## **Religious Philosophy A Group Of Essays:**

*Religious Philosophy* Harry Austryn Wolfson, 1961      *Religious Philosophy* Harry Austryn Wolfson, 1961      *Spinoza In English, A Bibliography* Wayne Boucher, 1999-06-15 Spinoza in English is the first bibliography to document the entire 300 year record of books monographs dissertations and articles in English on Benedict Spinoza as well as all translations of his works into English Arranged alphabetically by author or editor and internally cross referenced in the case of anthologies and replies this bibliography cites its own sources where appropriate and in many cases provides details on how to obtain out of print titles and unpublished dissertations Additionally it restores or corrects a good deal of earlier bibliographic detail and beginning with titles from the mid 1800s presents the citations in a uniform style This second edition adds hundreds of citations including dozens of titles hitherto overlooked thus bringing the total to nearly 2700 on the main level with hundreds of secondary references to later editions and reprints It also provides an index and occasionally an abstract when the author's title inadequately describes the contents As the only source of its kind this bibliography is an indispensable reference tool for research libraries and individual scholars concerned with the life and works of Spinoza Wayne Boucher's introduction is augmented by a preface by Professor Manfred Walther the most complete bibliography of works in English on Spinoza enlarged corrected and improved from first edition with numbered entries uniquely comprehensive current and authoritative numbered entries and subject title index for easy reference

*Routledge History of World Philosophies* Seyyed Hossein Nasr, 1996 Islamic Philosophy has often been treated as mainly of historical interest belonging to the history of ideas rather than to philosophy This volume challenges this belief The Routledge History of Philosophy is made up entirely of essays by a distinguished list of writers They provide detailed discussions of the most important thinkers and the key concepts in Islamic philosophy from earliest times to the present day

*Saints' Lives and the Rhetoric of Gender* John Kitchen, 1998-08-13 Medieval lives of female saints have attracted wide attention in recent years Some scholars have argued that such texts reveal a distinctive form of female sanctity which only female hagiographers managed to properly articulate and important writings have been attributed to female authors on that assumption In this revisionist work John Kitchen tests such claims through a close examination of several texts lives of both male and female saints by authors of both sexes from sixth century France He argues that sometimes the authentic voice of the female writer or saint sounds emphatically male This study gives examples of how both male and female authors sometimes depicted holy women talking acting or even dressing like their male counterparts Ultimately the author aims to cast doubt on the assumption that male authors were ignorant of or hostile toward certain specifically female concerns By the same token Kitchen's work raises serious methodological problems with the gender approach to the hagiographic literature of the early Middle Ages

*Philo and the Church Fathers* Douwe (David) Runia, 2015-12-22 The extensive writings of the Jewish philosopher and exegete Philo of Alexandria 15 BCE to 50 CE were preserved through the efforts of early Christians who decided that these works could assist

them in developing their own distinctive kind of thought The present collection of papers written from 1989 to 1994 is published as a companion volume to the author s monograph Philo in Early Christian Literature A Survey 1993 The papers deal with various aspects of the process of reception that Philo received at the hands of the Church Fathers Authors who are given particular attention are Athenagoras Clement Origen Basil Gregory of Nyssa Isidore of Pelusium and Augustine The papers also include a hitherto unpublished English translation of the author s inaugural lecture held at Utrecht in April 1992

History of Islamic Philosophy Oliver Leaman, Seyyed Hossein Nasr, 2020-08-17 Islamic philosophy has often been treated as being largely of historical interest belonging to the history of ideas rather than to philosophical study This volume successfully overturns that view Emphasizing the living nature and rich diversity of the subject it examines the main thinkers and schools of thought discusses the key concepts of Islamic philosophy and covers a vast geographical area This indispensable reference tool includes a comprehensive bibliography and an extensive index

Knowledge and Cosmos Robert K. DeKosky, 2023-10-10 In Knowledge and Cosmos Development and Decline of the Medieval Perspective 2nd Edition Robert K DeKosky focuses on issues in astronomy cosmology physics matter theory philosophy and theology vital to the Copernican Revolution This book describes efforts among individuals advocating different world views to fit new ideas compatibly into broad perspectives reflecting four traditional patterns of interpretation teleological mechanical occultist and mathematico descriptive These four modes had guided medieval accounts of heavenly phenomena material process and motion The teleological explanation prevalent in Aristotle s natural philosophy posited final causes ends or goals toward which objects strove or attempted to become Ancient classical atomists had emphasized strictly mechanical explanations invoking direct material contact and collision of moving matter as agents of physical change Traditions of astrology magic and alchemy embraced an occultist pattern of interpretation citing hidden forces opaque to both sensual detection and rational understanding as explanations of various phenomena Finally the mathematico descriptive approach interpreted natural phenomena according to geometric or arithmetic relationships unlike the other three this did not involve causal explanation of a process Part I discusses development of the four patterns in the ancient period and their uneasy medieval relationships with each other and with basic Judaeo Muslim Christian exigencies of faith Theory of the heavens follows including the mathematico descriptive approach of Ptolemaic astronomy the teleological and mechanical cosmology of Aristotle and occultist interpretations of astrologers and magicians Part I then turns to matter and materiality discussing differences among the mechanical philosophy of classical atomism teleological emphases in Aristotle s material theory and occultist assumptions of some alchemists Finally Part I analyzes conceptions of motion focusing on Aristotelian interpretations and critical commentaries thereon during the Middle Ages Part II relates struggles of leading early modern figures to adapt new concepts e g Copernicus heliocentric astronomy cosmology Galileo s inertial theories of motion and Kepler s elliptical planetary orbit to an allegiance to two or more of the four patterns of interpretation By this approach it

identifies decreasing dependence on teleological explanation of physical phenomena as crucial to decline of medieval interpretations of those phenomena followed by rejection of teleology in the natural philosophy of Descartes and subsequent fruitful confluence of the mechanical mathematico descriptive and occultist patterns in the physics and cosmology of Isaac Newton

*The Footprints of God* Stephen D. Benin, 2012-02-01 This book traces one exegetical interpretative principal divine accommodation in Jewish and Christian thought from the first to the nineteenth century The focus is upon major figures and the place of accommodation in their work Divine accommodation the idea that divine revelation had to be attuned to the human condition is a vital interpretive device in the history of both Judaism and Christianity Accommodation is present not only in the language style and tone of Scripture but in all of human history This is the first systematic study of the concept of accommodation and shows how both religions employed the same interpretative tool for different purposes and to different ends

*The Commentary of R. ḥōṭer b. Shelōmō to the Thirteen Principles of Maimonides* David R

Blumenthal, 2022-05-09

**Species intelligibilis. 1. Classical roots and medieval discussions** Leen Spruit, 1994 The main purpose of this book is to offer a comprehensive historical analysis of the discussions on a crucial problem for the Medieval theory of knowledge the formal mediation of sensible reality in intellectual knowledge

**Davidson and Spinoza** Floris van der Burg, 2007-01-01 Baruch Spinoza a Dutch rationalist philosopher of the 17th century and Donald Davidson one of the most distinguished contemporary American analytic philosophers are two thinkers not usually analysed in conjunction with each other in the philosophical literature yet there are remarkable parallels in their thought In this book Floris van der Burg identifies topics of comparison in the areas of ontology epistemology philosophy of mind and philosophy of language and after explaining the theory of each philosopher examines the parallel themes between Spinoza and Davidsonian theory

Christianity & Western Thought Colin Brown, Steve Wilkens, Alan G. Padgett, 1990 From Socrates and the Sophists to Kant from Augustine to Aquinas and the Reformers Colin Brown traces the turbulent often tension filled always fascinating story of the thinkers ideas and movements that have shaped our intellectual landscape Is philosophy the handmaiden of faith or the doctrine of demons Does it clarify the faith or undermine the very heart of Christian belief Brown writes This book is about the changes in preconceptions world views and paradigms that have affected the ways in which people have thought about religion in general and Christianity in particular in the Western world It is a historical sketch written to help students and anyone else who might be interested to get a better grasp of the love hate relationship between philosophy and faith that has gone on for close to two thousand years Students pastors and thoughtful Christians will benefit from this rich resource The first in a proposed three volume work Brown s easy to read hard to put down introduction to Christianity and Western thought focuses on developments from the ancient world to the Age of Enlightenment

**The Philosophic Questions and Answers of Ḥōṭer ben Shelōmō** David R. Blumenthal, 2022-07-18

The Jewish Intellectual Tradition Alan Kadish, Michael A. Shmidman, Simcha Fishbane, 2021-01-19 The Jewish intellectual tradition has a long and complex history that has resulted

in significant and influential works of scholarship In this book the authors suggest that there is a series of common principles that can be extracted from the Jewish intellectual tradition that have broad even life changing implications for individual and societal achievement These principles include respect for tradition while encouraging independent often disruptive thinking a precise system of logical reasoning in pursuit of the truth universal education continuing through adulthood and living a purposeful life The main objective of this book is to understand the historical development of these principles and to demonstrate how applying them judiciously can lead to greater intellectual productivity a more fulfilling existence and a more advanced society     Spinoza in English Wayne I. Boucher,1991-08-01 Spinoza in English is the first bibliography to bring together the entire 325 year record of books monographs dissertations and articles in English on Benedict de Spinoza 1632 1677 including translations of his works into English Well over 2100 citations are presented bringing this record through early 1991 Arranged alphabetically by author or editor and internally cross referenced for ease of use this bibliography also cites its own sources where appropriate and in many cases provides guidance on how to obtain unpublished or out of print titles Additionally it restores or corrects a good deal of earlier bibliographic detail identifies dozens of publications hitherto overlooked and beginning with titles from the mid 1800 s presents the citations in a uniform style

*The Reception of Philo of Alexandria* Courtney J. P. Friesen,David Lincicum,David T. Runia,2025-01-12 Philo of Alexandria was a Jewish statesman philosopher and religious thinker A significant amount of his literary corpus was preserved by Christian hands and thereby came to resource numerous theologians in the Christian tradition After passing into obscurity in Jewish circles in antiquity Philo was rediscovered in the Italian Renaissance and came to feature in Jewish tradition once again Philo s works straddle an interest in exegesis and philosophy and the multi faceted contents of his thought ensured a long history of reception among readers with their own agendas This authoritative and systematic collection of essays by an international team of experts surveys Philo s reception from the time of his immediate contemporaries to the present day The book unfolds over six sections the first centuries late antiquity the middle ages the renaissance and early modern period from the eighteenth to the twentieth centuries and contemporary perspectives     *Maimonides* David Hartman,2010 In his 1976 *Maimonides Torah and Philosophical Quest* David Hartman departs from traditional scholarly views about Maimonides by offering a new way of understanding the great man and his work This expanded edition contains Hartman s new postscript A 12th century rabbi scholar physician and philosopher Moses Maimonides is best known for his two great works on Judaism *Mishneh Torah* and *Guide to the Perplexed* They have often been viewed by scholars as having different audiences and different messages together reflecting the two sides of the author himself Maimonides the halakhist who focused on piety through obedience to Jewish law and Maimonides the philosopher who advocated closeness with God through reflection and knowledge of nature Hartman argues that while many scholars look at one aspect of Maimonides to the exclusion or dismissal of the other the way to really understand him is to see both adherence to the law and philosophical pursuits as two

essential aspects of Judaism Hartman's 2009 postscript sheds new light on his argument and indeed on Judaism as Maimonides interpreted it In it Hartman explains that while Maimonides never envisioned the integration of halakhah with philosophy he did view them as existing in a symbiotic relationship While the focus of the Mishneh Torah was halakha and obedience to Jewish law Guide to the Perplexed spoke to individuals whose love of God grew through their passion devotion and yearning to understand God's wisdom and power in nature Both modes of spiritual orientation lived in the thought of Maimonides     **Religious Books, 1876-1982** ,1983     Weakness of the Will in Medieval Thought Saarinen,2021-12-06 This book sets out to examine the medieval understanding of Aristotle's famous discussion of weakness of the will akrasia incontinentia in the seventh book of his Nicomachean Ethics The medieval views are outlined primarily on the basis of the commentaries on Aristotle's Ethics by Albert the Great Thomas Aquinas Walter Burley Gerald Odonis and John Buridan An investigation of the earlier Augustinian discussion concerning reluctant actions invitius facere rounds out the study The recent studies of weakness of the will have neglected the medieval philosophers The present volume fills this gap in historical research and shows that especially the conceptual refinement of the fourteenth century discussion makes contributions that are comparable to those of twentieth century philosophers
