## Religion Of Art:

*Religion as Art* Thomas R. Martland, 1981-01-01 Religion in its most authentic part is an art form Religion does what art does This idea is richly illustrated and supported by materials of diverse origin The vast range of the author's experience in the arts and in religious texts and works of aesthetics allows him to lay hold of a great mass of disparate material and to bring out new dimensions in all of it He always has just the example he needs at his fingertips a Tibetan Buddhist text next to a French impressionist painting and a remark about early Banogu counterpoint and each example is seen in a new and interesting way Through this gentle yoking together of heterogeneous materials common roots are discovered Most studies of art and religion describe and explain them as data Thomas Martland identifies them as expressions of ideals and asks what they are when they are authentic rather than merely what they are when they are self identified as art and religion This is an identification through assessment not an Aristotelian classification and the means of assessment are provided *Religion and the Arts: History and Method* Diane Apostolos-Cappadona, 2017-11-06 In *Religion and the Arts History and Method* Diane Apostolos Cappadona presents an overview of the 19th century origins of this discrete field of study and its methodological journey to the present day through issues of repatriation museum exhibitions and globalization Apostolos Cappadona suggests that the fluidity and flexibility of the study of religion and the arts has expanded like an umbrella since the 1970s and the understanding that art was simply a visual exegesis of texts to now support the study of material popular and visual culture as well as gender She also delivers a careful analysis of the evolution of thought from traditional iconographies to the transformations once scholars were influenced by response theory and challenged by globalization and technology Religion and the Arts History and Method offers an indispensable introduction to the questions and perspectives essential to the study of this field **Art, Creativity, and the Sacred** Diane Apostolos-Cappadona, 1984 Contributors include Doug and Linda Altshuler Mircea Eliade Langdon Gilkey Barbara Novak and many others A seminal work widely adopted Religious Studies Review **On the Strange Place of Religion in Contemporary Art** James Elkins, 2004-12-15 Can contemporary art say anything about spirituality Answering this question and more On the Strange Place of Religion in Contemporary Art explores the curious disconnection between spirituality and current art Art and Religion in Africa Rosalind Hackett, 1998-10-01 Africa's religious and artistic traditions constitute a primary example of its intellectual and cultural vitality Artistic works play a vital role especially where oral traditions dominate in communicating ideas about the relationship between the human spiritual and natural worlds This work is a comparative study of Africa's visual and performing arts concentrating on their geographical material and gendered diversity and focusing on the relation of these arts to African religion The author combines ethnographic and art historical methodology but does not assume any prior knowledge of African art or African religion The text seeks a greater understanding of the philosophical and religious aspects of African art thus challenging western perceptions of what is important in terms of artistic representation This approach reveals the transformative

capacities and multi dimensionality of African art The work also highlights the changes brought about by Christianity Islam and the newer religious movements in post colonial Africa *The Religion of an Artist* John Collier,1926 Religion & Art Alessandro della Seta,1914 **Religion and Art** Davor Džalto,2019-06-18 How can we think of the aura of sacred contexts and sacred works How to think of individual and collective esthetic religious experiences What to make of the manipulative dimension of religious and esthetic auratic experiences Is the work of art still capable of mediating the experience of the sacred and under what conditions What is the significance of the eschatological dimension of both art and religion the sense of ending Can theology offer a way to reaffirm the creative capacities of the human being as something that characterizes the very condition of being human This Special Issue aspires to contribute to the growing literature on contemporary art and religion and to explore the new ways of thinking of art and the sacred in their esthetic ideological and institutional dimensions in the context of contemporary culture **The Art of the Sacred** Graham Howes,2006-11-24 The field of art and religion is fast becoming one of the most dynamic areas of religious studies Uniquely The Art of the Sacred explores the relationship between religion and the visual arts and vice versa within Christianity and other major religious traditions It identifies and describes the main historical theological sociological and aesthetic dimensions of religious art with particular attention to popular as well as high culture and within societies of the developing world It also attempts to locate and predict the forms and functions of such art in a changing contemporary context of obligation modernity secularism and fundamentalism The author concentrates on four chief dimensions where religious art and religious belief converge the iconographic the didactic the institutional and the aesthetic This clear well organised and imaginative treatment of the subject should prove especially attractive to students of religion and visual culture as well as to artists and art historians

**Art and the Religious Impulse** Eric Michael Mazur,2002 This collection explores the relationship between religion and the arts and challenges presumptions held in society about these two fields Topics covered include church architecture folk art nineteenth century classical music contemporary fiction recent film performance art and the battles over public funding of the arts **Art and Faith** Makoto Fujimura,2021-01-05 From a world renowned painter an exploration of creativity s quintessential and often overlooked role in the spiritual life Makoto Fujimura s art and writings have been a true inspiration to me In this luminous book he addresses the question of art and faith and their reconciliation with a quiet and moving eloquence Martin Scorsese An elegant treatise Fujimura s sensitive evocative theology will appeal to believers interested in the role religion can play in the creation of art Publishers Weekly Conceived over thirty years of painting and creating in his studio this book is Makoto Fujimura s broad and deep exploration of creativity and the spiritual aspects of making What he does in the studio is theological work as much as it is aesthetic work In between pouring precious pulverized minerals onto handmade paper to create the prismatic refractive surfaces of his art he comes into the quiet space in the studio in a discipline of awareness waiting prayer and praise Ranging from the Bible to T S Eliot and from Mark Rothko to Japanese

Kintsugi technique he shows how unless we are making something we cannot know the depth of God's being and God's grace permeating our lives This poignant and beautiful book offers the perspective of in Christian Wiman's words an accidental theologian one who comes to spiritual questions always through the prism of art Creativity and Spirituality Earle Jerome Coleman,1998-01-01 Drawing from six living faiths this book philosophically analyzes relations between art and religion in order to explain how the concepts art beauty creativity and aesthetic experience find their place or counterparts in religious discourse and experience Philosophy, Art, and Religion Gordon Graham,2017-09-07 At a time when religion and science are thought to be at loggerheads art is widely hailed as religion's natural spiritual ally Philosophy Art and Religion investigates the extent to which this is true It charts the way in which modern conceptions of Art often marginalize the sacred arts construing choral and instrumental music painting and iconography poetry drama and architecture as applied arts that necessarily fall short of the ideal of art for art's sake Drawing on both history of art and philosophical aesthetics Graham sets out the historical context in which the arts came to free themselves from religious patronage in order to conceptualize the cultural context in which religious art currently finds itself The book then relocates religious art within the aesthetics of everyday life Subsequent chapters systematically explore each of the sacred arts using a wide range of illustrative examples to uncover the ways in which artworks can illuminate religious faith and religious content can lend artworks a deeper dimension **The Visual Culture of American Religions** Sally M. Promey,2001 Contemporary artists have often clashed with conservative American evangelicals in recent years giving the impression that art and religion are fundamentally at odds Yet historically artistic images have played a profound role in American religious life **Religion and Contemporary Art** Ronald R. Bernier,Rachel Hostetter Smith,2023-05-11 Religion and Contemporary Art sets the theoretical frameworks and interpretive strategies for exploring the re emergence of religion in the making exhibiting and discussion of contemporary art Featuring essays from both established and emerging scholars critics and artists the book reflects on what might be termed an accord between contemporary art and religion It explores the common strategies contemporary artists employ in the interface between religion and contemporary art practice It also includes case studies to provide more in depth treatments of specific artists grappling with themes such as ritual abstraction mythology the body popular culture science liturgy and social justice among other themes It is a must read resource for working artists critics and scholars in this field and an invitation to new voices curious about its promises and possibilities The Religious Art of Andy Warhol Jane Dillenger,Andy Warhol,1998 An examination of the spiritual side of Warhol looks at his art during his final years which includes paintings based on Leonardo da Vinci's Last Supper and Warhol's Skull and Cross paintings *God in the Gallery* Daniel A. Siedell,2008-10 An art historian develops a theological philosophical and historical framework within which to experience and interpret modern and contemporary art that is in dialogue with the Christian faith What is art? J. Girardot, 2015-06-26 The Reverend Howard Finster 1916 2001 was called the backwoods William Blake and the Andy Warhol of the South and he is considered the godfather of contemporary American folk and visionary art This book is the first interpretive analysis of the intertwined artistic and religious significance of Finster s work within the context of the American outsider art tradition Finster began preaching as a teenager in the South in the 1930s But it was not until he received a revelation from God at the age of sixty that he began to make sacred art A modern day Noah who saw his art as a religious crusade to save the world before it was too late Finster worked around the clock often subsisting on a diet of peanut butter and instant coffee He spent the last years of his life feverishly creating his environmental artwork called Paradise Garden and what would ultimately number almost fifty thousand works of bad and nasty art This was visionary work that obsessively combined images and text and featured apocalyptic biblical imagery flying saucers from outer space and popular cultural icons such as Elvis Presley Marilyn Monroe Henry Ford Mona Lisa and George Washington In the 1980s and 90s he developed cult celebrity status and he appeared in the Venice Biennale and on the Tonight Show His work graced the album covers of bands such as R E M and Talking Heads This book explores the life and religious artistic significance of Finster and his work from the personal perspective of religion scholar Norman Girardot friend to Finster and his family during the later years of the artist s life
