**Religions Of Tibet** Tucci,2012-11-12 Very little is known in the West about Tibetan Buddhism in comparison with other eastern religions This is partly because the vast literature which it has produced and which illuminates its history is still far from accessible In addition there exists a deep division between monastic Lamaism and religion as it is lived by the people the former is fragmented into many schools while the latter shows numerous regional variations The first comprehensive account of Tibetan Buddhism to be published in English since Waddell s Buddhism of Tibet appeared in 1894 this translation is certain to become the standard reference work on the subject

by both ordinary and extraordinary people throughout the continent of Asia. These materials, many of which had never before been translated into any Western language, include ritual manuals, hagiographical and autobiographical writings, popular commentaries, instructions to children, poetry, and folktales. Each is preceded by a substantial introduction in which the translator discusses the text's history and influence and guides the reader through points of potential difficulty and particular interest. The volume includes, in addition, clear and compelling introductions to each of the major traditions. *Religions of Asia in Practice: An Anthology* offers a fascinating look at the spectrum of religious practices in Asia over almost three millennia. **Discovering World Religions at 24 Frames Per Second** Julien R. Fielding, 2008-09-26. Traditionally, university students have gained access to world religions by reading primary texts. *Discovering World Religions at 24 Frames Per Second* takes students beyond the written page, offering an exploration of the same religious traditions through the study of feature films. The many definitions of religion are examined along with its various components, including doctrine, myth, ethics, ritual, and symbol. Specific religious traditions, including Hinduism, Sikhism, Zoroastrianism, Buddhism, Confucianism, Daoism, popular religion, and Shinto, are examined. Biographical sketches of directors whose films tend to focus on a particular religious tradition are also included, such as Zhang Yimou, Hayao Miyazaki, Deepa Mehta, and Akira Kurosawa. *Discovering World Religions at 24 Frames Per Second* is unique in the area of religion and film studies in that it isn't just a collection of essays. Instead, it provides the introductory student with the necessary background information on the various religions before looking at how their ideas can be understood, not through texts but through the cinematic medium. To keep the conversation fresh, most of the films used in the book were made within the last decade. Furthermore, examples range from popular mainstream fare, such as *Star Wars* and the *Lord of the Rings* trilogy, to lesser-known foreign films, such as *The Wooden Man's Bride* and *The Great Yokai War*. Several films with a cult-like following are also discussed, including *Fight Club*, *Princess Mononoke*, *Spirited Away*, and *Jacob's Ladder*. This book is also unique in that, instead of drawing upon the Judeo-Christian tradition, it draws from Eastern traditions.

**Introducing Tibetan Buddhism** Geoffrey Samuel, 2012. *Introducing Tibetan Buddhism* is the ideal starting point for students wishing to undertake a comprehensive study of Tibetan religion. This lively introduction covers the whole spectrum of Tibetan religious history, from early figures and the development of the old and new schools of Buddhism to the spread and influence of Tibetan Buddhism throughout the world. Geoffrey Samuel covers the key schools and traditions, as well as Bon, and bodies of textual material, including the writings of major lamas. He explores aspects such as the path to liberation through Sutra and Tantra, teachings, philosophy, ethics, ritual, and issues of gender and national identity. Illustrated throughout, the book includes a chronology, glossary, pronunciation guide, summaries, discussion questions, and recommendations for further reading to aid students' understanding and revision.
