D. Foot, James M. Langley, 1975 **Kill the Fuhrer** Denis Rigden, 2011-11-08 During the Second World War Britain's top secret Special Operations Executive plotted to assassinate Hitler A small department of SOE known as Section X had the tantalisingly complex task of investigating how when and where their plan could be executed The section also plotted the killing of Goebbels Himmler and other selected members of Hitler's inner circle Only Section X and a handful of other SOE staff had any knowledge of these projects codenamed Operation Foxley and Operation Little Foxleys As history has shown these schemes turned out to be pipe dreams Even so Section X renamed the German Directorate in 1944 made a huge contribution to the Allied war effort through their organised sabotage and clandestine distribution of black propaganda Denis Rigden describes Section X's efforts to discover as much as possible about the intended assassination targets and questions whether a successful Operation Foxley would have helped or hindered the Allied cause Based on top secret documents and private sources and illustrated with archive photographs **Kill the Fuhrer** is an intriguing insight into the shadowy world of Britain's wartime secret services **Flight of Eagles** Ray Bowden, 2012-12-08 Of the 1700 American airmen of the 8th and 9th US Army Air Forces who parachuted or crash landed into northwest Europe in December 1943 only 121 evaders made it back to Allied control to continue the fight These are the stories of the successful evasion of capture by those American airmen Based on their interrogation and the detailed handwritten reports submitted within days of their escape by sea or via Spain Andorra and Switzerland These records were classified as secret for many years after the war had ended This account reveals the hardships compassion and occasional humour of their journeys through Nazi controlled Europe Journeys aided by

the organised evasion lines MI 9 agents the Maquis the Dutch Underground the Belgian Secret Army but mostly by ordinary citizens who often made the greatest sacrifices of all in their struggle to aid the Allies and resist the occupation by a ruthless regime that would stop at nothing to crush those who dared to help These accounts include twists and turns in the deadly game of hide and seek played against the Gestapo and the Abwehr in journeys through the Netherlands Belgium France and Spain Failure could mean brutal interrogation torture and execution for those that helped the airmen and for the airmen themselves **Special Bibliography Series** ,1957 Dewberry Culture George McMillan Darrow,1916 **The Intelligence Revolution** Steven E. Maffeo,1988
