Micah A New Translation With Introduction And Commentary:

Micah Bob Becking, 2023-01-01 A new translation and commentary on the biblical book of Micah that proposes a convincing new theory of its composition history While the biblical book of Micah is most famous for its images of peace swords forged into to plowshares spears turned into pruning hooks and its passages of prophetic hope the book is largely composed of prophecies of ruin The historical Micah who likely lived in the late eighth century BCE is the first recorded prophet to predict the fateful fall of Jerusalem and he also foretells the destruction of the regions of Samaria and Judah in addition to the more well known promises of Judah s eventual restoration Bob Becking translates the Hebrew text anew and illuminates the book s most important elements including its literary features political context and composition history Drawing on ancient Near Eastern comparative evidence archaeological notes and inscriptions Becking surveys the debates surrounding the book s interpretation and argues that it be regarded as three separate source texts the early first chapter a large middle section containing a proto apocalyptic alternating prophetic futurology collected and molded by a later redactor and an added section advocating for legal reform under Josiah

Micah Francis I. Andersen, David Noel Freedman, 2000 Micah the Hebrew prophet unwaveringly spoke God s message to Israel His was a message filled with judgment but also laced with the promise of redemption Micah combines poetic complexity and literary sophistication to compel his audience to respond And now through an exacting linguistic and literary analysis of the biblical text coauthors Francis I Andersen and David Noel Freedman explain what Micah meant to his contemporaries as well as what his message means to readers today

The Zondervan Encyclopedia of the Bible, Volume 4 Merrill C. Tenney, 2010-08-10 Revised edition Volume 4 of 5 The Zondervan Encyclopedia of the Bible has been a classic Bible study resource for more than thirty years Now thoroughly revised this new five volume edition provides up to date entries based on the latest scholarship Beautiful full color pictures supplement the text which includes new articles in addition to thorough updates and improvements of existing topics Different viewpoints of scholarship permit a wellrounded perspective on significant issues relating to doctrines themes and biblical interpretation The goal remains the same to provide pastors teachers students and devoted Bible readers a comprehensive and reliable library of information More than 5 000 pages of vital information on Bible lands and people More than 7 500 articles alphabetically arranged for easy reference Hundreds of full color and black and white illustrations charts and graphs 32 pages of full color maps and hundreds of black and white outline maps for ready reference Scholarly articles ranging across the entire spectrum of theological and biblical topics backed by the most current body of archaeological research 238 contributors from around the world

The Fulfilment of Doom? Elizabeth Boase, 2006-06-15 It has long been noted that the book of Lamentations shares at least in part a theological outlook with the prophetic literature that the destruction of Jerusalem was the result of Yahweh s decisive action against the sins of the nation Too often however this relationship has simply been presupposed or assumed to be a relationship of shared perspective To date there has been no

systematic exploration of how it is that Lamentations accepts and or modifies the theological outlook of the prophetic literature In addition when the theology of the prophets has been discussed in relation to Lamentations there has been a tendency to group all the prophetic books together as if they existed as a homogeneous whole and shared amongst themselves a singular outlook This tendency to simplify the theological complexity of the prophetic literature coincides with a similar tendency to reduce the theology of Lamentations to simple monotheistic assertions Drawing on the literary insights of Mikhail Bakhtin this study aims to explore in detail the nature of the relationship between Lamentations and the pre exilic exilic prophetic literature Drawing on the notions of dialogism polyphony and double voicing the study argues that Lamentations enters into a dialogic relationship with prophetic literature a relationship that both affirms and subverts that literature Central to the acknowledgement of the dialogic interaction between Lamentations and the prophetic literature is the recognition of Lamentations as a multivalent polyphonic text in which unmerged viewpoints exist in a tension filled relationship

Invitation to Biblical Interpretation Andreas J. Köstenberger, Richard Duane Patterson, *Invitation to Biblical Interpretation* provides seminarians and upper level collegians a textbook utilizing the hermeneutical triad method This approach to interpretation is based on giving due consideration to both the historical setting and the literary context as well the theological message

The Compassionate, but Punishing God Nathan C. Lane, 2010-03-08 Lane provides a canonical analysis of the credo of Exodus 34 6 7 and its major parallels in the Hebrew Bible He argues that the credo was an important theological expression for the ancient Israelites and that the final form of the Tanak is marked by the use of the credo These uses in the final form of the canon give evidence of the theological tension over the presence of the foreigners in the postexilic community And this tension is marked by the use of the credo in texts that emphasize YHWH s covenantal relationship with ancient Israel Torah movement toward the nations Prophets and YHWH as king over the whole earth

Psalms

A Chorus of Prophetic Voices Mark McEntire, 2015-08-24 While there are many textbooks about the prophetic literature most have taken either a historical or literary approach to studying the prophets *A Chorus of Prophetic Voices* by contrast draws on both historical and literary approaches by paying careful attention to the prophets as narrative characters It considers each unique prophetic voice in the canon in its fully developed literary form while also listening to what these voices say together about a particular experience in Israel s story It presents these four scrolls Isaiah Jeremiah Ezekiel and the Book of the Twelve as works produced in the aftermath of destruction works that employ prophetic characters and as the words uttered during the crises The prophetic literature became for Israel living in a context of dispersion and imperial domination a portable and adaptable resource at once both challenging and comforting This book provides the fullest picture available for introducing students to the prophetic literature by valuing the role of the original prophetic characters the finished state of the books that bear their names the separate historical crises in the life of Israel they address and the chorus of prophetic voices one hears when reading them as part of a coherent literary corpus

Christ, Shepherd of the

Nations Jon Morales, 2017-12-28 Does John's Apocalypse envision destruction or salvation for the nations of the world? Scholarly views on this issue range from extreme total destruction to extreme universal salvation. Jon Morales maintains that the question must be reframed to highlight not only the destiny of the nations but also their dilemma within the drama of world history. Using narrative methodology, Morales asks four key questions concerning the nations: What is John's story of the nations? How does he tell this story? What is John's message to the nations? And what is his message to the church concerning the nations? Literary characters cannot be understood in the abstract but must be rather discovered sequentially in the development of an entire narrative. The nations in Revelation are no exception. Understanding that previous studies have neglected to situate the nations within Revelation's larger plot or in interaction with other narrative characters, Morales concludes that John's purpose is to show that the nations belong to God. John achieves his purpose in part by deploying a novel metaphor virtually unexplored until now: Christ shepherd of the nations. *The Oxford Handbook of the Minor Prophets*

Julia M. O'Brien, 2021-01-29 *The Oxford Handbook of the Minor Prophets* provides a clear and engaging one-volume guide to the major interpretative questions currently engaging scholars of the twelve Minor Prophets by collecting 40 essays by both established and emerging scholars who explore a wide range of methodological perspectives. Divided into four sections, the first group of essays is devoted to historical studies which consider the manuscript evidence for these books and overview debates about how, when, and by whom they were composed. Essays dealing with literary explorations consider the genres and rhetorical style of the material, key themes, and intertextual connections with other sections of the Jewish and Christian canons. A large section on the history of interpretation traces the ways in which past and present confessional communities, scholars, and artists have understood the Minor Prophets. In the final section, essays on individual books of the twelve Minor Prophets explore the structure, themes, and contested issues of each book. *The Spirit in Romans 8*

Marcin Kowalski, 2023-12-04 Kowalski addresses the Pauline understanding of the Spirit in Romans 8 as compared to the Stoic idea of *pneuma*. The author first analyzes the Stoic views on *pneuma* perceived in a variety of life-giving, cognitive, ethical, unifying, reproductive, and inspiring functions. The aforementioned features are taken as a starting point for the comparison with Paul, to which, however, the third element is added: the Jewish texts of the Second Temple period. These include the Old Testament but also *The Book of Enoch*, *The Book of Jubilees*, *Qumran*, *The Testaments of the Twelve Patriarchs*, *The Psalms of Solomon*, *Philo of Alexandria*, *Flavius Josephus*, *LAB Joseph*, and *Aseneth*. 4 *Book of Ezra* and 2 *Book of Baruch*. Such a rich comparative material contributes to the novelty of the book and enables the reader to discover both the similarities and differences between Paul, Greco-Roman, and Jewish authors. The study analyzes Romans 8 in its rhetorical context and brings to light the novelty of the Pauline view of the Spirit. The apostle portrays it in its primary cognitive, ethical, and communitarian function of making the believers similar to Christ and inculcating in them the Lord's mindset and attitudes. Paul presents the Spirit as dwelling within a person similarly to God inhabiting the Jerusalem temple and as the mediator of the resurrected life. In the

original Pauline take the Spirit enables a close union between God and human beings in which the latter keep their freedom and distinctive personal traits
