Pagan Mysteries Of Halloween Celebrating The Dark Half Of The Year:

The Pagan Mysteries of Halloween Jean Markale, 2001-08-01 A comprehensive examination of the rituals and philosophies of the Celtic holiday of Samhain the inspiration for Halloween Presents the true meaning of this ancient holiday and shows how contemporary observances still faithfully reflect the rituals of pagan ancestors Explains why this holiday largely confined to the English speaking world since the advent of Christianity has spread throughout the rest of Europe over the last two decades One of humanity s most enduring myths is that the dead on certain nights of the year can leave the Other World and move freely about the land of the living Every year on October 31 when the children of the world parade through the streets dressed as monsters skeletons and witches they reenact a sacred ceremony whose roots extend to the dawn of time By receiving gifts of sweets from strangers the children establish on a symbolic plane that exceeds their understanding a fraternal exchange between the visible world and the invisible world Author Jean Markale meticulously examines the rituals and ceremonies of ancient festivities on this holiday and shows how they still shape the customs of today s celebration During the night of Samhain the Celtic precursor of today s holiday the borders between life and death were no longer regarded as insurmountable barriers Two way traffic was temporarily permitted between this world and the Other World and the wealth and wisdom of the sidhe or fairy folk were available to the intrepid individuals who dared to enter their realm Markale enriches our understanding of how the transition from the light to the dark half of the year was a moment in which time stopped and allowed the participants in the week long festival to attain a level of consciousness not possible in everyday life an experience we honor in our modern celebrations of Halloween [The Noble Art](#) Tiffany Lazic, 2021-10-08 An Alchemical Journey to Harmony and Healing The Noble Art provides spiritual psychological and energetic tools for reclaiming your essence through the stages and seasons of life Each spoke of the Wheel of the Year represents an opportunity for transformation Tiffany Lazic provides meditations inner workings and rituals that invite you to drop into the landscape of your unconscious and restore your light Explore how Hermetic principles can be utilized to reflect your highest potential Engage in powerful rituals for planting seeds of intention and overcoming shame and emotional blocks This book also offers recommendations for stones chakras and affirmations that deepen your healing work and further support the transmutation of shadow into light The Noble Art provides a hands on approach to build your foundation in Hynni Energy Healing which Lazic introduced in her previous book The Great Work Hynni actively weaves Earth cycles into relationship with higher vibrational energies providing an effective tool for healing blocked energy and pain as you make your soul whole again **Celebrating the Seasons of Life: Samhain to Ostara** Ashleen O'Gaea, 2009-04-21 Unique among books about the Wiccan Sabbats Celebrating the Seasons of Life Samhain to Ostara takes a different approach to explaining the holidays by taking an in depth look at half of the Wheel of the Year Rather than dissecting each holiday Ashleen s goal is to take a broader look at them explaining how and why we celebrate each along with how the celebration of one leads to the next The

first of two new titles from Ashleen offers a vision of the holidays we celebrate from October to March This book covers each holiday by first giving us its history and original customs then explaining its place in modern life Stories are shared for each Sabbat to reconnect us with our lore and bring new meaning to current practice Ashleen includes ideas for rituals that are ideal for practicing solitaires covens or Wiccan families with special sections on what children of various ages are ready to learn about these holidays

How Christmas Became Christmas Nathaniel Parry, 2022-11-10 In some respects the contrasts of Christmas are what make it the most delightful time of the year It is a time of generosity kindness and peace on earth with

broad permission to indulge in food drink and gifts On the other hand Christmas has become a battleground for raging culture wars marred by debates about how it should be celebrated and acknowledged as a uniquely Christian holiday This text argues that much of the animosity is based on a fundamental misunderstanding of the holiday s core character By tracing Christmas s origins as a pagan celebration of the winter solstice and its development in Europe s Christianization this history explains that the true reason for the season has as much to do with the earth s movement around the sun as with the birth of Christ Chapters chronicle how Christmas s magic and misrule link to the nativity and why the carnival side of the holiday appears so separated from traditional Christian beliefs The Red-Haired Girl from the Bog Patricia

Monaghan,2010-10-06 When Patricia Monaghan traveled to Ireland seeking her roots what she found was much more than her physical ancestors This is the story of her journey and the legends landmarks and mystical lore she encountered Her poetic stories elucidate the ways that myth reveals the truth of human experience as well as the contradictions that are embodied in women s lives This book is an extensive exploration of goddess mythology in Ireland from Brigit the Celtic goddess of water fire and transformation to the historical figure of Granuëille a pirate queen **Women of the Celts** Jean

Guyonvarc'h,2001-12 Up to now this text has been regarded as merely an elaborate battle of wits between two bards Thanks to the present translation and its accompanying commentary we now can see that this text depicts the examination by a teacher of a druidic candidate Consequently the reader gains valuable insight into the actual nature of druidic science
