Religious Art in France of the Thirteenth Century Emile Mâle, 2000-01-01 Classic by noted art historian focuses on French cathedrals of the 13th century as apotheosis of medieval style Iconography bestiaries illustrated calendars gospels secular history many other aspects 190 black and white illustrations **Religious art in France** Emile Mâle, 1984

Religious Art in France Emile Mâle, 1913 French art historian mile M le wrote this volume on religious art of France in the 13th century **Religious Art in France, XIII Century** Emile Mâle, 1913 Religious Art in France, XIII Century Emile Male, 2018-10-06 The art in medieval cathedrals in addition to its profound aesthetic appeal told unlettered churchgoers a series of morality tales From divine creation to the lives of the saints the stone sculpture and stained glass windows provided dramatic illustrations of the key elements of Christian doctrine Unfortunately the true meaning of these religious artworks was gradually obscured by time In 1913 however this brilliant study appeared clarifying and illuminating the original ideas and concepts behind the sacred art of the Middle Ages The book was hailed by Bernard Berenson as the most illuminating the most informing and the most penetrating book on the subject Focusing on the 13th century as the apotheosis of the medieval style M le a noted art historian explains that the decorative features of French cathedrals served as testimonials of religious faith His topics include medieval iconography bestiaries illustrated calendars representations of the virtues and vices symbolic windows saints the gospels secular history and many other aspects of medieval religious art This groundbreaking work enhanced with 190 illustrations that buttress the points made in the text remains unsurpassed in its style and brilliant synthesis of many disparate elements of the topic The Gothic Image Emile Male, 2018-02-20 Emile Male s book aids understanding of medieval art and medieval symbolism and of the vision of the world which presided over the building of the French cathedrals It looks at French religious art in the Middle Ages its forms and especially the Eastern sources of sculptural iconography used in the cathedrals of France Fully illustrated with many footnotes it acts as a useful guide for the student of Western culture **Religious Art in France** ?mile M?le, 1913 French art historian mile M le wrote this volume on religious art of France in the 13th century **Religious Art in France, XIII Century** Emile Mâle, 2016-06-22 Excerpt from Religious Art in France XIII Century A Study in Mediaeval Iconography and Its Sources of Inspiration To the Middle Ages art was didactic All that it was necessary that men should know the history of the world from the creation the dogmas of religion the examples of the saints the hierarchy of the virtues the range of the sciences arts and crafts all these were taught them by the windows of the church or by the statues in the porch The pathetic name of Biblia pauperum given by the printers of the fifteenth century to one of their earliest books might well have been given to the church There the simple the ignorant all who were named sancta plebs Dei learned through their eyes almost all they knew of their faith Its great figures so spiritual in conception seemed to bear speaking witness to the truth of the Church s teaching The countless statues disposed in scholarly design were a symbol of the marvellous order that through the genius of

St Thomas Aquinas reigned in the world of thought Through the medium of art the highest conceptions of theologian and scholar penetrated to some extent the minds of even the humblest of the people But the meaning of these profound works gradually became obscure New generations with a different conception of the world no longer understood them and from the second half of the sixteenth century medieval art became an enigma Symbolism the soul of Gothic art was dead The Church was ashamed of the once beloved legends in which for so many centuries Christianity had been nurtured The council of Trent marks the end of the old artistic tradition and we know from a book full of the spirit of the council that the writer Molanus the theologian had lost the key to the art of the Middle Ages In the seventeenth and eighteenth centuries the Benedictines of Saint Maur when writing of the ancient churches of France displayed an ignorance which was anything but creditable to their order s reputation for learning In his *Monuments de la monarchie française* Montfaucon reads into the cathedral facades scenes from the history of France and portraits of her kings And what can one say of those who speak of Gothic bas reliefs and statues as they might speak of the antiquities of India About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Medieval Christian Literary Imagery Robert Earl Kaske, Arthur Groos, Michael W. Twomey, University of Toronto. Centre for Medieval Studies, 1988-01-01 If a reader of Chaucer suspects that an echo of a biblical verse may somehow depend for its meaning on traditional commentary on that verse how does he or she go about finding the relevant commentaries If one finds the word fire in a context that suggests resonances beyond the literal how does that reader go about learning what the traditional figurative meanings of fire were It was to the solution of such difficulties that R E Kaske addressed himself in this volume setting out and analyzing the major repositories of traditional material biblical exegesis the liturgy hymns and sequences sermons and homilies the pictorial arts mythography commentaries on individual authors and a number of miscellaneous themes An appendix deals with medieval encyclopedias Kaske created a tool that will revolutionize research in its designated field the discovery and interpretation of the traditional meanings reflected in medieval Christian imagery

The Books that Shaped Art History: From Gombrich and Greenberg to Alpers and Krauss Richard Shone, John-Paul Stonard, 2013-04-05 An exemplary survey that reassesses the impact of the most important books to have shaped art history through the twentieth century Written by some of today's leading art historians and curators this new collection provides an invaluable road map of the field by comparing and reexamining canonical works of art history From mile M le's magisterial study of thirteenth century French art first published in 1898 to Hans Belting's provocative *Likeness and Presence A History of the Image before the Era of Art* the book provides a concise and insightful overview of the history of art told through its most enduring literature Each of the essays looks at the impact of a single major book of art history mapping the intellectual development of the writer under review setting out the premises and argument of the book considering its position within the broader field of art history and analyzing its significance in the context of both its initial reception and its afterlife An introduction by John Paul Stonard explores how art history has been forged by outstanding contributions to scholarship and by the dialogues and ruptures between them
