Values, Religion, and Culture in Adolescent Development Gisela Trommsdorff,Xinyin Chen,2012-08-27 This volume presents multidisciplinary perspectives on the role of cultural values and religious beliefs in adolescent development

Buddhist Faith and Sudden Enlightenment Sung Bae Park,1983-06-30 Buddhist Faith and Sudden Enlightenment explains how sudden enlightenment occurs through the awakening of patriarchal faith This is the non dual affirmation that one is already Buddha as opposed to the doctrinal dualistic faith that one can become Buddha The essence of the presentation is that patriarchal faith forms the basis for sudden enlightenment in Zen meditation For the practitioner this book establishes the Zen method of mind cultivation on a higher level by introducing a new understanding of awakening right faith Included is extensive material on the history of faith in Buddhism with the main attention devoted to Ch an Zen and Hua yen There are also substantial discussions of Buddhist antecedents to these schools and of the Pure Land School This is the first book in English to examine the central role of faith in Mahayana Buddhism The author s approach develops from his personal experiences as a son Zen monk of the Chogye order which was heavily influenced by the integration of meditation and scriptural study established by Chinul

Scattered and Gathered Michael L. Budde,2017-09-15 This volume takes its title from the first century Christian catechism called the Didache Even as this broken bread was scattered over the hills gathered together and became one so let Your Church be gathered together from the ends of the earth For Christians today these words remain relevant in an era of massive human movements voluntary and coerced hybrid identities and wide ranging cultural interactions How do modern Christians live as both a scattered and gathered people How do they live out the tension between ecclesial universality catholicity and particularity distinctive ways of being church in a given culture and context Do Christians today constitute a diaspora a people dispersed across borders and cultures that nonetheless maintains a sense of commonality and mission *Scattered and Gathered Catholics in Diaspora* explores these questions through the work of fourteen scholars in different fields and from different corners of the world Whether through reflections on Zimbabweans in Britain Levantines in North America or the remote island people of Chiloe now living in other parts of Chile they guide readers along the winding road of insights and challenges facing many of today s Christians

Religion, State, and Political Culture in Japan Tokihisa Sumimoto,2023-11-02 Japan had developed a secular civilization long before going through its modern period characterized by the officially sanctioned unification of nationalism and state worship that reached its apotheosis during World War II followed by the economic growth oriented post war period While the relationship between religion and state has varied significantly over time what has been consistently observed throughout Japan s history is the

absence of religions that are socially influential but independent from the state or the absence of a dualistic relationship between religion and state The kind of political ethos that should underpin democratic principles such as the rule of law and human rights has remained underdeveloped This book examines the concept of reconstructive postmodernism a perspective that has emerged from a normative approach to international relations that emphasizes the need to democratize and humanize the secularistic civilizations based on the reconstruction of spirituality and religiosity Using this concept this book offers a number of implications of its findings to the case of Japan and for global governance in the post secular age more broadly

The Geopsychology Theory of International Relations in the 21st Century B. M. Jain, 2021-02-15 This book introduces an innovative theoretical construct of geopsychology to navigate the complex dynamics of international politics in the 21st century It explains how geopsychology is different from mainstream international relations theories in terms of primary actors human behavior spatial application instruments and key issues It argues that peace and stability in the troubled parts of the world warrants an imperative need for understanding psychological dispositions of non state actors and authoritarian regimes In *The Geopsychology Theory of International Relations in the 21st Century Escaping the Ignorance Trap* B M Jain unfolds that neither a global hegemon nor a cohort of powers could weaken their resolve and break their morale as proven in the cases of Iraq Afghanistan and North Korea Importantly the regional case studies India and Pakistan in South Asia North Korea and China in Northeast Asia and the U S involvement in the Middle East reveal how the psyche and thought processes of national and regional actors have been the driving force in triggering interstate conflicts and civil wars The book brilliantly illuminates how America became a conscious victim of the ignorance trap in Asia's volatile regions This must book offers easy solutions to complex conflicts to induce a peaceful change in world politics

Sacred and Secular Pippa Norris, Ronald Inglehart, 2011-10-17 This book develops a theory of existential security It demonstrates that the publics of virtually all advanced industrial societies have been moving toward more secular orientations during the past half century but also that the world as a whole now has more people with traditional religious views than ever before This second edition expands the theory and provides new and updated evidence from a broad perspective and in a wide range of countries This confirms that religiosity persists most strongly among vulnerable populations especially in poorer nations and in failed states Conversely a systematic erosion of religious practices values and beliefs has occurred among the more prosperous strata in rich nations

Handbook of Cultural Psychiatry Wen-Shing Tseng, 2001-06-06 Cultural psychiatry is primarily concerned with the transcultural aspects of mental health related to human behavior psychopathology and treatment At a clinical level cultural psychiatry aims to promote culturally relevant mental health care for patients of diverse ethnic or cultural backgrounds From the standpoint of research cultural psychiatry is interested in studying how ethnic or cultural factors may influence human behavior and psychopathology as well as the art of healing On a theoretical level cultural psychiatry aims to expand the knowledge and theories about mental health related human behavior and mental problems by widening the

sources of information and findings transculturally and providing cross cultural validation This work represents the first comprehensive attempt to pull together the clinical research and theoretical findings in a single volume Key Features Written by a nationally and internationally well known author and scholar The material focuses not only on the United States but also on various cultural settings around the world so that the subject matter can be examined broadly from universal as well as cross cultural perspectives Proper combination of clinical practicalities and conceptual discussion Serves as a major source for use in the training of psychiatric residents and mental health personnel as well as students of behavior science in the areas of culture and mental health A total of 50 chapters with detailed cross referencing Nearly 2000 references plus an appendix of almost 400 books 130 tables and figures

Cultural Politics and Asian Values Michael D. Barr,2012-11-12 Cultural Politics and Asian Values looks at the political cultural and religious background of East and Southeast Asian societies and those of the West with a view to seeing how they are affecting contemporary national and international politics democratization the international human rights discourse NGOs and globalization The book surveys the political history and pre history of the Asian values debate taking it up to the era of Megawati Sukarnoputri Chen Shui bian and Kim Dae jung In chapters on Confucianism Buddhism Islam Christianity and liberalism Barr explores the histories and conceptual essences of the world religions involved in or affected by the debate

Human Beliefs and Values Ronald Inglehart,2004 Este libro es una importante herramienta para entender c mo las actitudes econ micas sociales pol ticas y culturales difieren de una sociedad a otra y c mo cambian con el desarrollo de la econom a y la tecnolog a Proporciona informaci n detallada acerca de los valores sociales religi n econom a y pol tica analizado por edad nivel educativo ingresos y g nero Adem s nos muestra los cambios que se han dado en el tiempo This book is a valuable tool for understanding how social political economic and cultural attitudes differ from one society to another and how they are changing with economic and technological development Gives detailed information about people s political religious economic and social values analyzed by age education income and gender and showing changes over time

Religion and Development in the Global South Rummy Hasan,2017-09-21 This book examines how the beliefs and practices of each of the major world religions as well as other belief systems affect the variables that influence growth and development in the Global South Evidence suggests that as countries develop the influence of religion on all aspects of society declines In stark contrast to the developed world in the Global South the role of religion is highly pervasive the distinctive conclusion of this book is therefore that a lessening of religiosity is a sine qua non for growth and development including secular laws and constitutions Offering a ground breaking study in an area little explored in the English language this book will satisfy an important gap in the literature on the political economy of development sociology of religion law and anthropology
