

Religion And Revolution In France 1780 1804

Sarah Crabtree

Religion And Revolution In France 1780 1804:

Religion and Revolution in France, 1780-1804 Nigel Aston, 2000 In this masterly study based on the latest evidence Nigel Aston sheds new light on a dynamic period in European history and its impact on the next 200 years of religious life in Religion and Revolution in France, 1780-1804 Nigel Aston, 2000 While the French Revolution has been much France discussed and studied its impact on religious life in France is rather neglected Yet during this brief period religion underwent great changes that affected everyone clergy and laypeople men and women Catholics Protestants and Jews The Reigns of Terror of the Revolution drove the Church underground permanently altering the relationship between Church and State In this book Nigel Aston offers a readable guide to these tumultuous events While the structures and beliefs of the Catholic Church are central it does not neglect minority groups like Protestants and Jews Among other features the book discusses the Constitutional Church the end of state support for Catholicism the Dechristianization campaign and the Concordat of 1801 2 Key themes discussed include the capacity of all the Churches for survival and adaptation the role of religion in determining political allegiances during the Revolution and the turbulence of Church State relations In this masterly study based on the latest evidence Aston sheds new light on a dynamic period in European history and its impact on the next 200 years of religious life in France France 1715-1804 Gwynne Lewis, 2018-12-14 Gwynne Lewis history opens with a full analysis of all the components of traditional France including political and religious structures the seigneurial system the bourgeoisie and the poor Part two examines the meaning and challenge of the Enlightenment with particular reference to women and the mass of the poor Part three concentrates upon the relationship between the shift to laissez faire economics popular revolts and government repression providing the essential background to the Revolutionary decade of the 1790s The Revolution witnessed the rise of a politicised Popular Movement that achieved briefly a measure of popular democracy War and counter revolution blocked the move towards real democracy strengthened the authority of the centralised state and enhanced the credibility of bourgeois political and economic power One of the main contentions of this work is that the failure of both monarchical and Revolutionary regimes to deal with the massive social problem of poverty played a far larger part in explaining the collapse of the Bourbons in 1789 and the failure of democracy during the 1790s than most historians have allowed Likewise the importance of religion in directing the momentous events of this period has also been under estimated The French Revolution Noah Shusterman, 2020-10-01 Now in its second edition The French Revolution Faith Desire and Politics has been updated to include a discussion about how the actions by soldiers and citizen soldiers shaped the course of the Revolution as well as the daily lives and concerns of everyday French people Throughout the study Shusterman highlights the crucial role that religion and sexuality played in determining the shape of the Revolution and examines key themes such as the impact of the crown s war debts on the fall of the Old Regime the organization of citizen militias in 1789 and their eventual transformation into France's National Guard This edition has been revised to include a fresh analysis of

classic nineteenth century accounts of the Revolution including those by Jules Michelet Jean Jaur's and Edgar Quinet It also explores the lives of the people who lived through the French Revolution and uncovers the messages about gender sex religion and faith which surrounded them concerns which did not exist outside of the events of the Revolution With a brief chronology of the Revolution and a guide to further reading this book is an invaluable resource for students of the French Revolution women and gender and the history of Catholicism The Oxford Handbook of the French Revolution David Andress, 2015 The Oxford Handbook of the French Revolution brings together a sweeping range of expert and innovative contributions to offer engaging and thought provoking insights into the history and historiography of this epochal event Each chapter presents the foremost summations of academic thinking on key topics along with stimulating and provocative interpretations and suggestions for future research directions Placing core dimensions of the history of the French Revolution in their transnational and global contexts the contributors demonstrate that revolutionary times demand close analysis of sometimes tiny groups of key political actors whether the king and his ministers or the besieged leaders of the Jacobin republic and attention to the deeply local politics of both rural and urban populations Identities of class gender and ethnicity are interrogated but so too are conceptions and practices linked to citizenship community order security and freedom each in their way just as central to revolutionary experiences and equally amenable to critical analysis and reflection This Handbook covers the structural and political contexts that build up to give new views on the classic question of the origins of revolution the different dimensions of personal and social experience that illuminate the political moment of 1789 itself the goals and dilemmas of the period of constitutional monarchy the processes of destabilisation and ongoing conflict that ended that experiment the key issues surrounding the emergence and experience of terror and the short and long term legacies for both good and ill of the revolutionary trauma for France and for global politics The French Revolution and Religion in Global Perspective Bryan A. Banks, Erica Johnson, 2017-09-18 This volume examines the French Revolution s relationship with and impact on religious communities and religion in a transnational perspective It challenges the traditional secular narrative of the French Revolution exploring religious experience and representation during the Revolution as well as the religious legacies that spanned from the eighteenth century to the present Contributors explore the myriad ways that individuals communities and nation states reshaped religion in France Europe the Atlantic Ocean and around the world

France, 1800-1914 Roger Magraw, 2014-07-22 Nineteenth century France was a society of apparent paradoxes It is famous for periodic and bloody revolutionary upheavals for class conflict and for religious disputes yet it was marked by relative demographic stability gradual urbanisation and modest economic change class conflict and ongoing religious and cultural tensions Incorporating much recent research Roger Magraw draws both upon still valuable insights derived from the new social history of the 1960s and upon more recent approaches suggested by gender history cultural anthropology and the linguistic turn

The Perilous Crown Munro Price, 2010-12-10 Was it inevitable that France should become a republic In

this fascinating account of the period 1814 48 Munro Price attempts to answer this most difficult of questions Using substantial unpublished research as he did in his celebrated The Fall of the French Monarchy Price focuses on the amazing political machinations of Madame Adelaide sister of King Louis Philippe Though only mentioned rarely in other histories of the time The French Revolutions shows how her intelligence and behind the scenes wrangling secured her brother the throne thereby creating France's only long lasting experiment with a constitutional monarchy Munro Price vividly brings the period alive with all its instability and political intrigue while at the same time illuminating our understanding of a difficult and tumultuous time The French Revolutions is an ambitious exciting and masterful work of history that is sure to delight and inform for many years to come Encyclopedia of the Age of Political Revolutions and New Ideologies, 1760-1815 Gregory Fremont-Barnes, 2007-09-30 By giving rise to new ideologies that in time transformed the political structure of much of the world the American and French Revolutions stand as two of the most important political events in global history The American establishment of a Republican government and the gradual expansion of democracy that ensued altered traditional political and social thought thus shaping the later French Revolution and creating the core ethic of later American political values The Enlightenment ideals of the French Revolution as later spread by the armies of Napoleon dissolved most traditional European notions of political authority This encyclopedia offers current detailed information on the people events movements and ideas that defined the revolutions in France and America as well as in other parts of the world during the late eighteenth century Age of Revolutions Besides numerous entries on various countries of Europe whose histories were affected by the French Revolution such as Austria Belgium Germany Poland and Russia the many entries covering the people events groups and ideologies of Revolutionary and Napoleonic France include the following Civil Constitution of the Clergy Georges Jacques Danton The Directory Guillotine Josephine Empress of France Law of Suspects The Mountain Prairial Insurrection Tennis Court Oath White Terror Besides various entries covering American colonies states such as Maryland New Jersey North Carolina and Virginia the numerous entries covering the figures events and ideologies of the American Revolution and Early Federal Period of the United States include the following Abigail Adams Boston Massacre Constitutional Convention William Franklin Lexington and Concord Actions at Loyalists Massachusetts Government Act Edmund Randolph Signers of the Declaration of Independence Finally the encyclopedia offers various entries covering important revolutionary figures and movements that were active in other parts of the world during the period 1760 1815 including the following Simon Bolivar Dutch Revolutions Haitian Revolution Hispaniola Latin American Revolutions Mexican Revolution Pugachev Rebellion Toussaint l Ouverture Besides over 450 clearly written and highly informative entries the encyclopedia also includes primary documents a chronology an extensive introductory essay a bibliography a guide to related topics and a A Concise History of the French Revolution Sylvia Neely, 2008 This concise introduction to the series of useful maps French Revolution explains the origins development and eventual decline of a movement that defines France to this day

Through an accessible chronological narrative Sylvia Neely explains the complex events conflicting groups and rapid changes that characterized this critical period in French History She traces the fundamental transformations in government and society that forced the French to come up with new ways of thinking about their place in the world and led to liberalism conservatism terrorism and modern nationalism All readers interested in France and revolutionary history will find this a **Liberty or Death** Peter McPhee, 2016-05-28 A strinking account of the impact of the rewarding read BOOK JACKET French Revolution in Paris across the French countryside and around the globe The French Revolution has fascinated perplexed and inspired for more than two centuries It was a seismic event that radically transformed France and launched shock waves across the world In this provocative new history Peter McPhee draws on a lifetime s study of eighteenth century France and Europe to create an entirely fresh account of the world's first great modern revolution its origins drama complexity and significance Was the Revolution a major turning point in French even world history or was it instead a protracted period of violent upheaval and warfare that wrecked millions of lives McPhee evaluates the Revolution within a genuinely global context Europe the Atlantic region and even farther He acknowledges the key revolutionary events that unfolded in Paris yet also uncovers the varying experiences of French citizens outside the gates of the city the provincial men and women whose daily lives were altered or not by developments in the capital Enhanced with evocative stories of those who struggled to cope in unpredictable times McPhee's deeply researched book investigates the changing personal social and cultural world of the eighteenth century His startling conclusions redefine and illuminate both the experience and the legacy of France's transformative age of revolution McPhee skillfully and with consummate clarity recounts one of the most complex events in modern history This extraordinary work is destined to be the standard account of the French Revolution for years to come Publishers Weekly starred review Louis XVI and the French Revolution, 1789-1792 Ambrogio A. Caiani, 2012-09-20 The experience and failure of Louis XVI s short lived constitutional monarchy of 1789 92 deeply influenced the politics and course of the French Revolution The dramatic breakdown of the political settlement of 1789 steered the French state into the decidedly stormy waters of political terror and warfare on an almost global scale This book explores how the symbolic and political practices which underpinned traditional Bourbon kingship ultimately succumbed to the radical challenge posed by the Revolution s new proto republican culture While most previous studies have focused on Louis XVI s real and imagined foreign counterrevolutionary plots Ambrogio A Caiani examines the king s hitherto neglected domestic activities in Paris Drawing on previously unexplored archival source material Caiani provides an alternative reading of Louis XVI in this period arguing that the monarch s symbolic behaviour and the organisation of his daily activities and personal household were essential factors in the people's increasing alienation from the newly established constitutional monarchy

A New World Begins Jeremy Popkin, 2019-12-10 From an award winning historian a vivid Wall Street Journal account of the revolution that created the modern world The French Revolution s principles of liberty and equality still shape our ideas

of a just society even if after more than two hundred years their meaning is more contested than ever before In A New World Begins Jeremy D Popkin offers a riveting account of the revolution that puts the reader in the thick of the debates and the violence that led to the overthrow of the monarchy and the establishment of a new society We meet Mirabeau Robespierre and Danton in all their brilliance and vengefulness we witness the failed escape and execution of Louis XVI we see women demanding equal rights and Black slaves wresting freedom from revolutionaries who hesitated to act on their own principles and we follow the rise of Napoleon out of the ashes of the Reign of Terror Based on decades of scholarship A New World Begins will stand as the definitive treatment of the French Revolution Holy Nation Sarah Crabtree, 2015-07-13 How Early American Quakers transcended the idea of the nation state during the turbulent Age of Revolution Provocative important Highly recommended Choice Early American Quakers have long been perceived as retiring separatists but in Holy Nation Sarah Crabtree transforms our historical understanding of the sect by drawing on the sermons diaries and correspondence of Quakers themselves Situating Quakerism within the larger intellectual and religious undercurrents of the Atlantic world Crabtree shows how Quakers forged a paradoxical sense of their place in the world as militant warriors fighting for peace She argues that during the turbulent Age of Revolution and Reaction the Religious Society of Friends forged a holy nation a transnational community of like minded believers committed first and foremost to divine law and to one another Declaring themselves citizens of their own nation served to underscore the decidedly unholy nature of the nation state worldly governments and profane laws As a result campaigns of persecution against the Friends escalated as those in power moved to declare Quakers aliens and traitors to their home countries Holy Nation convincingly shows that ideals and actions were inseparable for the Society of Friends yielding an account of Quakerism that is simultaneously a history of the faith and its adherents and a history of its confrontations with the wider world Ultimately Crabtree says the conflicts between obligations of church and state that Quakers faced can illuminate similar contemporary struggles A significant and highly important contribution to the scholarship on the intersection of religion and nationalism during these critical decades carefully researched and elegantly written Kirsten Fischer University of Minnesota *The ^ACatholic Enlightenment Ulrich L.* Lehner, 2016-01-06 The most cherished values of modernity are unthinkable without the eighteenth century Enlightenment Equal rights the end of discrimination the growth of democracy and the idea of perpetual progress stem from thinkers who lived two hundred and fifty years ago but whose ideas are as attractive as ever Ulrich Lehner argues that while Catholic beliefs are commonly assumed to be at odds with modernity most of the progressive reforms associated with the Enlightenment actually began to take shape during the Catholic counter Reformation two centuries earlier and were staunchly defended by enlightened Catholics during the eighteenth century This is the forgotten story of an open minded Catholicism which was later snuffed out and reemerged after Vatican II Cerf Berr of Médelsheim 1726-1793 Margaret R. O'Leary, MD,2014-07-31 On December 7 1793 an old man lay motionless at last surrounded by his family rabbis

and members of the society who would prepare his body for Jewish burial Sixteen days after he was sentenced to jail his family would go to extraordinary efforts to bury him in a Jewish cemetery ordered destroyed by the French government just two weeks earlier The old man was Cerf Berr of Mdelsheim the tenacious eighteenth century Ashkenazi emancipator of the French Jews Margaret R OLeary MD presents Cerf Berrs life story recognizing his profound contributions to the liberation of the Jews of France While chronicling his incredible journey OLeary not only highlights Cerf Berrs scrupulous honesty and reliability that earned him the deep appreciation of the French Crown but also details how he besieged authorities in both Strasbourg and Versailles to grant political social and economic equality for all of his coreligionists in France Cerf Berr achieved that milestone on September 27 1791 only to die two years later after imprisonment by sadistic French revolutionaries Cerf Berr of Mdelsheim is the biography of a man who was faithful to his people sought the good for the community and cherished justiceall while making a momentous contribution to the history of France and the Jews A New **Dictionary of the French Revolution** Richard Ballard, 2011-10-14 The French Revolution was a huge brutal yet inspiring phenomenon that changed global political thinking and action and its echoes resound even in the twenty first century It was an intensely complex mix of events concepts and individuals and A New Dictionary is an invaluable aid to unravelling its complications and an essential companion for students and general readers alike There are some 400 entries covering the main events personalities parties ideologies political ideas philosophers writers artists rebellions and wars as well as touching on colonial and international developments the interaction of church and state science law reform events in the provinces and overseas territories and the reverberations in other European states The Dictionary provides a full and vibrant history from the outbreak of revolution in 1789 to the Terror the Revolutionary state its wars and the rise of Napoleon Entries contain much more than just bare factual information they provide a detailed commentary and include suggestions for further reading both in print and online which refer to the extensive literature of over 200 years of scholarship and recent historiography Cross referencing is extensive and the index points to information about minor but important subjects which do no receive entries of their own **Women in France Since 1789** Susan Foley, 2017-03-14 This compelling study traces the changes in women s lives in France from 1789 to the present Susan K Foley surveys the patterns of women s experiences in the socially segregated society of the early nineteenth century and then traces the evolution of their lifestyles to the turn of the twenty first century when many of the earlier social distinctions had disappeared Focusing on women s contested place within the political nation Women in France since 1789 examines The on going strength of notions of sexual difference Recurrent debates over gender The anxiety created by women s perceived departure from ideals of womanhood Major controversies over matters such as reproductive rights significant cultural changes and women s often under estimated political roles By addressing and exploring these key issues Foley demonstrates women s efforts over two centuries to create a place in society on their own terms Constructing Yugoslavia Vesna Drapac, 2010-01-27 Vesna Drapac provides an

insightful survey of the changing nature of the Yugoslav ideal demonstrating why Yugoslavism was championed at different times and by whom and how it was constructed in the minds of outside observers Covering the period from the 1850s to the death of Tito in 1980 Drapac situates Yugoslavia in the broader international context and examines its history within the more familiar story of Europe in the nineteenth and twentieth centuries This approachable study also explores key themes and debates including The place of the nation state within the worldview of nineteenth century intellectuals The memory of war and commemorative practices in the interwar years Resistance and collaboration The nature of dictatorships Gender and citizenship Yuqoslavia's role from the perspective of the Superpowers Drawing on a wide range of sources in order to recreate the atmosphere of the period Constructing Yugoslavia traces the formation of popular perceptions of Yugoslavia and their impact on policy toward Yugoslavs It is essential reading for anyone with an interest in the history of this fascinating nation and its ultimate demise **Liberty and Locality in Revolutionary France** Peter Jones, 2003-03-06 This book examines the interface between the old and the new France in the period 1760 1820 It adopts an unusual comparative micro historical approach in order to illuminate the manner in which country dwellers cut themselves loose from the congeries of local societies that made up the Ancien R gime and attached themselves to the wider polity of the Revolutionary and Napoleonic state The apprehensions and ambitions of six groups of villagers located in different parts of the kingdom are explored in close up across the span of a single adult lifetime Contrasting experiences form a large part of the analysis but the story is ultimately one of fusion around a set of values that no individual villager could possibly have anticipated whether in 1750 or 1789 The book is at once an institutional a social and a political history of life in the village in an epoch of momentous change
