denominational press others with a major publishing empire or popular print on demand platforms Storytellers reflect on their literary choices and the contexts of their writing sharing what modern Christians can learn from historical religious fiction

God Hovered Over the Waters William A. dePrater, 2015-03-25 On March 11 2011 from deep within the earth's crust enormous forces drove tectonic plates toward over another In the collision one plate riding over the other displaced massive amounts of water The displaced water began racing toward the Japanese shoreline each mile exponentially increasing in its fury Coming ashore in Japan the tsunami swept aside everything in its path as if they were small toys In sixteenth century Europe there also was a collision of changing environmental technological educational and political forces Like the energy created by colliding tectonic plates in 2011 these surging and chaotic waters emerged from within the depths of human experiences and spiritual yearnings Through the guiding hands of the Holy Spirit these waters swept up the Reformation movement emptying it into theological lakes and streams across Europe Therefore to understand the Reformation movement one needs to comprehend these varied forces that moved it into reality The book

further details the resulting contributions of the Reformation movements within Germany Switzerland the British Isles France and the Netherlands In conclusion the author addresses the lasting legacy of the Reformation for contemporary society and the means for a new congregational and governing body Reformation today [The Case against Christ](#) George G. R. Dekle Sr.,2011-07-12 Some two thousand years ago in a small province of the Roman Empire an obscure Roman governor ordered the execution of a peasant leader It went virtually unnoticed at the time No official report of the event has survived and we would have no memory at all of it except for the efforts of a handful of followers of the condemned man Those followers who kept that memory alive changed the course of history and the results of their efforts continue to reverberate to this day Conventional interpretation says that the execution of Jesus of Nazareth came on the heels of a series of illegal trials before a number of different tribunals and at the culmination of that series of trials a moral coward by the name of Pontius Pilate ordered Jesus execution despite being satisfied that he was innocent Revisionist interpretation says that there was no trial at all that Pilate simply executed Jesus because he was a nuisance and that Jesus followers invented the story of his execution as a means of shifting the blame from the Roman government to a group of people whom they despised the Jews Are the Gospels good history or bad propaganda Does a fair reading of the Gospel accounts support either the conventional or the revisionist interpretation of the trial of Jesus Who if anyone should shoulder the blame for the crucifixion of Jesus The Case against Christ seeks to answer these questions by treating the matter as a forensic death investigation and answering the questions as they might be answered by a prosecutor attempting to determine who should be held criminally responsible for the death of Jesus *Why You Think the Way You Do* Glenn S. Sunshine,2009-08-30 How do we come by our worldviews and philosophies What impact did Christianity have on the worldviews that are common to Western civilization *Why You Think the Way You Do* traces the development of the worldviews that underpin the Western world Professor and historian Glenn S Sunshine demonstrates the decisive impact that the growth of Christianity had in transforming the outlook of pagan Roman culture into one that based on biblical concepts of humanity and its relationship with God established virtually all the positive aspects of Western civilization The two pronged assault in our time on the biblically based worldview by postmodern philosophy and the writings of neo atheists has made it even more crucial that we acknowledge and defend its historical roots This authoritative accessible survey discusses Western worldviews as a continuous narrative rather than as simply a catalogue of ideas *Why You Think the Way You Do* Traces the effects that changes in worldview had on society Helps you understand your own worldview and those of other people Helps you recognize the ways that your worldview philosophies beliefs and presuppositions affect the way you think about everything **Luther and his Times** Michael Grzonka,2016-09-05 When Martin Luther nailed his Ninety five Theses on the door of the Castle Church in 1517 the hammering in Wittenberg was heard across Europe As we commemorate this event five hundred years later the echos are still reverberating throughout Western civilization This brief backgrounder explains for Lutherans and non Lutherans why

the Protestant reformation happened what it meant at the time and why it still remains relevant today half a millennium later The book focuses on the historic roots and context of the Reformations in Germany and England as well as the key spiritual concepts behind them Over 300 footnotes serve as pointers to original sources many available online and for free A kick starter for your own Reformation research For more information visit us at www.LutherBibleStudies.com

Tyndale David Teems,2012-01-02 It was an outlawed book a text so dangerous it could only be countered by the most vicious burnings of books and men and women But what book could incite such violence and bloodshed The year is 1526 It is the age of Henry VIII and his tragic Anne Boleyn of Martin Luther and Thomas More The times are treacherous The Catholic Church controls almost every aspect of English life including access to the very Word of God And the church will do anything to keep it that way Enter William Tyndale the gifted courageous heretic who dared translate the Word of God into English He worked in secret in exile in peril always on the move Neither England nor the English language would ever be the same again With thoughtful clarity and a reverence that comes through on every page David Teems shares a story of intrigue and atrocity betrayal and perseverance This is how the Reformation officially reached English shores and what it cost the men who brought it there Praise for David Teems previous work *Majestie* Teems pulls together the story of this enigmatic king James with humor and pathos A delightful read in every way PUBLISHERS WEEKLY
