Blum, William T. Smaldone, 2015-09-29 This volume offers the essential theoretical thought of the Austro Marxist thinkers Otto Bauer Max Adler Karl Renner Friedrich Adler Rudolf Hilferding and Otto Neurath over the span of their Austrian Social Democratic careers from the decades before World War I until the mid 1930s Austro Marxist theoretical perspectives were conceived as social scientific tools for the issues that faced the development of socialism in their time The relevance of their thought for the contemporary world inheres in this understanding **I Judge No One** David Lloyd Dusenbury, 2023-01-01 Why was Jesus who said I judge no one put to death for a political crime Of course this is a historical question but it is not only historical Jesus's life became a philosophical theme in the first centuries of our era when pagan

and Christian philosophers clashed over the meaning of his sayings and the significance of his death Modern philosophers too such as Immanuel Kant and Friedrich Nietzsche have tried to retrace the arc of Jesus's life and death I Judge No One is a philosophical reading of the four memoirs or gospels that were fashioned by early Christ believers and collected in the New Testament It offers original ways of seeing a deeply enigmatic figure who calls himself the Son of Man David Lloyd Dusenbury suggests that Jesus offered his contemporaries a scandalous double claim First that human judgements are pervasive and deceptive and second that even divine laws can only be fulfilled in the human experience of love Though his life led inexorably to a grim political death what Jesus's sayings revealed and still reveal is that our highest desires lie beyond the political Comprehensive Commentary on Kant's Religion Within the Bounds of Bare Reason Stephen R.

Palmquist,2015-12-21 Palmquist's Commentary provides the first definitive clarification on Kant's Philosophy of Religion in English it includes the full text of Pluhar's translation interspersed with explanations providing both a detailed overview and an original interpretation of Kant's work Offers definitive sentence level commentary on Kant's Religion within the Bounds of Bare Reason Presents a thoroughly revised version of Pluhar's translation of the full text of Kant's Religion including detailed notes comparing the translation with the others still in use today Identifies most of the several hundred changes Kant made to the second 1794 edition and unearths evidence that many major changes were responses to criticisms of the first edition Provides both a detailed overview and original interpretation of Kant's work on the philosophy of religion Demonstrates that Kant's arguments in Religion are not only cogent but have clear and profound practical applications to the way religion is actually practiced in the world today Includes a glossary aimed at justifying new translations of key technical terms in Religion many of which have previously neglected religious and theological implications Reason, Faith and History

the book explores theoretical issues underpinning the main methods of obtaining empirical data and the use of these data within theology The other two sections display the role both of qualitative studies and of the analysis of quantitative data in exploring a range of theological beliefs and religious social and educational concerns Kant for Children Salomo Friedlaender,2024-03-18 Salomo Friedlaender was a prolific German Jewish philosopher poet and satirist His *Kant for Children* is intended to help young people learn about Immanuel Kant's philosophy Friedlaender writes Morality is inherent in us organically But its abstract formula should be imprinted on schoolchildren Published in 1924 200 years after Kant's birth the book sparked interest in some quarters attracting the attention of the first Newbery Award winner Hendrik Willem van Loon who corresponded with Friedlaender in 1933 requesting an English translation That didn't happen This is the first English translation of the book During the National Socialist period *Kant for Children* troubled the Nazis They banned Friedlaender's work Rebecca Hanf friend of Ernst Marcus the philosopher who claimed to have resurrected Kant recognized that Friedlaender's *Kant for Children* could counter the Nazi appropriation of Kant and realign Kant with egalitarianism and anti fascist politics meaning the book has contemporary relevance in light of an international resurgence of fascism A lifelong student of Kant's works Friedlaender deserves a wider audience among Kant scholars and students This first English translation includes an introduction to Friedlaender as well as essays by Paul Mendes Flohr Sarah Holtman Robert Loudon Kate Moran Krista Thomason and Jens Timmermann For translating and editing *Kant for Children* Bruce Krajewski received The 2023 Silvers Grant for Work in Progress from the Robert B Silvers Foundation The Robert B Silvers Foundation is a charitable trust established by a bequest of the late Robert B Silvers a founding editor of the New York Review of Books with the aim of supporting writers in the fields of long form literary and arts criticism the intellectual essay political analysis and social reportage Understanding Derrida, Understanding Modernism Jean-Michel Rabaté,2019-05-30 This volume makes a significant contribution to both the study of Derrida and of modernist studies The contributors argue first that deconstruction is not modern neither is it postmodern nor simply modernist They also posit that deconstruction is intimately connected with literature not because deconstruction would be a literary way of doing philosophy but because literature stands out as a modern notion The contributors investigate the nature and depth of Derrida's affinities with writers such as Joyce Kafka Antonin Artaud Georges Bataille Paul Celan Maurice Blanchot Theodor Adorno Samuel Beckett and Walter Benjamin among others With its strong connection between philosophy and literary modernism this highly original volume advances modernist literary study and the relationship of literature and philosophy *Essays in Jewish Philosophy in the Modern Era* Nathan Rotenstreich,2023-12-14 This volume contains a collection of fifteen essays on Jewish Philosophy The essays deal with Moses Mendelssohn Hermann Cohen Franz Rosenzweig Martin Buber Abraham J Heschel and Gershom G Scholem The book starts with a lucid overview of nineteenth century Jewish Philosophy it can be regarded as a companion volume to the author's *Jewish Philosophy in Modern Times* Nathan Rotenstreich 1914 1993 was Professor of Philosophy at the Hebrew University of

Christianity and the Notion of Nothingness Kazuo MUTO, 2012-03-19 This publication by Muto Kazuo is a significant Christian contribution to the predominantly Buddhist Kyoto School of Philosophy Muto proposes a philosophy of religion in order to overcome the claim for Christian exclusivity as proposed by Karl Barth and others On such a foundation he investigates the possibilities for mutual understanding between Buddhism and Christianity Thereby he engages in a critical exchange with the Kyoto School philosophers Nishida Tanabe and Nishitani Throughout his discourse Muto applies their method of logical argument the dialectic of soku to the dialogue between Christianity and Buddhism He thus opens up new perceptions of Christian faith in the Asian context and together with his Buddhist teachers challenges the modern Western dialectical method of reasoning      *Philosophical Writings / Philosophische Schriften* Gunther Wenz, 2020-03-23 No detailed description available for Philosophical Writings Philosophische Schriften      *Immanuel Kant* Otfried Hoffe, 1994-09-08 A general introduction to the thought of the 18th century German philosopher explaining his contribution and influence in ethics politics law history religion and art First published in German in 1992 Annotation copyright by Book News Inc Portland OR      *The Origins of Demythologizing* Johnson, 2018-08-14 Preliminary Material Roger A Johnson The Enigma of Demythologizing Roger A Johnson The Philosophical Origins of Demythologizing Marburg Neo Kantianism Roger A Johnson The Religionsgeschichtliche Formulation of Myth Roger A Johnson The Enlightenment Formulation of Myth Roger A Johnson The Existentialist Formulation of Myth Roger A Johnson Demythologizing as a Synthetic Construct Roger A Johnson Bibliography Roger A Johnson Name Index Roger A Johnson Subject Index Roger A Johnson      **Religious Responses to Modernity** Yohanan Friedmann, Christoph Marksches, 2021-02-22 The dawn of the modern age posed challenges to all of the world's religions and since then religions have countered with challenges to modernity In Religious Responses to Modernity seven leading scholars from Germany and Israel explore specific instances of the face off between religious thought and modernity in Christianity Judaism and Islam As co editor Christoph Marksches remarks in his Foreword it may seem almost

trivial to say that different religions and the various currents within them have reacted in very different ways to the multiple modernities described by S N Eisenstadt However things become more interesting when the comparative perspective leads us to discover surprising similarities Disparate encounters are connected by their transnational or national perspectives with the one side criticizing in the interest of rationality as a model of authorization and the other presenting revelation as a critique of a depraved form of rationality The thoughtful essays presented herein by Simon Gerber Johannes Zachhuber Jonathan Garb Rivka Feldhay Paul Mendes Flohr Israel Gershoni and Christoph Schmidt provide a counterweight to the popularity of some all too simplified models of modernization Nineteenth Century Religious Thought in the West Ninian

Smart,1988 This is the first of a set of three volumes which provide a fresh appraisal of the most important thinkers of the nineteenth century in the West Some essays centre on major figures of the period others cover topics trends and schools of thought between the French Revolution and the First World War The contributors are among the leading scholars in their field in Europe and North America They seek to engage their subjects not only in order to see what was said but also why it was said and explore what is of lasting value in it Readers therefore will find the essays not only highly informative about their subject matter but also distinctively personal contributions to the task of re evaluating the thought of the nineteenth century Contributions are sufficiently clear to be of use to students in religious studies and cognate disciplines but have enough depth and detail to appeal to scholars **Cultivating Personhood: Kant and Asian Philosophy** Stephen R.

*The Spirit and Its Letter* John H. Smith,2019-05-15 In this book John H Smith investigates the influences of classical and humanistic rhetoric on Hegel s theory and practice of philosophical representation Smith focuses on Hegel s concept of Bildung roughly education development or formation which occupies a central position in his philosophy Using an

interdisciplinary approach the author demonstrates that Hegel's philosophy of Bildung depends on his own Bildung as a writer of philosophy a formative education that followed the principles of traditional rhetorical systems In addition Smith provides an analysis of each stage of Hegel's philosophy in terms of a different rhetorical strategy that he finds governing Hegel's writing By examining how rhetoric enters into the formation of Hegel's anti rhetorical dialectics Smith reveals the origins of numerous contradictory strategies in Hegel's thought The first book in any language to explore the rhetorical background of Hegel's philosophy *The Spirit and Its Letter* addresses issues at the intersection of contemporary literary theory philosophy rhetoric and intellectual history
