Reluctant Debutante:

The Emergence of Feminism in India, 1850-1920 Padma Anagol, 2005 This pioneering and innovative study paces women in India at the height of colonial rule at the centre of analysis Drawing upon rare English and Marathi archival materials Padma Anagol makes a compelling case for the birth of Indian feminism before the coming of Gandhi by also illustrating how collective movements to improve the status of women in India were based upon a consciousness of the inequalities in gender relations *The Reluctant Debutante* Becky Lower, 2012-07-02 In 1855 New York Ginger Fitzpatrick has absolutely no interest in taking part in the newest rage in America the Cotillion Ball Instead Ginger would rather be rallying for women's rights at least until she meets her brother's best friend from St Louis a dark mysterious man named Joseph Lafontaine who ignites her passion and makes her question if love and marriage is such a ridiculous notion after all What she and the rest of New York's high society don't realize is that Joseph is half Ojibwa Indian and therefore totally unsuitable for marriage to a fine cultured young lady In this Edith Wharton meets Julia Quinn tale a young woman rebels against high society and opts for a life in which she creates her own set of rules Sensuality Level Sensual **LIFE**, 1958-08-25 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE.com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today's people and events They have free access to share print and post images for personal use [The World of Muslim Women in Colonial Bengal, 1876-1939](#) Sonia Amin, 2021-10-11 This highly interesting book studies the cultural context of modernisation of middle class Muslim women in late 19th and 20th century Bengal Its frames of reference are the Bengal Awakening the Reform Movements Brahmo Hindi and Muslim and the Women's Question as articulated in material and ideological terms throughout the period Tracing the emergence of the modern Muslim gentlewomen the bhadramahil starting in 1876 when Nawab Faizunnesa Chaudhurani published her first book and ending with the foundation in 1939 of The Lady Brabourne College the book gives an excellent analysis of the rise of a Muslim woman's public sphere and broadens our knowledge of Bengali social history in the colonial period **The Reluctant Debutante** William Douglas Home, 1957 **Debutante** Karal Ann Marling, 2004 The social debut and its offshoots the high school prom the sorority presentation beauty pageants continue to emphasize celebrity class and community But why does this peculiar tradition persist In *Debutante* Marling demystifies debutdom and the long term American hankering after the trappings of royalty **Sultana's Dream and Selections from The Secluded Ones** Roke'ya (Begama), Hanna Papanek, 1988 Tells the story of a feminist utopia and discusses the Muslim custom of purdah the seclusion and segregation of women [Domesticity in Colonial India](#) Judith E. Walsh, 2004 By the 1880s Hindu domestic life and its most intimate relationships had become contested ground For urban middle class Indians the Hindu woman was at the center of a debate over colonial modernity and traditional home and family life This book sets this debate within the context of a nineteenth century world where bourgeois European ideas on the

home had become part of a transnational hegemonic domestic discourse a global domesticity But Walsh s interest is more in hybridity than hegemony as she explores what women themselves learned when men sought to teach them through the Indian advice literature of the time As a younger generation of Indian nationalists and reformers attempted to undercut the authority of family elders and create a new patriarchy of more nuclear and exclusive relations with their wives elderly women in extended Hindu families learned that their authority in family life however contingent was coming to an end

Recasting Women Kumkum Sangari, Sudesh Vaid, 1990 The political and social life of India in the last decade has given rise to a variety of questions concerning the nature and resilience of patriarchal systems in a transitional and post colonial society The contributors to this interdisciplinary volume recognize that every aspect of reality is gendered and that such a recognition involves a dismantling of the ideological presuppositions of the so called gender neutral ideologies as well as the boundaries of individual disciplines

Fifteen case studies by scholars and practitioners demonstrate the synergy between domestic and international influences that can precipitate democratic transitions. As demonstrated by current events in Tunisia and Egypt, oppressive regimes are rarely immune to their citizens' desire for democratic government. Of course, desire is always tempered by reality; therefore, how democratic demands are made manifest is a critical source of study for both political scientists and foreign policy makers. What issues and consequences surround the fall of a government, what type of regime replaces it, and to what extent are these efforts successful? Kathryn Stoner and Michael McFaul have created an accessible book of fifteen case studies from around the world that will help students understand these complex issues. Their model builds upon Guillermo O'Donnell, Philippe C. Schmitter, and Laurence Whitehead's classic work *Transitions from Authoritarian Rule*, using a rubric of four identifying factors that can be applied to each case study, making comparison relatively easy. *Transitions to Democracy* yields strong comparisons and insights. For instance, the study reveals that efforts led by the elite and involving the military are generally unsuccessful, whereas mass mobilization, civic groups, and new media have become significant factors in supporting and sustaining democratic actors. This collection of writings by scholars and practitioners is organized into three parts: successful transitions, incremental transitions, and failed transitions. Extensive primary research and a rubric that can be applied to burgeoning democracies offer readers valuable tools and information. **Vincente Minnelli** Emanuel Levy, 2009-04-14
