican territory in a moment they were convinced the Confederacy would prevail and take over Mexico With both sides distracted in the U S this was their opportunity to seize territory in North America In 1867 with aid from the United States this movement came to a disastrous end both for the royals and for France while ushering in a new era for Mexico In a bid to oust Juarez Mexican conservatives appealed to European leaders to select a monarch to run their country Maximilian and Carlota's reign from 1864 to 1867 was marked from the start by extravagance and ambition and ended with the execution of Maximilian by firing squad with Carlota on the brink of madness This epoch moment in the arc of French colonial rule which spans North American and European history at a critical juncture on both continents shows how Napoleon III's failure to save Maximilian disgusted Europeans and sealed his own fate Maximilian and Carlota offers a vivid

portrait of the unusual marriage of Maximilian and Carlota and of international high society and politics at this critical nineteenth century juncture This largely unknown era in the history of the Americas comes to life through this colorful telling of the couple s tragic reign **MEXICO UNDER MAXIMILIAN** John Jennings Kendall,2016-08-27
