## **Religion In Planetary Perspective A Philosophy Of Comparative Religion:**

*Religion in Planetary Perspective* William W. Mountcastle, 1978 The focus of the present essay is religion the religion of humankind on planet Earth This is clearly a proper topic for religious studies but as our intention is to employ categories of critical analysis it will also be a philosophical and theological inquiry **The Secret Ministry of Jesus** William W.

Mountcastle, 2008 This work addresses the questions concerning the crucifixion resurrection story the legends of Jesus in India Tibet and China and the unique style and content of the Fourth Gospel The street theatre style of the Hebrew prophets grounds the belief that Jesus also employed drama to proclaim his visions To encourage his people who were suffering under cruel Roman oppression he dramatized Isaiah's Suffering Servant poem that climaxes with his rescue resurrection a promise that God will rescue Israel Isaiah's Missionary Servant poem inspired him to carry his Gospel into new lands The Syrian Acts of Thomas and more recently discovered material detail his secret ministry to India Tibet and China There his spirited exchanges with Hindus Buddhists and Taoists have enriched the Gospels and may have affected the evolution of eastern religious and philosophical thought particularly that of Mahayana Buddhism The book's discussion provides evidence that Jesus was a pioneer of interfaith dialogue and a prophet of world spirituality who inspires us to build a world community of justice peace and love for people of all faiths It is appropriate for college and university classes in Bible and Qur'an studies contemporary theology and current religious issues **Discerning the Spirit(s)** Amos Yong, 2019-03-08 Efforts to

construct a Christian theology of religions have inevitably stumbled on the Christian scandal of particularity the historical Jesus of Nazareth What however if we began by focusing on the universal presence and activity of God in the world as symbolized by the Holy Spirit Yong develops just such a pneumatological approach to religions drawing by way of resource on the Pentecostal charismatic experience of the Spirit This book thus invites Pentecostals charismatics and other Christians to conceive of how a pneumatological approach to religions can invigorate the wider ecumenical conversation At the same time it also brings recent Pentecostal charismatic scholarship into dialogue with a broader audience including those interested in philosophical theology world religions global spiritualities and comparative religion and theology **The**

**Journal of Asian Studies**, 1978 **A Companion to Comparative Theology**, 2022-08-22 A Companion to Comparative Theology offers a unique survey of a rapidly developing field of modern theology in 32 chapters coordinated by five editors Its first part discusses some of the main historical developments in theology and religious studies before 1985 that are relevant for understanding contemporary approaches in comparative theology The main part of the companion traces developments in five specific areas of comparative research starting with classical approaches by Christian comparative theologians and continuing with responses by scholars from Jewish Islamic Hindu Buddhist and Chinese religious comparative perspectives The final part of the companion highlights a number of new avenues in comparative theology discussing new methods new forms of awareness new partnerships with other fields of study and finally some preliminary

An Epistemology of Religion and Gender Ulrike E. Auga, 2020-03-26 This book puts forward a new epistemological framework for a theory of religion and gender s role in the public sphere It provides a sophisticated understanding of gender and its relation to religion as a primarily performative category of knowledge production rooting that understanding in case studies from around the world Gender and religion are examined alongside biopolitics and the influence of capitalism neoliberalism and empire The book analyses the interdependence of religion gender and new nationalisms in the Palestinian territories South Africa and the USA scrutinising the biopolitical interferences of nation states and dominant political and religious institutions It then moves on to uncover counter discourses and spaces of activism and agency in contexts such as East Germany and the Occupy Wall Street movement Using gender

queer and trans theory in tandem with postcolonial and post secular perspectives readers are shown a more nuanced understanding of critical contemporary questions related to religion gender and sexuality This is a bold new take on religion gender and public life As such it will be of keen interest to scholars of Religious Studies and Gender Studies as well as those working on religion s interaction with Politics Sociology and Social Activism The Notion of "religion" in Comparative Research Ugo Bianchi,1994 Nel 1990 si tenne a Roma il XVI Congresso del I A H R che ebbe come tema la nozione di religione Venne particolarmente analizzato l uso di tale termine da parte degli studiosi di lingua europea nei rapporti con le culture non europee e viceversa **The Publishers' Trade List Annual** ,1979 *Horizons* ,1978 **The Routledge Handbook of Religious Naturalism** Donald A. Crosby,Jerome A. Stone,2018-02-01 Ecological crisis is being widely discussed in society today and therefore the subject of religious naturalism has emerged as a major topic in religion The Routledge Handbook of Religious Naturalism is an outstanding reference source to the key topics problems and debates in this exciting subject and is the first collection of its kind Comprising thirty four chapters by a team of international contributors the Handbook is divided into seven parts Varieties of religious naturalism and its relations to other outlooks Some earlier religious naturalists Pantheism materialism and the value ladenness of nature Ecology humans and politics in naturalistic perspective Religious naturalism and traditional religions Putting religious naturalism into practice Critical discussions of religious naturalism Within these sections central issues debates and problems are examined including defining religious naturalism religious underpinnings of ecology natural piety the religious aesthetic ecstatic naturalism as deep pantheism spiritual ecology African American religious naturalism Christian religious naturalism Dao and water Confucianism environmental action and practices in religious naturalism The Routledge Handbook of Religious Naturalism is essential reading for students and researchers in religious studies theology and philosophy The Handbook will also be useful for those in related fields such as environmental ethics and ecology **Modern Culture from a Comparative Perspective** Wilfred Cantwell Smith,1997-07-10 As an historian of religion Wilfred Cantwell Smith has investigated the way religious traditions define themselves the nature of faith over the centuries and the scriptures that have offered anticipations of eternity In this book he turns to modern culture and finds that its past has been defined not only by traditions that are normally called religious but also by the disciplined quest for Truth Philosophia as this tradition may be called draws its heritage from Greece and has inspired scholarship throughout the ages However the ideal of objectivity which has come to define the standard for this tradition has had unfortunate results The human encounter with transcendence which overwhelms all existence has been considered as no more than a peculiarity of the human alone to be categorized and separated from other aspects of life The result is a dehumanized view of truth which all too often evokes fundamentalist reactions Smith concludes with a call to rediscover the dimension of transcendence Objectivity means more than reducing the human to the calculable To treat people as they are in themselves is to understand them as subjects to treat all aspects of

their existence as worthy of respect and study and to grasp what it means to be captured by a reality that overwhelms the confines of our limited world      *Directory of American Scholars* Jaques Cattell Press, 1982
