Michael Foucault Mas Alla Del Estructuralismo Y La Hermeneutica:

Michel Foucault Hubert L. Dreyfus, Paul Rabinow, Michel Foucault, 2001 Arte después de la modernidad Brian Wallis, 2001-06-08 El derrumbamiento del movimiento moderno en las artes ha suscitado un asombroso repertorio de respuestas artísticas y críticas Los veinticinco ensayos que recoge Arte después de la modernidad proporcionan una perspectiva general de las direcciones más interesantes que han seguido el arte y la crítica recientes al abordar temas como el declive de la ideología moderna en las artes o la emergencia de una amplia gama de prácticas artísticas posmodernas las corrientes actuales en pintura cine vídeo y fotografía las investigaciones de artistas pertenecientes al ámbito de las artes plásticas en torno a los medios de comunicación y el tipo de imágenes que emplean o la dinámica del tejido social en el que se produce y se difunde el arte Esta compilación es una guía indispensable para comprender tanto las ideas como los temas que animan el arte contemporáneo ese giro cultural de gran alcance que se ha dado en llamar posmodernidad Foucault y el cuidado de la libertad Rodrigo Castro Orellana, 2008 **Michel Foucault, más allá del estructuralismo y la hermenéutica** Hubert L. Dreyfus, 2017 **Negativity and Revolution** John Holloway, Fernando Matamoros, Sergio Tischler, 2008-11-20 How can activists combat the political paralysis that characterises the anti dialectical Marxism of Foucault Derrida and Deleuze without reverting to a dogmatic orthodoxy This book explores solutions in the negative dialectics of Theodor Adorno The poststructuralist shift from dialectics to difference has been so popular that it becomes difficult to create meaningful revolutionary responses to neoliberalism The contributors to this volume come from within the anti capitalist movement and close to the concerns expressed in Negri and Hardt's Empire and Multitude However they argue forcefully and persuasively for a return to dialectics so a real world radical challenge to the current order can be constructed This is a passionate call to arms for the anti capitalist movement It should be read by all engaged activists and students of political and critical theory *Michel Foucault* Hubert L. Dreyfus, Paul Rainbow, 2014-12-10 This book which Foucault himself has judged accurate is the first to provide a sustained coherent analysis of the French philosopher's work as a whole To demonstrate the sense in which Foucault's work is beyond structuralism and hermeneutics the authors unfold a careful analytical exposition of his oeuvre They argue that Foucault's work during the seventies became a sustained and largely successful effort to develop a new method interpretative analytics capable of explaining both the logic of structuralism's claim to be an objective science and the apparent validity of the hermeneutical counterclaim that the human sciences can proceed only by understanding the deepest meaning of the subject and his tradition There are many new secondary sources on Foucault None surpass the book by Hubert Dreyfus and Paul Rabinow The American paperback edition contains Foucault's On the Genealogy of Ethics a lucid interview that is now our best source for seeing how he construed the whole project of the history of sexuality David Hoy London Review of Books **Vertientes contemporáneas del pensamiento social francés**, 2002 **Filosofía política de la educación en América Latina** Mario Magallón

Anaya,1993 **The Development of Social Knowledge** José Antonio Castorina,Alicia Barreiro,2023-08-01 The result of a deep research work sustained for more than two decades this book studies the construction of social knowledge from a constructivist perspective inherited from Piagetian thought It thus advances in a process of revision and discussion while maintaining crucial aspects of this current for the approach to the construction of the subject and the object of knowledge in the search for the elaboration of an explanatory theory for the formation of new knowledge A collaborative proposal between different disciplines of potential interest for the different actors who study and intervene in this field *Frantz Fanon*

Alejandro J. De Oto,2022-02-04 Focusing on the contributions of Frantz Fanon s writing to the construction of a theory of the postcolonial subject this book engages post structuralist discussions on subjectivity and explores the most important readings and discussions of Fanon s work Problems such as historicity contingency and the positions of the subject in postcolonial contexts receive special attention together with phenomenological approaches to Fanonian writing The central idea is to give Fanon a privileged place in social political and cultural analysis The objectives of the book are to insert Fanon s texts in contemporary critical theory on modernity and coloniality and to incorporate Fanon in the epistemological and conceptual context of the academy This innovative work allows us to understand Fanon s writing as key to linking the experiences and critical developments between the global south and the global north
