The Courage of Our Confusions Deane W. Ferm, 2004-08-04 It was once said of Ben Franklin that in the final decade of his life he had reached the age when life slopes to an end So here I am in my 8th decade sliding down that slippery slope It has been a great ride During my life as an author of 8 books I have written about other people and what they believed A Christian Century reviewer of my Contemporary American Theologies A Critical Survey gave his assessment Ferm's greatest asset is his uncanny ability to synthesize these diverse theologies into a larger conceptual whole A landmark of clarity This is what I have tried my best to do Here however as I slide down the slippery slope I express my own views which never seem to settle down but keep changing with the challenge of new experiences My lifetime mentor has been America's greatest philosopher William James whose writings have taught me to be aware of the varieties of religious experience and the right to believe about the things that matter the most In this book I confront such important issues as the meaning of religion faith and doubt the elusive inner self God Jesus the bible the church the life to come and I end with a challenge to senior citizens to get on with their unfinished doubts and lives My deepest conviction is that the more I know the less I know that life continues to be a bewildering Mystery I will continue investigating the central claims of religion while discarding the old myths with new realities Let us make these claims our religious act The greatest risk is not taking one Let us always have the courage of our confusions Deane William Ferm

Healing Emotional Wounds David G. Benner,2016-07-20 Though emotional pain constitutes an inevitable part of life not only can it be healed it can be the soil out of which we grow into greater wholeness and wellbeing This book arose not simply out of the

author's work with others but out of lessons learned as he worked his way to healing and forgiveness associated with his own emotional wounds as well. In helpful practical language that is filled with real life examples *Healing Emotional Wounds* examines the inner course of events that predictably follows experiences of emotional wounding. This includes a discussion of the ways in which we attempt to cope with hurt focusing on common but counterproductive coping strategies that actually impede healing. It then examines in detail the emotional, intellectual and volitional tasks that are involved in healing emotional wounds each presenting concrete steps that we can take to help ourselves and others experience healing and gain freedom from bondage to our wounds. Such freedom does not involve escape from unpleasant experiences or difficult circumstances but release from their tyrannizing inner consequences. This also provides the possibility of living a more fulfilling and significant life because of these experiences. *The Christian Century*, 1919 *International Journal of Religious Education*, 1939

Stirring Waters Bart L. Brenner, Wayne E. Purinton, 2019-08-29 In *Stirring Waters* Brenner and Purinton tackle a host of questions surrounding the traditional understandings of Christian beliefs and present a variety of perspectives on the key topics of Bible, God, Yeshua, spirit and more. They go beyond the why to asking so what. Through questions and discussion starters *Stirring Waters* offers a fresh way of making sense of faith and church. It wrestles with the ambiguities, uncertainties and risks of this age and discusses the possibilities the authors have discovered for making sense of life and death. It delves into a conversation about faith and understanding of those mysteries Christians often associate with God and the religious life. I can't tell you what kind of book this is: theology, spiritual autobiography, memoir, practical guide. It is all of these and none of these. Probably it is a category that has not been invented until this moment. I can tell you that this book did for me today what Marcus Borg and Dom Crosson did for me at the end of the last century. From the Preface by Dr. David R. Sawyer *Harvard Divinity Bulletin*, 1959

Coming to God William F. Kraft, 2015-04-15 Most academic and therapeutic programs do not include spirituality and God as essential components of health and treatment. Dr. William Kraft gives God a principal place in the house of psychology. He shows how and why God experiences are paramount in helping us live a healthy and happy life. He describes and analyzes what are healthy and unhealthy experiences of God and how activities including religion can help and hinder our coming to God. In short, this book is about how and why we come or do not come to God and what difference it makes. *Sermons on the First Readings: Cycle A* John T. Ball, Bill Mosley, James L.
