Mentalities Maxene Obenschain Kleier, 2005-06 A mother tells the story of her two schizophrenic daughters and the death of one by the hand of the other. [The Seventh-Day Sabbath and Its Redemptive Function in God's Everlasting Covenant of Grace](#) A. M. Simataa, 2012-05-10 This special and remarkable book [The Seventh day Sabbath and its Redemptive Function in Gods Everlasting Covenant of Grace](#) by A M Simataa addresses topical issues in the Bible quite pertinent to the 21st Century Christianity. The author takes a defensive approach of the gospel and brings to the surface some of the least understood teachings of the Bible. Although written from a Seventh day Adventists perspective people of differing religious background and persuasions will find this book very instructive. If you have been looking for a book that painstakingly discusses the Gospel seriously and biblically this is the book you have been searching for. Some of the topics featured in the book include The Truth about the Bible Sabbath The Judgment of the Living Heavenly New Jerusalem The Marriage Supper of the Lamb and the Rapture The Remnant Church in the Parables. Mr A M Simataa teaches at a High School in Windhoek Namibia. He likes sharing the Gospel with others and spends some of his spare time witnessing to others. The central role of the Seventh day Sabbath in the Redemption of our race is the least understood topic in the Bible today. Most believers have even dismissed its relevance to today's Christianity. However the truth is that the Sabbath is at the heart of Christ's work to save human beings in accordance with God's plan. The Sabbath is so central to the work of atonement that Christ is referred to in the Bible as the Lord of the Sabbath. The issue of the Sabbath will become pertinent as we near the End and every human being will be required to take a stand in the conflict involving the Sabbath question. This book will plant your feet on a solid foundation. **The Metaphysics of Love** Frederick D. Wilhelmsen, 1962 *The Metaphysics of Love* Booker T.

Washington, 2017-07-05 *The Metaphysics of Love* develops the existential metaphysics of St Thomas Aquinas applying it to explore the ontological structure of the human person. Published first in 1962 this book demonstrates the fertility of

Thomistic metaphysics and the enduring influence of Thomism on Western philosophy It uncovers the ecstatic structure of human existence in dialogue with philosophers ranging from Plato Aristotle and Aquinas to Kant Hegel Heidegger Tillich Zubiri and Ortega y Gasset as well as theologians and historians Romano Guardini Hilaire Belloc and Eric Voegelin Philosophical and theological examinations of love have in various ways raised the following question how can love of self eros be harmonized with love of others agape These types of love represent two drives Wilhelmsen argues that in the end must be seen as aspects of existence itself Moral and psychological problems of love turn out to be manifestations of metaphysical issues While different cultures have emphasized one of these drives or the other a healthy culture will not completely forget either Cultures differ in the way they emphasize one or the other or flee from one or the other These dimensions of human existence provide the framework for a person's love of self neighbour and God This volume is part of Transaction's Library of Conservative Thought series *The Sabbath Recorder*, 1914 [A Journey into the Mind](#) Frances Mahan, 2014-02-13 With this book I want to share with you how the power of your mind can lead you to discover a prosperous and healthier life How your thoughts can help you connect to your Divine power and ease the constant flow of negative thinking so you can live a healthier life You can have more peace more transformation with a healthier conscious mind without sabotaging your ideas or creation There is so much we do not know about the power of our mind It is surprising that we don't use all of our brain capacity if we did the results will be astonishing Life can be more enjoyable if we control our old subconscious mind and think with a clear conscious mind If we did we will control our thoughts our fears experiences and emotions You can stop the madness going on in your mind and guide it to help you go on a path of developing a stronger willpower in you The results will be amazing and surprisingly incredible It will be like magic You will feel a sense of relieve self control and a self confidence Allow your mind to empower your thoughts and watch the magic flow from a journey into the mind why do we think the way we do [Spiritual Dimensions of Bediuzzaman Said Nursi's Risale-i Nur](#) Ibrahim M. Abu-Rabi?, 2008-07-24 The Nur community is one of the most significant religious and social movements in contemporary Turkey with millions of adherents and a strong institutional and educational system throughout the country This volume presents a picture of its spiritual dimensions by focusing on the ideas of its founder Turkish theologian Bediuzzaman Said Nursi 1877-1960 Prominent scholars in contemporary Islamic studies and comparative spirituality examine the various facets of Nursi's spirituality as revealed in his magnum opus Risale-i Nur which began to take shape in the 1920s and is considered Nursi's deep reflection on the Qur'an in light of rapidly changing conditions in Turkey Nursi argued that Islam must be organically linked to empire in order to preserve its identity in the modern era fostering a spiritual tradition that has steadfastly survived the secular project of Kemalism Book jacket **Each Breath Along the Journey** Anne Dennish, 2019-11-22 Each Breath Along The Journey is a collection of short stories based on the personal experiences of the writer and how she survived them This book is filled with the life lessons that the author has learned throughout her life from

Davis,2012-02-16 Theologian Harry Lee Poe and chemist Jimmy H Davis argue that God s interaction with our world is a possibility affirmed equally by the Bible and the contemporary scientific record Rather than confirming that the cosmos is closed to the actions of the divine advancing scientific knowledge seems to indicate that the nature of the universe is actually open to the unique type of divine activity portrayed in the Bible **Follow the Lamb** Douglas D. Webster,2014-09-16 The Revelation builds conviction inspires worship and encourages patient endurance This is a prison epistle like no other a disciple making tract a manifesto an extraordinary treatise on Christ and culture and a canonical climax We come expecting to learn the ABCs of the end times and the Apostle John gives us the fullness and fury of his Spirit inspired praying imagination Meaning is not found in cleverly devised interpretations but in God s redemptive story The apostle s purpose was to strengthen the people of God against cultural assimilation and spiritual idolatry not to stimulate end times speculation The Revelation is a sustained attack against diluted discipleship with an unrelenting focus on the immediacy of God s presence in the totality of life Nothing escapes the gaze of Christ A Muted Imam Khalid A. Wasi,2015-06-18 One of the markers of globalization is that most Western societies have become diverse and pluralism is the new challenge With Islam and Muslims receiving so much media coverage it begs the question of nativity and the evolution of Islam as it should be interpreted from a Westerner s experience and perspective There are many mosques and communities filled with immigrant Muslims Naturally they have brought along their own culture and religious practices We must contextualize the value of the immigrant experience The book Muted Imam although speaking of events in Bermuda sheds light on what should be an inherent right of expression in every part of the world It speaks of Islam coming out of environments as opposed to being parachuted in This is the story of a man who climbs through isms and ideology to discover truth There are some axiomatic questions posed in the book that may help shed the notion of Islam as a cultural phenomenon while placing man and human consciousness at the center of the universe and the purpose of being The book emphasizes and re emphasizes that attaining truth is the repository of the whole of humanity and it dispels the notion of the Quran belonging to a sect rather than to all of humanity Muted Imam strives to give young people the courage and inspiration needed to stand up with open hearts without fear of tradition to face modern challenges and see the wisdom already imbedded in the Quran This allows us to reach new heights living together in a pluralistic world Proteus George Ferzoco,2020-07-09 Since Ovid the concept of metamorphosis has been an irresistible temptation for writers not only as a metaphor for shifting personal identity but as a way of exploring ideas of cultural and political transition The essays in this volume show how authors from Ovid Chaucer and Shakespeare to Thomas Mann Karen Blixen and 20th century science fiction writers have used this pervasive concept to raise fundamental questions about the nature and agency of radical change Among the broad topics

addressed are how shifts in scientific understanding intersect with and even effect transformations in literary expression the differing values attached to the language of metamorphosis over time and the connection between these values and structures of power particularly gender relations In addition to the editors the contributors are Darko Suvin Alessandro Perutelli Elsa Linguanti Douglas Burnham Enrico Giaccherini Lia Pacinotti Michael St John Rocco Coronato Silvia Bruti Elisabetta Cori Judith Rorai Milanese Catherine Burgass Luca Biagiotti Stefania Magnoni Daniel Weavis Julian North Ashley Chantler Martin Halliwell Patrick Quinn Roberta Ferrari Silvia Bigliazzi and Nicoletta Caputo
