

Social and Religious Reforms

During the 19th Century there were attempts to follow the **example of the West** in religion and in social and political reform. **Educated India** became growingly receptive to modern European thought.

Raja Ram Mohan Roy (1772-1833), may be said to have initiated a new age in India's history. The constitutional methods in politics which **he advocated were the beginning** of the trend which led to the foundation of the **Indian National Congress** in 1885. He also founded the **Brahmo Samaj**, a religious group seeking to rid Hinduism of **irrational distortions** and practices.

Among other pioneers of religious, social, educational and political reforms were **Ishwarchandra Vidhyasagar** in Bengal and **Jyotiba Phule** in Maharashtra. They worked actively to improve the position of women, giving them education and recognizing their rights.

As a reaction against the tendency of some to imitate the West and to **ignore India's own rich and valuable traditions**, and also a reaction to the adoption of the **Christian** forms of worship, **Swami Dayanand Saraswati** (1824-83) established **Arya Samaj** and urged a revival of Hinduism in its **pristine Vedic form**.

The synthesis of the two great forces, the **ancient Indian** and the **modern Western**, was brought about by **Ramakrishna Paramhansa** (1836-1886) and by his disciple, **Swami Vivekananda** (1863-1902). He believed in and preached the superiority of the Hindu path to spiritual salvation. At the same time, he urged India to adopt the **scientific attitude** of West. Vivekananda founded **Ramakrishna Mission**. He condemned the caste-system, rituals and superstition and urged people to imbibe the spirit of liberty, equality and free thinking.

The **Theosophical Society** was founded in U.S.A. and the movement grew in India under the leadership of **Mrs. Annie Beasant**, which glorified Indian religion and philosophical tradition and helped the Indians to recover their self-confidence.

Cultural and Scientific Awakening

The theme of this century was predominantly humanistic and stressed the freedom of man and equality of all. **Geetanjali** - the distinctive work of poet **Rabindranath Tagore** won him the Nobel prize.

The modern Indian sought to reconcile the ideas and **thoughts of the east and west**. Later on, similar trends appeared in paintings and sculptures as well. In the field of science, high recognition was given to the works of scientists like **Ramanujam** in Maths, **Dr.C.V.Raman** in Physics for the **Raman Effect** and **Dr.Jagdish Chandra Bose** in the field of **Botany**.
