## **Religion Scriptures And Spirituality:**

**Things Hidden** Richard Rohr, 2022-02-01 There are a number of misconceptions about the Bible Many look at it as information only but what they are missing is the key the Bible is about transformation World renowned author Richard Rohr invites you to revisit the Bible to experience the Scripture as spirituality This can help your relationship with God evolve into something more meaningful and fulfilling This book will help you discover how reading the Bible and understanding it in a new way can change your life Only when the two come together inner and outer authority do we have true spiritual wisdom We have for too long insisted on outer authority alone without any teachings of prayer inner journey and maturing consciousness The results for the world and for religion have been disastrous I offer these reflections to again unite what should have been separated Sacred Scripture and Christian Spirituality from the introduction This spiritual companion unearths the Bible's take on morality power wisdom and the generosity of God in a way that demands a life changing response from believers It illustrates the Biblical God as full of grace and abundance and who calls us to be fully alive in a world full of scarcity judgement and fear Rohr's intention is to revitalize your relationship with the Bible and leave you feeling hopeful fulfilled and better able to embody a Christ based spirituality This in turn will help you to change how you treat yourself others and the world *Religion and Spirituality in Psychiatry* Philippe Huguelet, Harold G. Koenig, 2009-03-30

**The Bible and Spirituality** Andrew T. Lincoln, J. Gordon McConville, Lloyd K. Pieterse, 2013-07-05 The essays in this volume aim to contribute to the newly developing academic subject of biblical spirituality It is prompted by the belief that although the Christian tradition has always nurtured an emphasis on spirituality rooted in the Bible and its interpretation few biblical scholars until recently have pursued their work by making connections with either this religious tradition or present day interest in the broader phenomenon of spirituality Spiritual interpretation has overlaps with theological interpretation but is distinctive because of its focus on the wisdom of lived experience and practice The essays therefore attempt from within the context of the academy responsible readings of Scripture that have as a major focus the study of how particular texts might contribute to a spirituality in which individual and communal flourishing is a major feature The essays began as papers produced for an international symposium on the Bible and Spirituality in May 2012 hosted by the Centre for the Study of the Bible and Spirituality in the School of Humanities at the University of Gloucestershire

RELIGIOUS SYNCRETISM IN AFRICAN CHRISTIANITY  
ISAIAH OLUWAJEMIRIYE OLATOYAN, 2024-04-18 Christianity among the African people whether on the soil of Africa or in diaspora is perceived and defined differently by different people For instance among African traditional religious people and Muslims Christianity is a foreign religion that must not be allowed to thrive in Africa To several Africans who profess Jesus Christianity is good but it is not adequate and effective enough to handle all human needs Still among some Western Christians and missionaries African Christianity is superficial and lacks total commitment to Christ Of course the Africans are a cultural people with profound religious inclinations Their traditional religion ATR has tremendously shaped their worldviews and socioeconomic and political activities Consequently when traditional Africans are converted to Christianity they do not break ties with their traditional religions completely The examination of relevant biblical texts on syncretism however reveals that God condemns the worship of many gods and places a curse on anyone who offers sacrifices to carved images and bows to them in worship Therefore this work investigates the root cause of religious syncretism among African people In the attempt to find answers to why the average African Christian finds it difficult if not impossible to abandon his her traditional religious belief systems completely to embrace Christianity the author concludes that unless the issues surrounding the African forgotten and secret covenants are exposed and decisively addressed in the light of biblical teaching syncretism will continue to be a stigma on the fabric of African Christianity Therefore to overcome the threats of syncretism in African Christianity there is a need to establish a sound theological and missiological framework that can address the

problems associated with the African worldviews and belief systems This task must be carried out under the searchlight of Scriptures

**Primary Scripture** Sylvester L. Steffen, 2001 In Primary Scripture author Sylvester Steffen gives a scientific perspective of the great catholic mandate to love God and to love one's neighbor as oneself In Steffen's view science documents the essential continuity of energy and matter soul and substance spirituality and materiality the natural source of rationality Steffen finds validation for new age consciousness in the wisdom of the ages Primary Scripture is a helpful first reader for anyone confused by the wave of new books seeking to connect science and religion The inspiration behind Primary Scripture is Steffen's recognition that science and religion are understood as separate and adversary realms by most people In the author's view personal and societal misdirection and incivility are root causes of global societal crises But what is civility And how does one live a civil life Answers to both questions can be found in the successful bridging of the cultured rift between science and religion Faith hope and love enable personal and public conscience to motivate personal living in service to one another Witnessing faith hope and love is Steffen's idea of civil living The most common means for correcting misdirection are communication consciousness and conscience what Steffen calls the trimorphic resonance of evolved rationality The fundamentally rational mandate to live altruistically to love God and to love one another evolves from what Steffen sees as the logical continuity between cosmic energy matter and self-aware soul body The progressive deepening of public scientific knowledge seems to be driving a new rush to find the connection between science and religion Primary Scripture is ideal for anyone seeking a religiously and scientifically harmonized worldview that has room for new age insights
