Reluctant Allies Germanjapanese Naval Cooperation During World War Ii:

Reluctant Allies Hans-Joachim Krug,2001 Often forgotten among the many aspects of World War II is the alliance between Germany and Japan Because of the vast geographical separation between these two Axis nations and because of some of very real philosophical and operational differences the alliance was fraught with difficulty But in the vast middle ground of the Indian Ocean these reluctant allies did come together to conduct naval operations that might well have had disastrous consequences for the Allies but for the intervention of fate and the inevitable friction of war Captain Krug served in U boats in that theater and in the Far East and with the assistance of scholars of both nations he has produced a very readable and meticulously researched account of German and Japanese naval interaction Besides thoroughly covering for the first time this neglected topic the authors provide valuable insight into the faulty mechanism of an alliance between totalitarian powers characterized by suspicion and a reluctance to freely share information and assets They also bring to light the difficulties and ultimate consequences of dealing with the megalomania and criminal intellect of Adolf Hitler which resulted in war crime trials for some of the participants Proving that not every aspect of the world s greatest war has been covered this book is a valuable contribution to the ever expanding lore of the war and will be required reading for those with an interest in naval operations global strategy and international diplomacy during the period *Hitler and His Allies in World War Two* Jonathan Adelman,2020-03-25 In an area where in depth studies of Hitler s relations with Nazi Germany s allies and the failure of Nazi Germany to make more effective use of them during the war are scant this is a survey that looks at the Soviet Union Japan France Italy Spain Romania and Hungary and their relationship to Nazi Germany Using a comparative approach seven case studies examine themes such as co operation and resistance military and economic aid treatment of Jews relations with the enemies and the popular sentiment towards Germany Jonathan Adelman has provided students of the Second World War with a welcome mine of information and a unique perspective on a much studied topic

[The Oxford Handbook of World War II](#) G. Kurt Piehler,Jonathan A. Grant,2023 World War II dramatically transformed human life and society resulting in the deaths of 100 million people and shaping the worldview and psyches of generations The Oxford Handbook of World War II broadens traditional narratives of the war and in the process changes our understanding of this epic conflict Spanning the rise and fall of the Versailles system to the postwar reintegration of veterans and the eventual commemoration of the conflict and its victims The Oxford Handbook of World War II marks a landmark contribution to the historical literature of war *The Cambridge History of the Second World War: Volume 2, Politics and Ideology* Richard Bosworth,Joseph Maiolo,2015-04-23 War is often described as an extension of politics by violent means With contributions from twenty eight eminent historians Volume 2 of The Cambridge History of the Second World War examines the relationship between ideology and politics in the war s origins dynamics and consequences Part I examines the ideologies of the combatants and shows how the war can be understood as a struggle of words ideas and values with the rival

powers expressing divergent claims to justice and controlling news from the front in order to sustain moral and influence international opinion Part II looks at politics from the perspective of pre war and wartime diplomacy as well as examining the way in which neutrals were treated and behaved The volume concludes by assessing the impact of states politics and ideology on the fate of individuals as occupied and liberated peoples collaborators and resisters and as British and French colonial subjects

Decision in the Atlantic Marcus Faulkner, Christopher M. Bell, 2019-05-17 The Battle of the Atlantic was the longest campaign of the Second World War This volume highlights the scale and complexity of this bitterly contested campaign one that encompassed far more than just attacks by German U boats on Allied shipping The team of leading scholars assembled in this study situates the German assault on seaborne trade within the wider Allied war effort and provides a new understanding of its place within the Second World War Individual chapters offer original perspectives on a range of neglected or previously overlooked subjects how Allied grand strategy shaped the war at sea the choices facing Churchill and other Allied leaders and the tensions over the allocation of scarce resources between theaters how the battle spread beyond the Atlantic Ocean in both military and economic terms the management of Britain s merchant shipping repair yards the defense of British coastal waters against German surface raiders the contribution of air power to trade defense antisubmarine escort training the role of special intelligence and the war against the U boats in the Arctic and Pacific Oceans

Transnational Encounters between Germany and Japan Joanne Miyang Cho, Lee Roberts, Christian W. Spang, 2016-04-30 Showcasing moments of convergence between the German and Japanese cultures towards common points of interest over the last one hundred fifty years the chapters in this book cover such topics as culture diplomacy geography history law literature philosophy politics and sports From the creation of two similar modern nation states to the aggressive struggle for national supremacy and subsequent total defeat in 1945 the necessity of coping with their earlier militarism and parallel economic miracles in the postwar era Germans and Japanese look back on a remarkably similar past

Transnational Nazism Ricky W. Law, 2019-05-23 The first English language study of German Japanese interwar relations to employ sources in both languages

Historical Dictionary of World War II Anne Sharp Wells, 2023-12-15 World War II was the largest and most costly conflict in history the first true global war Fought on land on sea and in the air it involved numerous countries and killed maimed or displaced millions of people both civilian and military around the world In spite of the alliances that bound many of the same participants the war was essentially two separate but simultaneous conflicts one involved Japan as the major antagonist and took place mostly in Asia and the Pacific and the other initiated by Germany and Italy was contested mainly in Europe North Africa the Mediterranean and the Atlantic This book focuses on the lesser known war the war with Japan It begins with Japan s seizure of Manchuria from China in 1931 and covers Japan s ambitious attacks on Pearl Harbor and other territories ten years later the use of atomic bombs on Japan s cities and the end of the Allied occupation of Japan in 1952 Although Japan renounced war in its 1947 constitution conflict continued across Asia as former

colonies fought for independence and civil war engulfed other areas Historical Dictionary of World War II The War Against Japan Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 500 cross referenced entries on the military diplomatic political social economic and scientific aspects of the war in addition to the lives of the people who participated in and directed the war This book is an excellent resource for students researchers and anyone wanting to know more about the war against Japan during World War II

Navies in Multipolar Worlds Paul Kennedy, Evan Wilson, 2020-10-15 Recent challenges to US maritime predominance suggests a return to great power competition at sea and this new volume looks at how navies in previous eras of multipolarity grappled with similar challenges The book follows the theme of multipolarity by analysing a wide range of historical and geographical case studies thereby maintaining the focus of both its historical analysis and its policy implications It begins by looking at the evolution of French naval policy from Louis XIV through to the end of the nineteenth century It then examines how the British responded to multipolar threat environments convoys the challenges of demobilization and the persistence of British naval power in the interwar period There are also contributions regarding Japan's turn away from the sea the Italian navy and multipolarity in the Arctic This volume also addresses the regional and global distribution of forces trade and communication protection arms races the emergence of naval challengers fleet design logistics technology civil naval relations and grand strategy past present and future This book will be of much interest to students of naval history strategic studies and international relations history as well as senior naval officers

The Influence of Airpower Upon History Robin Higham, Mark P. Parillo, 2013-02 Where will the next generation of farmers come from What will their farms look like Fields of Learning The Student Farm Movement in North America provides a concrete set of answers to these urgent questions describing how at a wide range of colleges and universities across the United States and Canada students faculty and staff have joined together to establish on campus farms as outdoor laboratories for agricultural and cultural education From one acre gardens to five hundred acre crop and livestock farms student farms foster hands on food system literacy in a world where the shortcomings of input intensive conventional agriculture have become increasingly apparent They provide a context in which disciplinary boundaries are bridged intellectual and manual skills are cultivated together and abstract ideas about sustainability are put to the test Editors Laura Sayre and Sean Clark have assembled a volume of essays written by pioneering educators directly involved in the founding and management of fifteen of the most influential student farms in North America Arranged chronologically Fields of Learning illustrates how the student farm movement originated in the nineteenth century gained ground in the 1970s and is flourishing today from the University of California Davis to Yale University from Hampshire College to Central Carolina Community College from the University of Montana to the University of Maine

World War II Spencer C. Tucker, 2016-09-06 With more than 1 700 cross referenced entries covering every aspect of World War II the events and developments of the era and myriad related subjects as well as a documents volume this is the most

comprehensive reference work available on the war This encyclopedia represents a single source of authoritative information on World War II that provides accessible coverage of the causes course and consequences of the war Its introductory overview essays and cross referenced A Z entries explain how various sources of friction culminated in a second worldwide conflict document the events of the war and why individual battles were won and lost and identify numerous ways the war has permanently changed the world The coverage addresses the individuals campaigns battles key weapons systems strategic decisions and technological developments of the conflict as well as the diplomatic economic and cultural aspects of World War II The five volume set provides comprehensive information that gives readers insight into the reasons for the war s direction and outcome Readers will understand the motivations behind Japan s decision to attack the United States appreciate how the concentration of German military resources on the Eastern Front affected the war s outcome understand the major strategic decisions of the war and the factors behind them grasp how the Second Sino Japanese War contributed to the start of World War II and see the direct impact of new military technology on the outcomes of the battles during the conflict The lengthy documents volume represents a valuable repository of additional information for student research

Midway: Dauntless Victory Peter C. Smith,2008-03-25 This is an in depth study of the battle of Midway that reviews the many previous accounts and compares their accuracy and veracity with fresh documentation that has been released recently including new material on the post war analysis made by a US select committee There are new viewpoints on the muddle among the US Admirals the total failure of the USAAF despite elaborate claims fresh thinking on the part played by the US Navy Dauntless dive bombers in the action the mystery of the carrier Saratoga s presence Hollywood s totally wrong take on the battle in all the films since made about it Also included are new eyewitness accounts the author has obtained and information from Japanese sources that has never been previously published The lengthy Appendices will include statistical details of the ships the planes and the men

Contemporary Authors Lisa Kumar,2004-07 A biographical and bibliographical guide to current writers in all fields including poetry fiction and nonfiction journalism drama television and movies Information is provided by the authors themselves or drawn from published interviews feature stories book reviews and other materials provided by the authors publishers

Power at Sea Lisle A. Rose,2007 Volume 1 Traces the social issues technological advances and combative encounters of the international naval race from 1890 through WWI as the largest industrial nations U S Great Britain Japan and Germany scrambled to secure global markets and empire using their battleship navies as pawns of power politics Provided by publisher

False Flags Stephen Robinson,2016-08-01 *Hitlers Asian Adventure* Horst H. Geerken,2025-05-07 From 1963 to 1981 Horst H Geerken lived in the new born Republic of Indonesia at a time of upheaval after the end of almost 350 years of colonial rule and exploitation by the Netherlands In both his professional and private activities he constantly came across German Japanese and Indonesian eyewitnesses who had lived through the Japanese occupation and the presence of the German navy in Indonesia The relations between the German

Reich and what was then the Dutch East Indies were obviously closer and more varied than had been previously assumed. Hardly anyone was aware that Hitler was extremely interested in this distant archipelago and that thousands of German officers and seamen were in action in East and South East Asia. Who knows that German U boats and auxiliary cruisers penetrated deep into the Pacific and that the German Navy used the Kerguelen Islands in the South Polar Sea as a secret base. Or that Hitler gave massive support to the independence movements in Indonesia and India. Many of the German naval personnel chose to make Indonesia their home after the war and joined the Indonesian freedom fighters. The Second World War heralded the end of the colonial era in Asia especially in South East Asia. The role played in this process by the Third Reich should not be underestimated. The collaboration between the Axis powers especially that between German and Japan with all its problems is also investigated. There was a lively exchange of new weapons technology. There was even the re-creation of a German Radar system in Japan under the management of a German engineer. Documents from the Third Reich's Foreign Ministry published here for the first time show how brutally and inhumanely the German men, women and children in the Dutch internment camps in the East Indies were treated by their captors. These documents are supported by evidence from contemporary witnesses. The author has encapsulated his many years of research in the two volumes of Hitler's Asian Adventure. It is a fascinating documentation of the German Navy's involvement in a theatre of war that has until now been neglected by historians.

[Forthcoming Books](#) **Rose Army**, 2001-06 **Hitler's Allies** John P. Miglietta, 2022-02-09. This book examines the significance of alliances in the international system focusing on the dynamics between great and regional powers and on the alliances Nazi Germany made during World War II and their implications for Germany. It examines a variety of case studies and looks at how each of the respective states contributed to or weakened Nazi Germany's warfighting capabilities. The cases cover the principal Axis members Italy and Japan, secondary Axis allies Hungary and Romania, as well as neutral states that had economic and military significance for Germany, namely Bulgaria, Iran, Spain, Sweden, Switzerland, Turkey, and Vichy France. Additional case studies include topics such as the German attempts to cultivate Arab nationalism, focusing on German involvement in the coup in Iraq against the pro-British government and the wartime state of Croatia whose creation was made possible by Germany with the rivalry between Germany and Italy for control being a major focus. The book also includes a case study exploring the unique position of Finland among German allies as a democracy and how the country was essentially fighting a very different war from Nazi Germany. This will be of interest to students and academics with an interest in power dynamics in World War II, economic, political, strategic and alliance theory, and scholarly debate on Nazism and Europe.

The Naval War in South African Waters, 1939-1945 Evert Kleynhans, 2022-03-23. The Naval War in South African Waters 1939-1945 provides a critical reappraisal of the naval war waged in South African waters during the Second World War. The book investigates this broad topic by focussing on several interrelated aspects such as the wartime strategic importance of South African waters, the rival Axis and Allied naval strategies in the southern oceans, the

development of the South African coastal defence system the full extent of the Axis naval operations in the southern oceans the naval intelligence war and finally the antisubmarine war waged in South African waters Based on extensive archival research in South Africa and the United Kingdom and supplemented by a wealth of secondary material the book introduces a fresh in depth discussion on a largely forgotten episode of South African military history **Japan im Pazifischen Krieg**

Krebs, Gerhard, 2010-05-10 Das vorliegende Werk weist nach dass die politische Struktur Japans im Zweiten Weltkrieg etwa im Vergleich zu Deutschland ein erstaunliches Ma an Pluralismus aufwies und es Pers nlichkeiten die ber eine gewisse Prominenz verf gten erlaubte auch Kritik an offizieller Regierungspolitik und kompromissloser Kriegf hrung zu ben Im Zentrum der Untersuchung steht nicht der milit rische Ablauf sondern das Streben nach Vermeidung eines bewaffneten Konfliktes 1941 und nach dessen Ausbruch die Suche nach einem Friedensschluss Daran beteiligt waren u a einige der als Berater von Politik und Thron fungierenden ehemaligen Premierminister inaktive und aktive Diplomaten Milit rs im Ruhestand Journalisten Kaiserliche Prinzen und Hofbeamte Ein entscheidendes Motiv f r ihre Aktivit ten war die Furcht vor einer kommunistischen Revolution im Falle einer milit rischen Niederlage und damit dem Ende des Tenn Systems Auch in den USA existierten Kr fte mit den gleichen Intentionen und so erg nzten sich die Bestrebungen auf beiden Seiten des Pazifiks Besonders die Furcht der USA vor einer Ausbreitung des Kommunismus in Fernost f hrte zu dem Interesse an einem konservativen Partner in dem Raum Dadurch wurden Voraussetzungen geschaffen trotz einer jahrelangen u erst brutalen Kriegf hrung und einer misstrauischen Be ugung in den Anfangsjahren nach Japans Kapitulation den Weg zu einer Partnerschaft einzuschlagen als deren Ergebnis Tokyo bis in die Gegenwart Washingtons wichtigste St tze in Asien wurde
