Religious Experience The End Of Metaph:

Exploring Christian Spirituality Bruce H. Lescher, Elizabeth Liebert, 2006 Sandra Schneiders commands respect as one of the most significant and influential figures in the emergence of the study of Christian spirituality as an academic discipline as the focused and disciplined exploration of religious experience This book honors her contributions to the field by addressing issues that are emerging at the creative edges of the discipline In this volume colleagues and students of Dr Schneiders and other collaborators in the academic discipline of Christian spirituality examine crucial issues from their various disciplinary and methodological perspectives Questions of methodology address the status of spirituality as a discipline interdisciplinarity and self implication Other essays explore the edges of Christian spirituality and biblical spirituality gender studies the natural sciences nature writing the social sciences and interfaith issues This collection of essays will provoke students and scholars of Christian spirituality as well as practitioners to continue critically thinking discussing writing and practicing it *The Fantasy Principle* Michael Vannoy Adams, 2004 The Fantasy Principle makes a strong case for a new school of psychoanalysis the school of imaginal psychology It radically affirms the centrality of imagination and emphasizes the transformative impact of images *Timothy Leary: The Harvard Years* James Penner, 2014-07-21 The first collection of Leary's writings devoted entirely to the research phase of his career 1960 to 1965 Presents Leary's early scientific articles and scholarly essays including those on the Harvard Psilocybin Project the Concord Prison Project and the Good Friday Experiment With an editor's introduction that examines the Harvard Drug Scandal in detail as well as a critical preface for each essay On May 27 1963 Dr Timothy Leary and Dr Richard Alpert were dismissed from Harvard University's Psychology Department a watershed event marking the moment when psychedelic drugs were publicly demonized and driven underground Today little is known about the period in the early 1960s when LSD and psilocybin were not only legal but also actively researched at universities Presenting the first collection of Leary's writings devoted entirely to the research phase of his career 1960 to 1965 this book offers rare articles from Leary's time as a professor in Harvard's Psychology Department including writings from the Harvard Psilocybin Project the Concord Prison Project and the Good Friday Experiment These essays coauthored with Richard Alpert Huston Smith Ralph Metzner and other psychedelic research visionaries explore the nature of creativity and the therapeutic spiritual and religious aspects of psilocybin and LSD Featuring Leary's scientific articles and a rare account of his therapeutic approach On Existential Transaction Theory the book also includes Leary's final essay from his time at Harvard The Politics of Consciousness as well as controversial articles published shortly after his dismissal With an editor's introduction examining the Harvard Drug Scandal and a critical preface to each essay this book of seminal early writings by Leary appearing in unabridged form shows why he quickly became an articulate spokesperson for consciousness expansion and an iconic figure for the generation that came of age in the 1960s *The Certainty of Uncertainty* Mark Schaefer, 2018-08-23 The world is full of people who are very

certain in politics in religion in all manner of things In addition political religious and social organizations are marketing certainty as a cure all to all life s problems But is such certainty possible Or even good The Certainty of Uncertainty explores the question of certainty by looking at the reasons human beings crave certainty and the religious responses we frequently fashion to help meet that need The book takes an in depth view of religion language our senses our science and our world to explore the inescapable uncertainties they reveal We find that the certainty we crave does not exist As we reflect on the unavoidable uncertainties in our world we come to understand that letting go of certainty is not only necessary it s beneficial For in embracing doubt and uncertainty we find a more meaningful and courageous religious faith a deeper encounter with mystery and a way to build strong relationships across religious and philosophical lines In The Certainty of Uncertainty we see that embracing our belief systems with humility and uncertainty can be transformative for ourselves and for our world

A People Apart Daniel H. Frank,1993-09-30 Philosophical speculations on chosenness and ritual in Judaism Bodies in Society Margaret R. Miles,2008-08-01 Education is about learning to think Much of what we call thinking however is a hodge podge of repetitious self talk opinion and cutting and pasting of second hand ideas Moreover thinking in the present has often been alien to scholars who were tempted to think abstractly But life and thought belong together and require each other as Plotinus pointed out many centuries ago T he object of contemplation is living and life and the two together are one Ennead 3 8 8 Presently many women and men in the academic world are thinking concretely within the context of their own lives and with acknowledged accountability to broader communities with whom they think and to whom they are answerable The essays in this volume consider Christianity as an aspect of North American culture bringing the critical tools of the academy to thinking about some of the perplexing and pressing problems of contemporary public life Three interactive and interdependent themes traverse these essays gender the effects of media culture and institutions Each of these themes has been central to Margaret Miles s work for thirty years Each understands corporeality as fundamental both to subjectivity and society Miles finds that Christianity critically appropriated provides ideas and methods for thinking concretely about life in North American society **The Transformative Power of Faith** Erin Dufault-Hunter,2012-04-26 The Transformative Power of Faith examines how and why some people particularly those coming out of highly self destructive violent and antisocial backgrounds who appear beyond repair experience profound personal transformation through conversion to strong faith Illustrated by stories of converts who came out of serious drug addiction gangs and poverty through adherence to a demanding faith Erin Dufault Hunter argues for a narrative approach to conversion This holistic theoretical perspective offers an alternative epistemological stance to reductionistic models sometimes perpetuated among social scientists and religious ethicists alike In this study the narrative lens gives vision of the religious Other a depth and complexity too often lacking Such an approach allows a deeper understanding of the dynamics of personal transformation in ways that make sense of psychological and social factors without ignoring so called spiritual ones **Theater as Metaphor** Elena

Penskaya, Joachim Küpper, 2019-05-20 The papers of the present volume investigate the potential of the metaphor of life as theater for literary philosophical juridical and epistemological discourses from the Middle Ages through modernity and focusing on traditions as manifold as French Spanish Italian German Russian and Latin American *Depth Psychology*
Dennis Patrick Slattery, 2004-10 Developed in the spirit of C G Jung and extended by the work of James Hillman *Depth Psychology Meditations in the Field* grows directly from the soil of the Romantic Movement of the 19th century itself a rebellion against the legacy of Enlightenment fundamentalism which emphasized the literal reality of the world and feasted on Measurement and the quantification of all knowledge **Faith, Science and the Future** Charles P.

Henderson, 2007-06-01 The Case of Emily V. Keith Oatley, 2006 An accomplished young woman traumatized by guilt at her role in the death of a British diplomat who was her lecherous guardian Sigmund Freud whom she consults to ease her mental suffering and Sherlock Holmes enlisted by his brother Mycroft to probe the man's death *Sallie McFague* Sallie McFague, 2013-10-01 Sallie McFague offers a lucid and powerful guide to theological thinking about God and the world individual and community humanity and nature reality and metaphor the sacramental and the prophetic and the critical issue of climate change for today's world She calls Christians to new feeling new acting and new thinking **Religious**

Orientation and Authoritarianism in Cross-cultural Perspective Raymond F. Paloutzian, 2014-10-13 This is a special thematic edition of the International Journal for the Psychology of Religion Volume 9 Number 9 from 1999 The main topic is the religious orientation and authoritarianism in a cross cultural perspective If research such as that published in this journal issue were extended to other cultures and peoples it would facilitate international dialogue about the research on religious orientation which has been a cornerstone of Western empirical psychology of religion for the past 30 years The articles assembled in this issue of the journal present data from non Western populations and the results of a translation of religious orientation measures into a language other than English Data sets in the four articles in this issue come from Canada Ghana The United States and Poland *The Variorum Edition of the Poetry of John Donne* John Donne, 2021-01-05 Based on an exhaustive study of the manuscripts and printed editions in which these poems have appeared the eighth in the series of The Variorum Edition of the Poetry of John Donne presents newly edited critical texts of thirteen Divine Poems and details the genealogical history of each poem accompanied by a thorough prose discussion Arranged chronologically within sections the material is organized under the following headings Dates and Circumstances General Commentary Genre Language Versification and Style the Poet Persona and Themes The volume also offers a comprehensive digest of general and topical commentary on the Divine Poems from Donne's time through 2012 Journeys of Faith Mike Brock, 2023-06-20 Journeys of Faith examines the contributions of the leading figures of the humanistic psychology movement with particular attention to their spiritual journeys Rising to prominence in America during the post World War II years humanistic psychology is experiencing a resurgence in the present day in response to the need for a psychological approach that addresses meaning

and purpose in life The key players Abraham Maslow Carl Rogers Erich Fromm and Rollo May all rejected the orthodoxy of their religious inheritance in favor of a more humanistic approach and in the process discovered a renewed spirituality that they hoped would address the concerns of a world yearning for something to believe in While the humanistic psychologists confronted the world's problems through the lens of psychology other thinkers such as the evolutionary biologist Julian Huxley approached them through different though equally humanistic perspectives Others still such as Paul Tillich Martin Buber and Pierre Teilhard de Chardin confronted the times through a religious lens The influence of the centuries long Jewish tradition of scholarship and social justice and the frequent examples of friendship and professional cooperation between the secular and the religious worlds provide critical subthemes for the lasting appeal of humanistic psychology

Psychotherapy and Spirituality Agneta Schreurs, 2002 Schreurs presents a range of therapeutic situations analogies and case studies in which spiritual concerns may arise and explores them from spiritual and psychological perspectives showing how they connect and differ This engaging book is essential reading for all therapists who feel out of their depth when patients raise spiritual concerns *Religious Confessions and Confessants* Anna Robeson Brown Burr, 1914 The Soul of Popular Culture Mary Lynn Kittelson, 1998 In *The Soul of Popular Culture* leading writers and critics many of them influenced by the thought of C G Jung draw upon the insights of depth psychology to delve into the meanings of TV programs like Star Trek and Faulty Towers movies such as *The Piano* and *The Silence of the Lambs* and other contemporary media as well as the public preoccupation with such issues as abortion AIDS the O J Simpson trial and our enduring fascination with Elvis **The Bride of Christ - A Metaphor for the Church** Norbert Schnell, 2021-11-30 *Lumen gentium* the Dogmatic Constitution on the Church of the Second Vatican Council uses various images to speak about the Church This study is about the Church as the Bride of Christ Unlike the great images of the Church as the People of God and the Body of Christ the image of the Church as the Bride of Christ has never been extensively examined since the Second Vatican Council The current research is a biblical and systematic theological study of this image Its main question is what this metaphor can tell us about the essence of the Church and what its consequences are for the life of the Church today **The Beauty of the Faith** Joseph D. Wooddell, 2010-09-23 Nearly everyone finds beauty compelling so Christian apologists should devise ways to present an aesthetic Christian apologetic Nearly all apologists admit that the beauty of a life well lived and the beauty of the Christian community along with the use of media and the arts are not only helpful for apologetics but essential in a postmodern culture In fact it is frustrating to see how many apologists mention the need for such an approach but go on devoting most of their energies to traditional approaches This book is different It clearly shows the pros and cons of traditional approaches and offers a fresh perspective as well arguing that beauty is the most compelling apologetic and suggesting ways to implement such an approach It demonstrates how Western culture arrived in its current unfortunate situation and uses both Scripture and figures like Athenagoras and Jonathan Edwards to challenge current views on

apologetics
