## **Religion From Tolstoy To Camus:**

Religion from Tolstoy to Camus Walter Kaufmann, Religion From Tolstoy to Camus (Classic Reprint) Walter Kaufmann, 2016-10-18 Excerpt from Religion From Tolstoy to Camus It is widely recognized that one can discuss religious ideas in connection with works of literature but exceedingly few poets and novelists have been movers and shakers of religion Leo Tolstoy who was just that has not been given the attention he deserves from students of religion With all due respect to twentieth century poets and novelists who are more fashionable it is doubtful that any of their works have the stature of Tolstoy's Resurrection This novel does not merely illustrate ideas one might like to discuss anyway but aims rather to revise our thinking about morals and religion To say that Tolstoy was a very great writer or even that his stature surpassed that of any twentieth century theologian may be very safe and trite But a much bolder claim is worth considering perhaps he is more important for the history of religion during the century covered in this volume than any theologian perhaps he has contributed more of real importance and originality and issues a greater challenge to us That is why his name appears in the title of this book and why he has been given more space than anyone else About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state-of-the-art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Religion from Tolstoy to Camus Walter Kaufmann, 2017 Walter Kaufmann devoted his life to exploring the religious implications of literary and philosophical texts Deeply skeptical about the human and moral benefits of modern secularism he also criticized the quest for certainty pursued through dogma Kaufmann saw a risk of loss of authenticity in what he described as unjustified retreats into the past This is a compilation of significant texts on religious thought that he selected and introduced Provided by publisher Religion from Tolstoy to Camus Walter Arnold Kaufmann, 1964 **Religion from**

**Tolstoy to Camus** Walter Arnold Kaufmann, 1964 *Religion from Tolstoy to Camus* Walter Arnold Kaufmann, 1964

Religion from Tolstoy to Camus Jerrold Orne, 1964 *Religion from Tolstoy to Camus, selected, with an introduction* Walter Arnold Kaufmann, The Faith of a Heretic Walter A. Kaufmann, 2015-06-09 Originally published in 1959 The Faith of a Heretic is the most personal statement of the beliefs of Nietzsche biographer and translator Walter Kaufmann A first-rate philosopher in his own right Kaufmann here provides the fullest account of his views on religion Although he considered himself a heretic he was not immune to the wellsprings and impulses from which religion originates declaring it among the most vital and radical expressions of the human mind Beginning with an autobiographical prologue that traces his evolution from religious believer to heretic the book touches on theology organized religion morality suffering and death all examined

from the perspective of a quest for honesty Kaufmann also subjects philosophy's faith in truth reason and absolute morality to the same heretical treatment The resulting exploration of the faiths of a nonbeliever in a secular age is as fresh and challenging as when it was first published In a new foreword Stanley Corngold vividly describes the intellectual and biographical milieu of Kaufmann's provocative book **Religion in World History** John C. Super, Briane K. Turley, 2006-08-21 In *Religion and World History* distinguished authors John C. Super and Briane K. Turley examine the value of religion for interpreting the human experience in the past and present They explore the elements of religion which best connect it to the cultural and political dynamics that have influenced history Working within this framework Super and Turley present three unifying themes the relationship between formal and informal religious beliefs how these change through time and how they are reflected in different cultures the relationship between church and state from theocracies to the repression of religion the ongoing search for spiritual certainty and the consequent splintering of core religious beliefs and the development of new ones One of the few recent books to examine religion's role in geopolitical affairs its unique approach enables the reader to grasp the many and complex ways in which religion acts upon and reacts to broader global processes **Coming Back to the Absurd: Albert Camus's The Myth of Sisyphus: 80 Years On** Peter Francev, Maciej Kałuza, 2022-12-05 This collection of essays from some of the world's leading Camus scholars is a celebration of the enduring significance and impact of Albert Camus's first philosophical essay *The Myth of Sisyphus* *Coming Back to the Absurd* examines Camus's unique contribution to philosophy through *The Myth* since its publication The essays within are intended to engage students and scholars of existentialism phenomenology and the history of philosophy as well as those simply seeking greater understanding of one of the most influential philosophers and philosophical constructs of the twentieth century In revisiting *The Myth* the authors hope to inspire a new generation of Camus scholars **Religion as a Human Capacity** Timothy Light, Brian C. Wilson, 2018-08-14 Prepared in honor of E. Thomas Lawson the essays in *Religion as a Human Capacity* represent diverse points of view in the study of religion today Part I Theoretical Studies offers a broad range of cognitivist theoretical explorations while Part II Studies in Religious Behavior presents cutting edge applications of cognitive and other contemporary theories to religious data This volume celebrates Lawson's critical contributions to cognitive studies of religion and the degree to which his ultimate goal of scholarship as a search for truth is matched by those who have been his colleagues and been influenced by him *Religion as a Human Capacity* will be of interest to all those concerned with theory and method in the academic study of religion **Walter Kaufmann** Stanley Corngold, 2018-12-11 The first complete account of the ideas and writings of a major figure in twentieth century intellectual life Walter Kaufmann 1921-1980 was a charismatic philosopher critic translator and poet who fled Nazi Germany at the age of eighteen emigrating alone to the United States He was astonishingly prolific until his untimely death at age fifty nine writing some dozen major books all marked by breathtaking erudition and a provocative essayistic style He single handedly rehabilitated Nietzsche's reputation

after World War II and was enormously influential in introducing postwar American readers to existentialism. Until now no book has examined his intellectual legacy. Stanley Corngold provides the first in depth study of Kaufmann's thought covering all his major works. He shows how Kaufmann speaks to many issues that concern us today such as the good of philosophy, the effects of religion, the persistence of tragedy and the crisis of the humanities in an age of technology. Few scholars in modern times can match Kaufmann's range of interests from philosophy and literature to intellectual history and comparative religion, from psychology and photography to art and architecture. Corngold provides a heartfelt portrait of a man who to an extraordinary extent transfigured his personal experience in the pages of his books. This original study both appreciative and critical is the definitive intellectual life of one of the twentieth century's most engaging yet neglected thinkers. It will introduce Kaufmann to a new generation of readers and serves as a fitting tribute to a scholar's incomparable *libido sciendi* or lust for knowledge.

*Tolerance and the Ethical Life* Andrew Fiala, 2005-05-12 In a fresh and exciting way this new book shows how tolerance connects with the practice of philosophy. Andrew Fiala examines the virtue of tolerance as it appears in several historical contexts: Socratic philosophy, Stoic philosophy, Pragmatism and Existentialism. The lesson derived is that tolerance is a virtue for what Fiala calls tragic communities. Such communities are developed when we come together across our differences but they lack the robust sense of connection that we often seek with others, the complete sort of happiness that is offered by a more utopian ideal of community. But rather than viewing this conclusion as a failure, Fiala maintains that tragic communities are the best communities possible for human beings who are aware of their own individuality and finitude. Indeed they are typical of the sorts of communities created by philosophers engaged in dialogue with others. *Tolerance and the Ethical Life* will strongly appeal to specialists and upper level students in Ethics and Political Philosophy both for its unique historical exploration of tolerance and its application of those results to present day moral theory.

**Fictions of Certitude** John S. Haller, 2020-03-24 The search for belief and meaning among nineteenth century intellectuals. The nineteenth century's explosion of scientific theories and new technologies undermined many deep seated beliefs that had long formed the basis of Western society, making it impossible for many to retain the unconditional faith of their forebears. A myriad of discoveries including Faraday's electromagnetic induction, Joule's law of conservation of energy, Pasteur's germ theory, Darwin's and Wallace's theories of evolution by natural selection and Planck's work on quantum theory shattered conventional understandings of the world that had been dictated by traditional religious teachings and philosophical systems for centuries. *Fictions of Certitude: Science, Faith and the Search for Meaning, 1840-1920* investigates the *fin de siècle* search for truth and meaning in a world that had been radically transformed. John S. Haller Jr. examines the moral and philosophical journeys of nine European and American intellectuals who sought deeper understanding amid such paradigmatic upheaval. Auguste Comte, John Henry Newman, Herbert Spencer, Alfred Russel Wallace, Thomas Henry Huxley, John Fiske, William James, Lester Frank Ward and Paul Carus all belonged to an age in which one world was passing while another world that was both

astounding and threatening was rising to take its place For Haller what makes the work of these nine thinkers worthy of examination is how they strove in different ways to find certitude and belief in the face of an epochal sea change Some found ways to reconceptualize a world in which God and nature coexist For others the challenge was to discern meaning in a world in which no higher power or purpose can be found As explained by D H Meyer The later Victorians were perhaps the last generation among English speaking intellectuals able to believe that man was capable of understanding his universe just as they were the first generation collectively to suspect that he never would     *Susan Sontag* Leland Poague, Kathy A.

Parsons, 2021-12-12 *Susan Sontag An Annotated Bibliography* catalogues the works of one of America s most prolific and important 20th century authors Known for her philosophical writings on American culture topics left untouched by Sontag s writings are few and far between This volume is an exhaustive collection that includes her novels essays reviews films and interviews Each entry is accompanied by an annotated bibliography     **Writers Directory** NA NA, 2016-03-05     *The Gospel of Matthew and Its Readers* Howard W. Clarke, 2003-08-07 *The Gospel of Matthew and Its Readers* is a biblical commentary with a difference Howard Clarke first establishes contemporary scholarship s mainstream view of Matthew s Gospel and then presents a sampling of the ways this text has been read understood and applied through two millennia By referring forward to Matthew s readers rather than back to the text s composers the book exploits the tensions between what contemporary scholars understand to be the intent of the author of Matthew and the quite different indeed often eccentric and bizarre ways this text has been understood assimilated and applied over the years The commentary is a testament to the ambiguities and elasticity of the text and a cogent reminder that interpretations are not fixed nor texts immutably relevant And unlike other commentaries this one gives space to those who have questioned rejected or even ridiculed Matthew s messages since Bible bashing like Bible thumping is a historically significant part of the experience of reading the Bible

**Union with Christ** Rankin Wilbourne, 2016-07-01 Winner of the 2017 Christian Book Award for New Author Named one of the top books of 2016 by John Piper s Desiring God ministry To experience why the gospel is good news and answer life s most foundational questions about identity destiny and purpose we must understand what it means to be united to Christ If you are a Christian the Bible says that Christ has united his life to yours that you are now in Christ and Christ is in you This almost unfathomable truth is the central theme of the Bible from Genesis to Revelation Yet few Christians today experience or enjoy this reality Union with Christ reveals the transformational power of this ancient doctrine while addressing the basic questions of the human heart Who Am I Why Am I Here Where Am I Headed How Will I Get There Nothing is more practical for living the Christian life than union with Christ The recovery of this reality provides the anchor and engine for your life with God for your destiny is not only to see Christ but to actually become like him     *Future of the Humanities* James Hughes, Walter Kaufmann, 2017-07-05 This book locates the humanities in six general fields of study religion and philosophy art and music and literature and history It offers suggestions for interdisciplinary work around topics such as punishment

and death and dying

### Religion From Tolstoy To Camus Introduction

In today's digital age, the availability of Religion From Tolstoy To Camus books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Religion From Tolstoy To Camus books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Religion From Tolstoy To Camus books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Religion From Tolstoy To Camus versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Religion From Tolstoy To Camus books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Religion From Tolstoy To Camus books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Religion From Tolstoy To Camus books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Religion From Tolstoy To Camus books

and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Religion From Tolstoy To Camus books and manuals for download and embark on your journey of knowledge?

### **FAQs About Religion From Tolstoy To Camus Books**

1. Where can I buy Religion From Tolstoy To Camus books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Religion From Tolstoy To Camus book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.).
