Henry J. Tobias

Religion In Modern New Mexico:

Religion in Modern New Mexico Ferenc Morton Szasz, Richard W. Etulain, 1997 This collection of essays the first attempt to assess the role of religion in modern New Mexico makes important contributions to religious history and to western history A pioneering effort in examining the varied religious cultures of the state these articles also add much to our understanding of twentieth century western cultural history a field that many national or regional commentators have previously overlooked *Jews in New Mexico Since World War II* Henry J. Tobias, 2008-06-16 Tobias explores the cultural and political influence of the New Mexico Jewish community since the Second World War

Religion in the Modern American West Ferenc Morton Szasz, 2002-01-01 When Americans migrated west they carried with them not only their hopes for better lives but their religious traditions as well Yet the importance of religion in the forging of a western identity has seldom been examined In this first historical overview of religion in the modern American West Ferenc Szasz shows the important role that organized religion played in the shaping of the region from the late nineteenth to late twentieth century He traces the major faiths over that time span analyzes the distinctive response of western religious institutions to national events and shows how western cities became homes to a variety of organized faiths that cast only faint shadows back east While many historians have minimized the importance of religion for the region Szasz maintains that it lies at the very heart of the western experience From the 1890s to the 1920s churches and synagogues created institutions such as schools and hospitals that shaped their local communities during the Great Depression the Latter day Saints introduced their innovative social welfare system and in later years Pentecostal groups carried their traditions to the Pacific coast and Southern Baptists among others set out in earnest to evangelize the Far West Beginning in the 1960s the arrival of Asian faiths the revitalization of evangelical Protestantism the ferment of post Vatican II Catholicism the rediscovery of Native American spirituality and the emergence of New Age sects combined to make western cities such as Los Angeles and San Francisco among the most religiously pluralistic in the world Examining the careers of key figures in western religion from Rabbi William Friedman to Reverend Robert H Schuller Szasz balances specific and general trends to weave the story of religion into a wider social and cultural context Religion in the Modern American West calls attention to an often overlooked facet of regional history and broadens our understanding of the American experience **America's Religions** Peter W.

Williams, 2008 A panoramic introduction to religion in America newly revised and updated **Public Education in New Mexico** John B. Mondragón, Ernest S. Stapleton, 2005 The structure politics and financing of education in New Mexico today

The Pastor of New Mexico Tomas Jaehn, 2014-09-30 There are few foreign original voices talking about early twentieth century Northern New Mexico Father Peter Kppers who immigrated from Germany to New Mexico is one of those few voices Father Kppers was born in 1885 came to New Mexico in 1911 and aside from a few short trips to Colorado and the mid West remained in New Mexico all his life Rather limited in his knowledge of American culture when he arrived on this continent

after all he once got mad that folks in New York did not speak German K ppers grew to love New Mexico Always biased and fierce in his protection of Northern New Mexicans particularly his often poor Catholic parishioners he became a cultural agent for Hispanics and Anglos and a chronicler of rural small town life In his sometimes jolly account from the early 20th century K ppers discusses growing up in Germany describes personal experiences in the United States and particularly in New Mexico where he had to adapt to rural life interact with town folks parishioners and Penitentes and his adjustment to cultural surroundings so very different from his homeland in Germany

A History of Spirituality in Santa Fe: The City of Holy Faith Ana Pacheco, 2016-02-22 Shaped by early volcanic activity the Sangre De Cristo and Jemez Mountain ranges surrounding Santa Fe create a uniquely spiritual landscape Centuries ago the Anasazi and their Pueblo Indian descendants believed the land was sacred and established communities in the area In the early seventeenth century the Spanish brought Catholicism to Santa Fe and christened it the City of Holy Faith Other European faiths arrived in the mid nineteenth century By the twentieth century religions from the East along with New Thought and New Age practitioners had established a foothold in the capital city Sikhism the fifth largest religion in the world was introduced to the western hemisphere from Santa Fe The nature based UDV religion of Brazil founded its first center in the United States in Santa Fe which also includes the four major lineages of Tibetan Buddhism Santa Fe city historian Ana Pacheco documents the rich religious and spiritual history of this high mountain metaphysical community

New Mexican Lives Richard W. Etulain, 2002 This book will appeal to anyone interested in knowing more about how a fascinating mix of people of various cultures have molded New Mexico's history

Religious Lessons Kathleen Holscher, 2012-08-08 Religious Lessons tells the story of *Zellers v Huff* a court case that challenged the employment of nearly 150 Catholic sisters in public schools across New Mexico in 1948 Known nationally as the Dixon case after one of the towns involved it was the most famous in a series of midcentury lawsuits all targeting what opponents provocatively dubbed captive schools Spearheaded by Protestants and Other Americans United for Separation of Church and State the publicity campaign built around *Zellers* drew on centuries old rhetoric of Catholic captivity to remind Americans about the threat of Catholic power in the post War era and the danger Catholic sisters dressed in full habits posed to American education Americans at midcentury were reckoning with the U S Supreme Court's new mandate for a wall of separation between church and state At no time since the nation's founding was the Establishment Clause studied so carefully by the nation's judiciary and its people While *Zellers* never reached the Supreme Court its details were familiar to hundreds of thousands of citizens who read about them in magazines and heard them discussed in church on Sunday mornings For many Americans Catholic and not the scenario of sisters in veils teaching children embodied the high stakes of the era's church state conflicts and became an occasion to assess the implications of separation in their lives Through close study of the Dixon case Kathleen Holscher brings together the perspectives of legal advocacy groups Catholic sisters and citizens who cared about their schools She argues that the captive school crusade was a transitional episode in the Protestant

Catholic conflicts that dominate American church state history Religious Lessons also goes beyond legal discourse to consider the interests of Americans women religious included who did not formally articulate convictions about the separation principle The book emphasizes the everyday experiences inside and outside classrooms that defined the church state relationship for these people and that made these constitutional questions relevant to them

The 1997 Genealogy Annual Thomas Jay Kemp,1999 The Genealogy Annual is a comprehensive bibliography of the year s genealogies handbooks and source materials It is divided into three main sections p liFAMILY HISTORIES licites American and international single and multifamily genealogies listed alphabetically by major surnames included in each book p liGUIDES AND HANDBOOKS liincludes reference and how to books for doing research on specific record groups or areas of the U S or the world p liGENEALOGICAL SOURCES BY STATE liconsists of entries for genealogical data organized alphabetically by state and then by city or county p The Genealogy Annual the core reference book of published local histories and genealogies makes finding the latest information easy Because the information is compiled annually it is always up to date No other book offers as many citations as The Genealogy Annual all works are included You can be assured that fees were not required to be listed

God and Life on the Pecos Father Brian Vincenzo Guerrini ss.cc.,2023-12-11 This is a book that explores finding God and life in the past present and future along the Pecos River of southeastern New Mexico a frontier region of the American West that earned a reputation for being wild unexplored and rebellious ala there is no law west of the Pecos as it had been for thousands of years under Native American Spanish Mexican and American control It is a book that gives the reader a glimpse into the lives and struggles of living in this part of the Land of Enchantment or Satan s Paradise as the New Mexico Territory was labeled

Catholicism in the American West Roberto R. Treviño,Richard V. Francaviglia,2007 Like the rosary itself the influence of Catholicism on the social and historical development of the American West has been both visible and hidden visible in the effects of personal conviction on lives and communities hidden in that the fuller context of this important American religious group has been largely marginalized or undervalued in traditional historiographic treatments of the region This volume an outgrowth of the 2004 Walter Prescott Webb Memorial Lectures seeks to redress this imbalance Editors Roberto R Trevi o and Richard Francaviglia have assembled here a variety of scholarly voices to present according to the preface little known stories about a religion whose traditions and adherents had until recently remained largely at the periphery of U S history narratives The result is a work that offers at once a fuller portrait of the Catholic experience in and impact on the American West and also tantalizing glimpses that are highly suggestive of fruitful areas for further study The contributors to Catholicism in the American West bring to light the variety the hardships and ultimately some of the triumphs of Catholicism in the American West These studies are fine examples of the scholarship currently reshaping how historians understand the role of Catholicism both in the development of the West and in the broader history of the nation

The American West in 2000 Richard W. Etulain,Ferenc Morton Szasz,2003 The ten original essays commissioned for this book

focus on historical subjects in the post World War II American West The late Gerald Nash in whose honor the essays were written made major contributions to the study of modern American and western American history and his impact on those fields is demonstrated in these essays by several generations of his students and colleagues Emphasizing social and cultural developments the essays draw on methodologies and topics from comparative history environmental history urban history and political history The authors write on subjects ranging from women s rights to urban sprawl from organized religion to tourism from mining to American Indian culture An autobiographical essay by Nash himself situates his life s work in the context of two formative experiences his intellectual development as a German refugee arriving in New York in the late 1930s and his commitment to the study of the American West when he began graduate school The contributors include Margaret Connell Szasz Arthur R G mez Donald J Pisani Marjorie Bell Chambers Carol Lynn MacGregor Christopher J Huggard Roger W Lotchin and Gene M Gressley as well as Nash and the volume editors Toward an Integrative Medicine Hans A. Baer, 2004-12-01 This book chronicles the transformation of the holistic health movement over the past three decades as it increasingly influences the delivery of health care in America In it he describes the battle for legitimacy by alternative therapeutic practitioners and the biomedical profession s increasing interest in the possibilities of a complementary and integrative medical system Baer examines a variety of professionalized and lay heterodox therapeutic systems including chiropractors naturopaths and acupuncturists homeopaths bodyworkers and lay midwives He shows ironically how the holistic movement may become more limited as it gains acceptance and becomes integrated into mainstream professional medicine This book is a valuable resource for instructors students professionals and others interested in public health issues health policy medical studies health economics medical anthropology and sociology

Three Roads to Magdalena David Wallace Adams, 2016-06-03 Someday Candelaria Garcia said to the author you will get all the stories It was a tall order in Magdalena New Mexico a once booming frontier town where Navajo Anglo and Hispanic people have lived in shifting sometimes separate sometimes overlapping worlds for well over a hundred years But these were the stories and this was the world that David Wallace Adams set out to map in a work that would capture the intimate complex history of growing up in a Southwest borderland At the intersection of memory myth and history his book asks what it was like to be a child in a land of ethnic and cultural boundaries The answer as close to all the stories as one might hope to get captures the diverse ever changing experience of a Southwest community defined by cultural borders and the nature and role of children in defending and crossing those borders In this book we listen to the voices of elders who knew Magdalena nearly a century ago and the voices of a younger generation who negotiated the community s shifting boundaries Their stories take us to sheep and cattle ranches Navajo ceremonies Hispanic fiestas mining camps First Communion classes ranch house dances Indian boarding school drill fields high school social activities and children s rodeos Here we learn how class religion language and race influenced the creation of distinct identities and ethnic boundaries but

also provided opportunities for cross cultural interactions and intimacies And we see the critical importance of education in both reinforcing differences and opening a shared space for those differences to be experienced and bridged In this Adams s work offers a close up view of the transformation of one multicultural community but also of the transformation of childhood itself over the course of the twentieth century A unique blend of oral social and childhood history Three Roads to Magdalena is a rare living document of conflict and accommodation across ethnic boundaries in our ever evolving multicultural society Published in Cooperation with the William P Clements Center for Southwest Studies Southern Methodist University

Hippies, Indians, and the Fight for Red Power Sherry L. Smith, 2012-05-03 This book explains how and why hippies Quakers Black Panthers movie stars housewives and labor unions to name a few supported Indian demands for greater political power and separate cultural existence in the modern United States

Mystics and Messiahs Philip Jenkins, 2000-04-06 In *Mystics and Messiahs* the first full account of cults and anti cult scares in American history Philip Jenkins shows that contrary to popular belief cults were by no means an invention of the 1960s In fact most of the frightening images and stereotypes surrounding fringe religious movements are traceable to the mid nineteenth century when Mormons Freemasons and even Catholics were denounced for supposed ritualistic violence fraud and sexual depravity But America has also been the home of an often hysterical anti cult backlash Jenkins offers an insightful new analysis of why cults arouse such fear and hatred both in the secular world and in mainstream churches many of which were themselves originally regarded as cults He argues that an accurate historical perspective is urgently needed if we are to avoid the kind of catastrophic confrontation that occurred in Waco or the ruinous prosecution of imagined Satanic cults that swept the country in the 1980s Without ignoring genuine instances of aberrant behavior *Mystics and Messiahs* goes beyond the vast edifice of myth distortion and hype to reveal the true characteristics of religious fringe movements and why they inspire such fierce antagonism

Ferenc Morton Szasz: A Celebration and Selected Writings Mark T. Banker, 2018-09-17 Ferenc Morton Szasz was a lifelong student who became a professor of history at the University of New Mexico As a one year appointment at the Albuquerque campus evolved into a forty year career Szasz glimpsed the predictable unpredictability that he would eventually discern as one of history s most enduring and elusive traits The connections and consequences along the way forged a truly exceptional life and career A master of the United States history survey Szasz enthralled and inspired tens of thousands of students with energy enthusiasm provocative insights and good will Ambitious undergraduates regularly vied with graduate students for coveted seats in his upper level courses where he offered insights into World War II American religious history and popular culture Szasz s interests he insisted were the ideas of the people and how they shift over time In an era when historical scholarship became increasingly specialized he pursued an eclectic array of research interests and challenged his doctoral students to do the same The ten selections of Szasz s writings that are the primary content of this volume balance insights into history s great moments with attention to events and details often overlooked by more

conventional historians Szasz's crisp accessible prose reveals both the unique and universal in the human experience and offers heartfelt glimpses into humanity's paradoxical promises and perils Back cover People of Kituwah John D. Loftin, Benjamin E. Frey, 2024-04-30 According to Cherokee tradition Kituwah is located at the center of the world and is home to the most sacred and oldest of all beloved or mother towns Just by entering Kituwah or indeed any village site Cherokees reexperience the creation of the world when the water beetle first surfaced with a piece of mud that later became the island on which they lived People of Kituwah is a comprehensive account of the spiritual worldview and lifeways of the Eastern Cherokee people from that beginning to today Building on vast primary and secondary materials native and non native John D Loftin and Benjamin E Frey show how Cherokee religious life evolved both before and after the calamitous coming of colonialism This book offers an in depth understanding of Cherokee culture and society Page 4 of cover

Authentically Jewish Stuart Z. Charmé, Stuart L. Charmé, 2022-08-12 How do you know when someone or something is really authentically Jewish This book argues that what is authentically Jewish is continually changing in response to historical and cultural developments the shifting attributions of meaning that individuals make and the negotiations that occur as different groups struggle for recognition
