

# Religious Cults In America

**James Ciment**

## **Religious Cults In America:**

*Religious Cults in America* Robert Emmet Long, 1994 Discusses the different religious cults in the U S and focuses on the 1993 incident involving the Branch Davidians in Waco Texas      **Encyclopedic Handbook of Cults in America** J. Gordon Melton, 1992 First Published in 1993 Routledge is an imprint of Taylor Francis an informa company      Encyclopedic Handbook of Cults in America J. Gordon Melton, 2014-05-22 Covers the history founders beliefs and literature of over five hundred nonconventional and alternative religious movements      **American Cult: A Graphic History of Religious Cults in America from the Colonial Era to Today** Robyn Chapman, 2022-02 NOW AVAILABLE IN HARDCOVER From its earliest days America was a home for spiritual seekers In 1694 the religious tolerance of the Pennsylvania Colony enticed a Transylvanian monk and his forty followers to cross the Atlantic Almost two hundred years later a charismatic preacher founded a utopian community in Oneida New York that practiced socialism and free love In the 1960s and 70s a new generation of seekers gathered in vegetarian restaurants in Los Angeles Satanic coffee shops in New Orleans and fortified communes in Philadelphia And in the twenty first century gurus find their flocks through self help seminars and get rich quick schemes Across the decades Americans in search of divine truths have turned to unconventional prophets for the answers Some of these prophets have demanded their faith fortunes and even their very lives In American Cult over twenty cartoonists explore the history of these groups with clarity and empathy digging deep to find the human stories within

**The Encyclopedic Handbook of Cults in America** J. Gordon Melton, 1986 This book provides accurate information on about 30 alternative or nonconventional religious movements plus the anti cult movement The author describes life in a cult and discusses violence in cults      **Why Waco?** James D. Tabor, Eugene V. Gallagher, 2023-11-15 The 1993 government assault on the Branch Davidian compound near Waco Texas resulted in the deaths of four federal agents and eighty Branch Davidians including seventeen children Whether these tragic deaths could have been avoided is still debatable but what seems clear is that the events in Texas have broad implications for religious freedom in America James Tabor and Eugene Gallagher's bold examination of the Waco story offers the first balanced account of the siege They try to understand what really happened in Waco What brought the Branch Davidians to Mount Carmel Why did the government attack How did the media affect events The authors address the accusations of illegal weapons possession strange sexual practices and child abuse that were made against David Koresh and his followers Without attempting to excuse such actions they point out that the public has not heard the complete story and that many media reports were distorted The authors have carefully studied the Davidian movement analyzing the theology and biblical interpretation that were so central to the group's functioning They also consider how two decades of intense activity against so called cults have influenced public perceptions of unorthodox religions In exploring our fear of unconventional religious groups and how such fear curtails our ability to tolerate religious differences *Why Waco* is an unsettling wake up call Using the events at Mount Carmel as a cautionary tale

the authors challenge all Americans including government officials and media representatives to closely examine our national commitment to religious freedom The 1993 government assault on the Branch Davidian compound near Waco Texas resulted in the deaths of four federal agents and eighty Branch Davidians including seventeen children Whether these tragic deaths could have been avoided is still debatable Religious Intolerance, America, and the World John Corrigan,2020-04-17 As the news shows us every day contemporary American culture and politics are rife with people who demonize their enemies by projecting their own failings and flaws onto them But this is no recent development Rather as John Corrigan argues here it s an expression of a trauma endemic to America s history particularly involving our long domestic record of religious conflict and violence Religious Intolerance America and the World spans from Christian colonists intolerance of Native Americans and the role of religion in the new republic s foreign policy crises to Cold War witch hunts and the persecution complexes that entangle Christians and Muslims today Corrigan reveals how US churches and institutions have continuously campaigned against intolerance overseas even as they ve abetted or performed it at home This selective condemnation of intolerance he shows created a legacy of foreign policy interventions promoting religious freedom and human rights that was not reflected within America s own borders This timely captivating book forces America to confront its claims of exceptionalism based on religious liberty and perhaps begin to break the grotesque cycle of projection and oppression

**America's Alternative Religions** Timothy Miller,1995-01-01 This is a source of reliable information on the most important new and alternative religions covering history theology impact on the culture and current status It includes a chapter on the Branch Davidians Cults and New Religions Douglas E. Cowan,David G. Bromley,2015-06-15 This unparalleled introduction to cults and new religious movements has been completely up dated and expanded to reflect the latest developments each chapter reviews the origins leaders beliefs rituals and practices of a NRM highlighting the specific controversies surrounding each group A fully updated revised and expanded edition of an unparalleled introduction to cults and new religious movements Profiles a number of the most visible significant and controversial new religious movements presenting each group s history doctrines rituals leadership and organization Offers a discussion of the major controversies in which new religious movements have been involved using each profiled group to illustrate the nature of one of those controversies Covers debates including what constitutes an authentic religion the validity of claims of brainwashing techniques the implications of experimentation with unconventional sexual practices and the deeply rooted cultural fears that cults engender New sections include methods of studying new religions in each chapter as well as presentations on groups to watch **One Nation Under God?** Marjorie Garber,Rebecca Walkowitz,2013-09-13 One Nation Under God is a remarkable consideration of how religion manifests itself in America today *Social Issues in America* James Ciment,2015-03-04 More than 150 key social issues confronting the United States today are covered in this eight volume set from abortion and adoption to capital punishment and corporate crime from obesity and organized crime to sweatshops and xenophobia

**Unsafe Sects** Roger E. Olson, 2023-08-29 For some decades American and other culture has been obsessed with cults But what does cult mean How should a religious group be identified as a cult Who joins cults and why These and other questions are answered in this book It provides a basic introduction to cults unsafe sects especially from an orthodox Christian perspective Here readers will also find accounts of the author's personal experiences of cults *Introduction to New and Alternative Religions in America* William M. Ashcraft, Eugene V. Gallagher, 2006-10-30 Most new or alternative religious are gravely misunderstood by members of the religious mainstream Labeled cults or sects groups and their members are often ridiculed or otherwise disregarded as weird and potentially dangerous by the populace at large Despite their efforts at educating the general public the various anti and counter cult activists have in fact promoted much more misunderstanding than accurate understanding of the religious lives of some of their fellow citizens Consequently they have helped to create a very hostile environment for anyone whose religious practices do not fit within a so called mainstream This set rectifies the situation by presenting accurate comprehensive authoritative and accessible accounts of various new and alternative religious movements that have been and are active in American society and it addresses ways of understanding new and alternative religions within a broader context Determining what actually constitutes a new or alternative religion is a subject of constant debate Questions arise as to a new faith's legitimacy beliefs methods of conversion and other facets of a religious movement's viability and place in a given culture How a religion gains recognition by the mainstream which often labels such new movements as cults is fraught with difficulty tension and fear Here experts delineate the boundaries and examine the various groups beliefs movements and other issues related to new faiths and alternative beliefs Readers will come away with a fuller understanding of the religious landscape in America today Volume 1 History and Controversies discusses the foundations of new and alternative religions in the United States and addresses the controversies that surround them This volume helps readers better understand what makes a new or alternative belief system a religion and the issues involved Volume 2 Jewish and Christian Traditions explores the various new religions that have grown out of these two Abrahamic faiths Groups such as the Shakers the People's Temple the Branch Davidians Jehovah's Witnesses and others are examined Volume 3 Metaphysical New Age and Neopagan Movements looks at Shamanism Spiritualism Wicca and Paganism among other movements as they have developed and grown in the U S These faiths have found new and devoted followers yet are often misunderstood Volume 4 Asian Traditions focuses on those new and alternative religions that have been inspired by Asian religious traditions From Baha'i to Soka Gakkai from Adidam to the Vedanta Society contributors look at a full range of groups practicing and worshiping in the U S today Volume 5 African Diaspora Traditions and Other American Innovations examines the various traditions linked to the African diaspora such as Rastafarianism Santeria and the Nation of Islam alongside traditions that are truly American incarnations like Scientology UFO religions and Heaven's Gate Some of the new and alternative religions covered in these pages include Shamanism Wicca Black Israelites Santeria Scientology Elan Vital

Hare Krishna Soka Gakkai and many more      **Strange Gods** David G. Bromley, Anson D. Shupe, 1981 Examines in detail the history fund raising and possible use of brain washing by such religious cults as the Unification Church People's Temple and Hare Krishnas      *Religious Movements in Contemporary America* Irving I. Zaretsky, Mark P. Leone, 2015-03-08

Contemporary religious movements in America vary greatly in their organization goals methods and membership Reflecting the striking diversity of the current religious movement the papers in this volume consider three categories of religious movements native American churches recently founded religious groups and syncretistic groups based on imported cults The general aim is to understand the varieties of human behavior within these institutions and to point out their relationship to society in the United States Originally published in 1975 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905      **Mystics and Messiahs** Philip Jenkins, 2000-04-06 In *Mystics and Messiahs* the first full account of cults and anti cult scares in American history Philip Jenkins shows that contrary to popular belief cults were by no means an invention of the 1960s In fact most of the frightening images and stereotypes surrounding fringe religious movements are traceable to the mid nineteenth century when Mormons Freemasons and even Catholics were denounced for supposed ritualistic violence fraud and sexual depravity But America has also been the home of an often hysterical anti cult backlash Jenkins offers an insightful new analysis of why cults arouse such fear and hatred both in the secular world and in mainstream churches many of which were themselves originally regarded as cults He argues that an accurate historical perspective is urgently needed if we are to avoid the kind of catastrophic confrontation that occurred in Waco or the ruinous prosecution of imagined Satanic cults that swept the country in the 1980s Without ignoring genuine instances of aberrant behavior *Mystics and Messiahs* goes beyond the vast edifice of myth distortion and hype to reveal the true characteristics of religious fringe movements and why they inspire such fierce antagonism      *Krishna Consciousness in the West* David G. Bromley, Larry D. Shinn, 1989 Scholars of comparative religion theology philosophy History sociology and psychology and members of the Hare Krishna movement discuss the history theology and organization of the International Society for Krishna Consciousness and public reaction to the movement in America      *African Americans and the Bible* Vincent L. Wimbush, 2012-09-01 Perhaps no other group of people has been as much formed by biblical texts and tropes as African Americans From literature and the arts to popular culture and everyday life the Bible courses through black society and culture like blood through veins Despite the enormous recent interest in African American religion relatively little attention has been paid to the diversity of ways in which African Americans have utilized the Bible *African Americans and the Bible* is the fruit of a four year collaborative research project directed by Vincent

L. Wimbush and funded by the Lilly Endowment. It brings together scholars and experts sixty-eight in all from a wide range of academic and artistic fields and disciplines including ethnography, cultural history, and biblical studies as well as art, music, film, dance, drama, and literature. The focus is on the interaction between the people known as African Americans and that complex of visions, rhetorics, and ideologies known as the Bible. As such, the book is less about the meanings of the Bible than about the Bible and meanings less about the worlds of the Bible than about how worlds and the Bible interact in short about how a text constructs a people and a people constructs a text. It is about a particular sociocultural formation but also about the dynamics that obtain in the interrelation between any group of people and sacred texts in general. Thus African Americans and the Bible provides an exemplum of sociocultural formation and a critical lens through which the process of sociocultural formation can be viewed.

Inside America's Christian Schools Paul F. Parsons, 1988-06

Paranormal America Christopher D. Bader, F. Carson Mencken, Joseph O. Baker, 2011-01-05

A significant number of Americans spend their weekends at UFO conventions, hearing whispers of government cover-ups at New Age gatherings, learning the keys to enlightenment or ambling around historical downtowns learning about resident ghosts in tourist-targeted ghost walks. They have been fed a steady diet of fictional shows with paranormal themes such as *The X-Files*, *Supernatural*, and *Medium* shows that may seek to simply entertain but also serve to disseminate paranormal beliefs. The public hunger for the paranormal seems insatiable. *Paranormal America* provides the definitive portrait of Americans who believe in or have experienced such phenomena as ghosts, Bigfoot, UFOs, psychic phenomena, astrology, and the power of mediums. However, unlike many books on the paranormal, this volume does not focus on proving or disproving the paranormal but rather on understanding the people who believe and how those beliefs shape their lives. Drawing on the Baylor Religion Survey, a multi-year national random sample of American religious values, practices, and behaviors, as well as extensive fieldwork including joining hunts for Bigfoot and spending the night in a haunted house, authors Christopher Bader, F. Carson Mencken, and Joseph Baker shed light on what the various types of paranormal experiences, beliefs, and activities claimed by Americans are, whether holding an unconventional belief such as believing in Bigfoot means that one is unconventional in other attitudes and behaviors, who has such experiences and beliefs, and how they differ from other Americans, and if we can expect major religions to emerge from the paranormal. Brimming with engaging personal stories and provocative findings, *Paranormal America* is an entertaining yet authoritative look at a growing segment of American religious culture.

### Religious Cults In America Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Religious Cults In America PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Religious Cults In America PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who

make these resources available. In conclusion, the availability of Religious Cults In America free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

### FAQs About Religious Cults In America Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Religious Cults In America is one of the best book in our library for free trial. We provide copy of Religious Cults In America in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Religious Cults In America. Where to download Religious Cults In America online for free? Are you looking for Religious Cults In America PDF? This is definitely going to save you time and cash in something you should think about.
