Religious Ambiguity And Religious Diversity:

Religious Ambiguity and Religious Diversity Robert McKim, 2001-03-08 The religious ambiguity of the world has many aspects one of which is the hiddenness of God Theists have proposed a number of explanations of God's hiddenness Some putative explanations contend that the advantages of God's hiddenness goods of mystery outweigh whatever benefits would result if God's existence and nature were clear to us goods of clarity Goods of mystery that have received a lot of discussion include human moral autonomy and the ability on our part to exercise control over whether we believe in the existence of God The extent of the ambiguity that surrounds God's existence and indeed all important religious matters combined with our lack of an obviously correct and adequate explanation of this lack suggest that even if God exists it is not important that people believe in God Another central theme in the book is the significance of religious diversity for religious belief The character of this diversity is such that it provides people who take a position on religious matters with reason to adopt the Critical Stance which requires people in all the religious traditions to subject their religious beliefs to critical scrutiny and hold those beliefs in a tentative way Some contend that religious faith requires complete confidence in what is believed but tentative belief actually is sufficient to sustain many forms of religious commitment

Religious Ambiguity and Religious Diversity, 2001 **On Religious Diversity** Robert McKim, 2012-01-23 Robert McKim's goal in *On Religious Diversity* is to distinguish and examine a number of possible responses to the knowledge of other religious traditions that are available to all of us today He argues that the issues raised will be very pressing throughout the century we have just begun

Religious Perspectives on Religious Diversity, 2016-11-07 *Religious Perspectives on Religious Diversity* addresses fundamental and controversial questions raised by religious diversity What are members of religious traditions to say about outsiders their views and their salvific status And what are they to say about the religions of outsiders about say whether those religions are inspired or salvifically effective or worthwhile or legitimate Discussion of some Muslim Christian and Jewish perspectives is combined with more methodological work The authors of these ground breaking and original yet readable and accessible essays include established scholars and younger scholars whose reputation is growing Contributors are Imran Aijaz David Basinger Paul Rhodes Eddy Jerome Gellman Mohammad Hassan Khalil Eugene Korn Daniel A Madigan Robert McKim John Sanders and Diego R Sarri Cucarella Judaism Christianity and Islam's attitudes to other religions are thoughtfully examined in this collection both with fine historical sensibility as well as original constructive contributions from leading scholars in the field A series of helpful meta reflections follow on typologies in theology of religions the act of comparison between traditions and a plea for informed tolerance when difference is confronted A rare treat an edited collection that is of uniformly high quality throwing immense light on the subject It will help specialists and undergraduate students approaching the subject of religious pluralism Professor Gavin D Costa University of Bristol September 2016

Religious Diversity and Religious Progress Robert McKim, 2019-01-10 What is someone who has a perspective on

religious matters to say about those who endorse other perspectives What should they say about other religions For example might some of their beliefs be true What stage are we human beings at in our religious development Are we close to maturity religiously speaking so that most of the important religious ideas and innovations there will ever be have already appeared Or are we starting out in our religious evolution so that religious developments to date are merely the first rude efforts of a species in its religious infancy

Religious Diversity Roger Trigg, 2014-04-21 Religious Diversity examines whether believing in a religion's truth increases intolerance and how the existence and growth of multiple religions affects political societies

Religious Tolerance through Humility David Basinger, 2016-12-05 The acclaimed scholars contributing to this volume place under scrutiny a fascinating alternative proposal for a pathway to religious tolerance that serious consideration of religious diversity tends to reveal the weakness of support many have for their religious commitments and the humility produced tends to result in religious tolerance The authors illuminate the debate within philosophy about the way beliefs are supported the controversy between internalism and externalism and disagreement about how humility and tolerance are related Critical and supportive views are represented so that the main lines of agreement and disagreement rise to the surface and are mapped out for the first time The collection honours Philip Quinn who advocated the pathway so rigorously that the special attention given to his views focuses and deepens the critical discussion Original essays by some of the most respected contemporary intellectuals in this field make this collection especially attractive

On Religious Diversity Robert McKim, 2012-03-06 Robert McKim's goal in On Religious Diversity is to distinguish and examine a number of possible responses to the knowledge of other religious traditions that are available to all of us today He argues that the issues raised will be very pressing throughout the century we have just begun

A Comparative Doxastic-Practice Epistemology of Religious Experience Mark Owen Webb, 2014-08-18 This book takes a theoretical enterprise in Christian philosophy of religion and applies it to Buddhism thus defending Buddhism and presenting it favorably in comparison Chapters explore how the claims of both Christianity and Theravada Buddhism rest on people's experiences so the question as to which claimants to religious knowledge are right rests on the evidential value of those experiences The book examines mysticism and ways to understand what goes on in religious experiences helping us to understand whether it is good grounds for religious belief The author argues that religious language in both Christian and Buddhist traditions is intelligible as factual discourse and so reports of mystical experience are true or false The book contends that those experiences can be fruitfully thought of as perceptual in kind and that they are therefore good prima facie grounds for religious belief in the absence of defeating conditions The work goes on to explore Christian and Buddhist testimony and how the likelihood of self-deception self-delusion imaginative elaboration and the like constitutes a defeating condition It is shown that this defeater has less scope for operation in the Buddhist case than in the Christian case and therefore Theravada Buddhism is better grounded This work will appeal to students and scholars of philosophy and philosophy of religion and those interested in the study of

religious experience *The Epistemology of Religious Disagreement* J. Kraft, 2012-05-21 Many assume falsely that religious disagreements engage rules of evidence presentation and belief justification radically different than the ordinary disagreements people have every day whether those religious disagreements are in Sri Lanka between Hindus and Buddhists or in the Middle East among Jews Christians and Muslims *Faith, Philosophy and the Reflective Muslim* Z. Ali, 2013-05-07 Most modern literature on the rationality of religious belief is primarily written from Christian and Secular perspectives the introduction of a reflective Muslim perspective provides a fresh and alternative perspective This work aims to pioneer an engagement with contemporary philosophical scholarship from the perspective of a reflective Muslim **Introducing Philosophy of Religion** Chad Meister, 2009-02-13 Does God exist What about evil and suffering How does faith relate to science Is there life after death These questions fascinate everyone and lie at the heart of philosophy of religion Chad Meister offers an up to date introduction to the field focussing not only on traditional debates but also on contemporary concepts such as the intelligent creator Key topics such as divine reality and the self and religious experience are discussed in relation to different faiths Introducing Philosophy of Religion offers a lucid overview of contemporary philosophy of religion introduces the key figures in the history of philosophy of religion explores the impact of religious diversity and pluralism examines the main arguments for and against the existence of God and the nature of the divine looks at science and issues of faith and reason explores how the different religions approach the concept of life after death The wealth of textbook features including tables of essential information questions for reflection summaries glossary and recommendations for further reading make the book ideal for student use Along with its accompanying Reader this is the perfect introductory package for undergraduate philosophy of religion courses Visit the book's companion website at www.routledge.com/textbooks/9780415403276 Features include an interactive glossary a timeline powerpoint slides on all the chapters chapter outlines lists of objectives for study **Realism and Religion** Michael Scott, 2017-09-29 This book draws together a distinguished group of philosophers and theologians to present new thinking on realism and religion The religious realism antirealism debate concerns the questions of God's independence from human beings the nature of religious truth and our access to religious truths Although both philosophers and theologians have written on these subjects there has been little sustained investigation into these issues akin to that found in comparable areas of research such as ethics or the philosophy of science In addition the absence of any agreed approach to the problem underlines both the need for fresh thought on it and the fruitfulness of this area for further research The editors introduction sets the context of the realism debate traces connections amongst the essays which follow and proposes lines for future development and enquiry The contributors present a variety of contrasting positions on key issues in the religious realism debate and each opens up new and important themes Gordon Kaufman Peter Lipton and Simon Blackburn provide the opening chapters and the context for the collection Alexander Bird John Hare Graham Oppy and Nick Trakakis Merold Westphal and John Webster explore topics that are central

to the debate This volume of original essays will both introduce newcomers to the field and suggest new lines of research for those already familiar with it *Religious Diversity in Contemporary Philosophy of Religion* Amir Dastmalchian,2010

The God Beyond Belief Nick Trakakis,2006-11-03 This study of Professor William Rowe s defense of atheism on the basis of evil assesses the literature that has developed in response to Rowe s work closely examining two strategies mystery the idea that God may have reasons beyond our comprehension for permitting evil and theodicy explanations as to why God allows evil to flourish The book unearths difficulties in both concluding that the God of theism must be beyond belief **The Routledge Companion to Feminist Philosophy** Ann Garry,Serene J. Khader,Alison Stone,2017-09-19 The Routledge Companion to Feminist Philosophy is an outstanding guide and reference source to the key topics subjects thinkers and debates in feminist philosophy Fifty six chapters written by an international team of contributors specifically for the Companion are organized into five sections 1 Engaging the Past 2 Mind Body and World 3 Knowledge Language and Science 4 Intersections 5 Ethics Politics and Aesthetics The volume provides a mutually enriching representation of the several philosophical traditions that contribute to feminist philosophy It also foregrounds issues of global concern and scope shows how feminist theory meshes with rich theoretical approaches that start from transgender identities race and ethnicity sexuality disabilities and other axes of identity and oppression and highlights the interdisciplinarity of feminist philosophy and the ways that it both critiques and contributes to the whole range of subfields within philosophy **Perspectives on the Philosophy of William P. Alston** Heather D. Battaly,Michael P. Lynch,2005-04-06 One of the most influential analytic philosophers of the late twentieth century William P Alston is a leading light in epistemology philosophy of religion and the philosophy of language In this volume twelve leading philosophers critically discuss the central topics of his work in these areas including perception epistemic circularity justification the problem of religious diversity and truth Together with Alston s vigorous responses these articles make significant new contributions to the literature and will be of interest to a wide range of philosophers and students In addition the volume contains a comprehensive introduction and overview of Alston s work and a complete bibliography of his publications **Disagreeing Virtuously** Vainio, Olli-Pekka,2017 Disagreement is inevitable particularly in our current context marked by the close coexistence of conflicting values and perspectives in politics religion and ethics How can we deal with disagreement ethically and constructively in our pluralistic world In *Disagreeing Virtuously* Olli Pekka Vainio presents a valuable interdisciplinary approach to that question drawing on insights from intellectual history the cognitive sciences philosophy of religion and virtue theory After mapping the current discussion on disagreement among various disciplines Vainio offers fresh ways to understand the complicated nature of human disagreement and recommends ways to manage our interpersonal and intercommunal conflicts in ethically sustainable ways *The Biographical Encyclopedia of Islamic Philosophy* Oliver Leaman,2015-07-16 Philosophy flourished in the Islamic world for many centuries and continues to be a significant feature of cultural life today Now available in paperback The

Biographical Encyclopedia of Islamic Philosophy covers all the major and many minor philosophers theologians and mystics who contributed to its development With entries on over 300 thinkers and key concepts in Islamic philosophy this updated landmark work also includes a timeline glossary and detailed bibliography It goes beyond philosophy to reference all kinds of theoretical inquiry which were often linked with philosophy such as the Islamic sciences grammar theology law and traditions Every major school of thought from classical Peripatetic philosophy to Sufi mysticism is represented and entries range across time from the early years of the faith to the modern period Featuring an international group of authors from South East Asia the Indian Subcontinent the Middle East and North Africa Europe and North America The Biographical Encyclopedia of Islamic Philosophy provides access to the ideas and people comprising almost 1400 years of Islamic philosophical tradition

Problems of Religious Luck Guy Axtell, 2020-07-07 To speak of being religious lucky certainly sounds odd But then so does My faith holds value in God's plan while yours does not This book argues that these two concerns with the concept of religious luck and with asymmetric or sharply differential ascriptions of religious value are inextricably connected It argues that religious luck attributions can profitably be studied from a number of directions not just theological but also social scientific and philosophical There is a strong tendency among adherents of different faith traditions to invoke asymmetric explanations of the religious value or salvific status of the home religion vis vis all others Attributions of good bad religious luck and exclusivist dismissal of the significance of religious disagreement are the central phenomena that the book studies Part I lays out a taxonomy of kinds of religious luck a taxonomy that draws upon but extends work on moral and epistemic luck It asks What is going on when persons theologies or purported revelations ascribe various kinds of religiously relevant traits to insiders and outsiders of a faith tradition in sharply asymmetric fashion I am saved but you are lost My religion is holy but yours is idolatrous My faith tradition is true and valued by God but yours is false and valueless Part II further develops the theory introduced in Part I pushing forward both the descriptive explanatory and normative sides of what the author terms his inductive risk account Firstly the concept of inductive risk is shown to contribute to the needed field of comparative fundamentalism by suggesting new psychological markers of fundamentalist orientation The second side of what is termed an inductive risk account is concerned with the epistemology of religious belief but more especially with an account of the limits of reasonable religious disagreement Problems of inductively risky modes of belief formation problematize claims to religion specific knowledge But the inductive risk account does not aim to set religion apart or to challenge the reasonableness of religious belief tout court Rather the burden of the argument is to challenge the reasonableness of attitudes of religious exclusivism and to demotivate the polemical apologetics that exclusivists practice and hope to normalize

Thank you completely much for downloading **Religious Ambiguity And Religious Diversity**. Most likely you have knowledge that, people have look numerous period for their favorite books when this Religious Ambiguity And Religious Diversity, but end taking place in harmful downloads.

Rather than enjoying a good ebook in the same way as a mug of coffee in the afternoon, then again they juggled taking into account some harmful virus inside their computer. **Religious Ambiguity And Religious Diversity** is to hand in our digital library an online admission to it is set as public hence you can download it instantly. Our digital library saves in multipart countries, allowing you to get the most less latency period to download any of our books gone this one.
