Michael Harrington Speaking American:

Michael Harrington Robert Gorman, 2021-12-24 In this provocative biographical portrait Robert A Gorman examines the political and intellectual life of this engaging radical thinker while looking ahead to the ways in which the work and example he has left us can affect political life in the twenty first century Michael Harrington s major attempt to Americanize socialism plays a big part in Gorman s analysis He tells readers how it is possible to be both radical and patriotic and how an unjust system can be transformed without being destroyed *Michael Harrington--speaking American* Robert A. Gorman, 1995 In this provocative biographical portrait Robert A Gorman examines the political and intellectual life of this engaging radical thinker while looking ahead to the ways in which the work and example he has left us can affect political life in the twenty first century Michael Harrington s major attempt to Americanize socialism plays a big part in Gorman s analysis He tells readers how it is possible to be both radical and patriotic and how an unjust system can be transformed without being destroyed *The Other American The Life Of Michael Harrington* Maurice Isserman, 2001-03-08 Most Americans first heard of Michael Harrington with the publication of *The Other America* his seminal book on American poverty Isserman expertly tracks Harrington s beginnings in the Catholic Worker **American Democratic Socialism** Gary Dorrien, 2021-01-01 A sweeping ambitious history of American democratic socialism from one of the world s leading intellectual historians and social ethicists The movement whose tangled history Gary Dorrien tells in *American Democratic Socialism* has deep roots in the very American values it is accused of undermining The version of the socialist left that emerges is one that deserves more attention Hari Kunzru *New York Review of Books* Democratic socialism is ascending in the United States as a consequence of a widespread recognition that global capitalism works only for a minority and is harming the planet s ecology This history of American democratic socialism from its beginning to the present day interprets the efforts of American socialists to address and transform multiple intersecting sites of injustice and harm Comprehensive deeply researched and highly original this book offers a luminous synthesis of secular and religious socialisms detailing both their intellectual and their organizational histories *King and the Other America* Sylvie Laurent, 2019-01-08 Shortly before his assassination Martin Luther King Jr called for a radical redistribution of economic and political power to transform the whole of society In 1967 he envisioned and designed the Poor People s Campaign an interracial effort that was carried out after his death This campaign brought together impoverished Americans of all races to demand better wages better jobs better homes and better education King and *The Other America* explores this overlooked and obscured episode of the late civil rights movement deepening our understanding of King s commitment to social justice and also of the long term trajectory of the civil rights movement Digging into earlier radical arguments about economic inequality across America which King drew on throughout his entire political and religious life Sylvie Laurent argues that the Poor People s Campaign was the logical culmination of King s influences and ideas which have had lasting impact on young activists and the public Fifty years later growing inequality and

grinding poverty in the United States have spurred new efforts to rejuvenate the campaign This book draws the connections between King s perceptive thoughts on substantive justice and the ongoing quest for equality for all **Unto a Good Land** David Edwin Harrell,Edwin S. Gaustad,John B. Boles,Sally Foreman Griffith,2005-08-23 Introducing a New U S History Text That Takes Religion Seriously Unto a Good Land offers a distinctive narrative history of the American people from the first contacts between Europeans and North America s native inhabitants through the creation of a modern nation to the 2004 presidential election Written by a team of highly regarded historians this textbook shows how grasping the uniqueness of the American experiment depends on understanding not only social cultural political and economic factors but also the role that religion has played in shaping U S history While most United States history textbooks in recent decades have expanded their coverage of social and cultural history they still tend to shortchange the role of religious ideas practices and movements in the American past Unto a Good Land restores the balance by giving religion its appropriate place in the story This readable and teachable text also features a full complement of maps historical illustrations and In Their Own Words sidebars with excerpts from primary source documents *Why America Lost the War on Poverty - and How to Win It* , **Making Sense of American Liberalism** Jonathan Bell,Timothy Stanley,2012-04-15 This collection of thoughtful and timely essays offers refreshing and intelligent new perspectives on postwar American liberalism Sophisticated yet accessible Making Sense of American Liberalism challenges popular myths about liberalism in the United States The volume presents the Democratic Party and liberal reform efforts such as civil rights feminism labor and environmentalism as a more united more radical force than has been depicted in scholarship and the media emphasizing the decline and disunity of the left Distinguished contributors assess the problems liberals have confronted in the twentieth century examine their strategies for reform and chart the successes and potential for future liberal reform Contributors are Anthony J Badger Jonathan Bell Lizabeth Cohen Susan Hartmann Ella Howard Bruce Miroff Nelson Lichtenstein Doug Rossinow Timothy Stanley and Timothy Thurber
