Stefanie Gänger

Remedios Para El Imperio Historia Natural Y La Apropiación Del Nuevo Mundo:

Remedios para el Imperio: historia natural y la apropiación del Nuevo Mundo Mauricio Nieto Olarte, 2019-04-01 Durante el siglo xviii los viajes de exploración se convirtieron en el centro de intereses políticos y comerciales de las lites europeas. Ambiciosos proyectos de exploración a países lejanos fueron un esfuerzo común de los imperios europeos. Como veremos, la historia natural constituyó una forma de apropiación y jugar a un papel central en las políticas de Estado: el trabajo del naturalista clasificando y nombrando objetos naturales facilitó el control no sólo de la naturaleza sino de otras culturas. La historia natural y los viajes de exploración constituyen un elemento central tanto para la historia de la ciencia occidental como para la historia cultural y política de Europa. Algunos historiadores que se han ocupado de la relación entre el imperialismo y la historia natural han mostrado cómo la expansión europea y la exploración científica son procesos complementarios y cómo los vínculos entre la política, el comercio y la ciencia fueron especialmente estrechos durante el siglo xviii. Este es un período durante el cual los europeos sintieron que su poder sobre la naturaleza se incrementaba no sólo habiendo logrado conquistar buena parte del globo terrestre sino también habiendo promulgado el descubrimiento de las leyes físicas que rigen el universo. Desde la llegada de los europeos a América en el siglo xv España tuvo bajo su control el más grande imperio colonial del mundo. Durante el reinado de Carlos iii fueron implementadas algunas reformas políticas que buscaban optimizar la explotación de las colonias estimulando la exploración científica de América. Al seguir los parámetros de la Ilustración francesa, el gobierno español basó sus políticas en la creencia de que la adquisición y aplicación de conocimientos científicos incrementarían su poder político y económico. La clave de la prosperidad económica del Imperio español parecía yacer en una explotación más eficiente de la riqueza natural de sus colonias.

Remedios para el Imperio Nieto Olarte, Mauricio, 2019-03-22 A pesar de la guerra y la declaración de independencia en la América española la ciencia y sus practicantes permanecieron fuertemente apegados a una clase y a una cultura que se identificaba y requería del reconocimiento de los europeos. De manera que el nacimiento de una tradición científica en América contribuyó a mantener un orden que si bien desconoce la autoridad del rey de España se diferencia poco de la estructura social de la Colonia. Remedios para el Imperio nos permite entender las indisolubles relaciones entre el contexto político y cultural de la Ilustración europea y las prácticas concretas involucradas en la exploración botánica. La manufactura de ilustraciones botánicas, la clasificación de las plantas siguiendo el sistema linneano, la traducción de saberes locales al lenguaje de la ciencia europea y el papel de la ciencia en la construcción de las nuevas naciones americanas son algunos de los temas que se discuten a lo largo de este libro. Nieto Olarte nos muestra cómo los recientes aportes de la sociología del conocimiento hacen posible una sana revisión del papel de las prácticas científicas en la historia moderna.

An Atlas and Survey of Latin American History Michael LaRosa, German R. Mejia, 2018-09-03 *An Atlas and Survey of Latin American History* provides a comprehensive accessible introduction to both the human and physical geography of Latin America and the social, cultural, political and economic events

that have defined its history Featuring 77 maps and accompanying text the book provides topical overviews of the key developments and movements in Latin American history ranging from the earliest human settlement to the present day The fully updated second edition includes a new chapter on Latin America in the 21st century featuring maps and essays on topics ranging from sports and telenovelas to the growth of the Latin American middle class and the rise and ebb of left leaning political movements Highly readable and beautifully designed An Atlas and Survey of Latin American History 2e remains an engaging resource for students and others interested in Latin American history politics and culture

Plants in 16th and 17th Century Fabrizio Baldassarri,2023-07-04 In the pre modern times while medicine was still relying on classical authorities on herbal remedies a new engagement with the plant world emerged This volume follows intertwined strands in the study of plants examining newly introduced species that captured physicians curiosity expanded their therapeutic arsenal and challenged their long held medical theories The development of herbaria the creation of botanical gardens and the inspection of plants contributed to a new understanding of the vegetal world Increased attention to plants led to account for their therapeutic virtues to test and produce new drugs to recognize the physical properties of plants and to develop a new plant science and medicine

The Global Social Sciences Michael Kuhn,Hebe Vessuri,2016-10-11 The European social sciences tend to absorb criticism of their approach and re label it as a part of what the critique opposes thus criticism of European social sciences by subaltern social sciences their talking back has become a frequent line of reflection The relabeling of the critique of the European approach as a critique from Southern social sciences of Western social sciences has in effect turned Southern as well as Western social sciences into competing contributors to the same globalizing social sciences Both are no longer arguing about the European approach to social sciences but about which social thought from which part of the globe should prevail If the critique becomes a part of what it opposes one might conclude that the European social sciences are very adaptable and capable of learning One might however also raise the question whether there is anything wrong with the criticism of the European social sciences or for that matter whether there is anything wrong with the European social sciences themselves The contributions in this book discuss these questions from different angles They revisit the mainstream critique of the European social sciences and they suggest new arguments criticizing social science theories that may be found as often in the Western as in the Southern discourse

A Singular Remedy Stefanie Gänger,2020-10-15 Stefanie Gänger explores how medical knowledge was shared across societies tied to the Atlantic World between 1751 and 1820 Centred on Peruvian bark or cinchona Gänger shows how that remedy and knowledge about its consumption formulae for bittersweet aromatic wines narratives about its discovery or beliefs in its ability to prevent fevers were understood by men and women in varied contexts These included Peruvian academies and Scottish households Louisiana plantations and Moroccan court pharmacies alike This study in plant trade therapeutic exchange and epistemic brokerage shows how knowledge weaves itself into the fabric of everyday medical practice in different places

Geo-epistemology Claudio Canaparo, 2009 This book is about the formation and development of Latin America as name idea and concept as well as the wider concepts of location knowledge and the relationship between them Latin America is not only a subject or an academic construct it is also a perspective from which subjectivities are established knowledge is developed and narratives are produced This study argues that epistemology cannot exist in abstract terms despite traditional academic arguments to the contrary Therefore the author uses Latin America to anchor his more general arguments in a particular location and calls this approach geo epistemology The author discusses how the specificity of a particular location can contribute to the establishment of both a method of formulating human knowledge and the boundaries of what can be known The text explores the relationship between philosophy geography and geometry and analyses the notions of science empire and colonialism In response to the contemporary debate on space of thinking the author proposes a new concept of reversal thinking which leads to an examination of the roles of language and writing from an epistemic point of view

Moving Crops and the Scales of History Francesca Bray, Barbara Hahn, John Bosco Lourdusamy, Tiago Saraiva, 2023-02-14 A bold redefinition of historical inquiry based on the cropscape the people creatures technologies ideas and places that surround a crop Human efforts to move crops from one place to another have been a key driving force in history Crops have been on the move for millennia from wildlands into fields from wetlands to dry zones from one imperial colony to another This book is a bold but approachable attempt to redefine historical inquiry based on the cropscape the assemblage of people places creatures technologies and other elements that form around a crop The cropscape is a method of reconnecting the global with the local the longue durée with microhistory and people plants and places with abstract concepts such as tastes ideas skills politics and economic forces Through investigating a range of contrasting cropscales spanning millennia and the globe the authors break open traditional historical structures of period geography and direction to glean insight into previously invisible actors and forces

American Globalization, 1492-1850 Bartolomé Yun-Casalilla, Ilaria Berti, Omar Svriz-Wucherer, 2021-06-28 Following a study on the world flows of American products during early globalization here the authors examine the reverse process By analyzing the imperial political economy the introduction adaptation and rejection of new food products in America as well as of other European Asian and African goods American Globalization 1492 1850 addresses the history of consumerism and material culture in the New World while also considering the perspective of the history of ecological globalization This book shows how these changes triggered the formation of mixed imagined communities as well as of local and regional markets that gradually became part of a global economy But it also highlights how these forces produced a multifaceted landscape full of contrasts and recognizes the plurality of the actors involved in cultural transfers in which trade persuasion and violence were entwined The result is a model of the rise of consumerism that is very different from the ones normally used to understand the European cases as well as a more nuanced vision of the effects of ecological imperialism which was moreover the base for the development of unsustainable capitalism still present

today in Latin America Chapters 1 3 4 7 8 11 and 13 of this book are freely available as a downloadable Open Access PDF under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license available at <http://www.taylorfrancis.com>

Revisiting Reflexivity Sarah R. Davies, Andrea Schikowitz, Fredy Mora Gámez, Elaine Goldberg, Esther Dessewffy, Bao-Chau Pham, Ariadne Avkiran, Kathleen Gregory, 2025-08-21 Available open access digitally under CC BY-NC-ND licence How can we nurture more liveable worlds in today's neoliberal academia and beyond This collection revisits the notion of reflexivity from a science and technology studies STS perspective asking how researchers are affected by and affect the worlds they engage with Using experimental formats that challenge academic convention the volume acknowledges the dark sides of reflexivity while insisting that it is nonetheless worthwhile striving for it This volume is essential for anyone interested in creative playful and always incomplete attempts to refresh reflexivity in research and in developing more liveable worlds for ourselves and those our research engages with

Law, Humans and Plants in the Andes-Amazon Iván Darío Vargas Roncancio, 2024-02-06 Extending law beyond the human the book probes the conceptual openings methodological challenges and ethical conundrums of law in a time of deep socio-ecological disturbances and transitions How do we learn and practice law across epistemic and ontological difference What sort of methodologies do we need In what sense does conjuring other than human beings as sentient cognitive and social agents rather than mere recipients of state sanctioned rights transform what we mean by law and rights of nature Legal institutions exclusively focused on human perspectives seem insufficiently capable of addressing current socio-ecological challenges in Latin America and beyond In response this book strives to integrate other than human beings within legal thinking and decision making protocols Weaving together various fields of knowledge and world making practices that include but are not limited to Indigenous legal traditions Earth Law and multispecies ethnography Law Humans and Plants focuses on the entanglement of law ecology and Indigenous cosmologies in Southern Colombia In so doing it articulates a general postanthropocentric legal theory which is proposed a tool to address socioecological challenges such as climate change and bio-cultural loss This book will be of interest to scholars and students in the disciplines of environmental law Earth Law and ecological law legal theory and critical legal studies as well as others working in the in the fields of Indigenous studies environmental humanities legal anthropology and sustainability and climate change justice

Planting a City in the Tropical Andes Diego Molina, 2024-09-18 This book reveals how the 19th Century modernisation of Bogotá led to a transformation in the social role of plants showing how this city located in the high altitudes of the tropical Andes turned into a floristic island formed by native introduce wild and cultivated plants Urbanisation is one of the main forces behind biodiversity loss Paradoxically the expansion of cities has made urban environment spaces with a greater numbers of plant species compared to their surrounding areas Planting a City in the Tropical Andes takes a multidisciplinary approach to shed light on the cultural and ecological mechanisms that have transformed modern cities into what can be described as floristic islands By drawing upon a wide array of historical sources

this book explains how the 19th century modernization of Bogotá Colombia led to the replacement of traditional botanical practices with technical knowledge which in turn endowed the city with a unique floristic inventory Through a unique botanical perspective on Latin American urban history this book uncovers how capitalist dynamics in Bogotá transformed plants into providers of clean air and water and their use in the urban landscape contributed to the cultivation of disciplined citizenry Placing plants at the forefront of its narrative the book offers an original contribution to the underexplored history of horticulture in tropical Latin America It serves as a compelling example of how the creative and conflicting forces of the Anthropocene have forged new environments and previously unseen relationships between people and plants This volume will be of great use to scholars and students interested in social history urban environmental histories and cultural history

The Historiography of Contemporary Science, Technology, and Medicine Ronald E. Doel, Thomas Söderqvist, 2006-10-02 Bringing together authorities on the history historiography and methodology of recent and contemporary science this book reviews the problems facing historians of technology contemporary science and medicine and explores new ways forward

Different Engines Andrés Burbano, 2023-03-31 Different Engines investigates the emergence of technologies in Latin America to create images sounds video games and physical interactions The book contributes to the construction of a historiographical and theoretical framework for understanding the work of creators who have been geographically and historically marginalized through the study of five exemplary and yet relatively unknown artifacts built by engineers scientists artists and innovators It offers a broad and detailed view of the complex and sometimes unlikely conditions under which technological innovation is possible and of the problematic logics under which these innovations may come to be devalued as historically irrelevant Through its focus on media technologies the book presents the interactions between technological and artistic creativity working towards a wider understanding of the shifts in both fields that have shaped current perceptions practices and design principles while bringing into view the personal social and geopolitical singularities embodied by particular devices It will be an engaging and insightful read for scholars researchers and students across a wide range of disciplines such as media studies art and design architecture cultural history and the digital humanities 370

años, Universidad del Rosario Ariza Martínez, Juan Sebastián, Mahecha Jaimes, Sergio L., Buenaventura, Alejandra, Vargas Valdés, Andrés, Neva Oviedo, Jessica Alejandra, Camargo Mesa, Marcela, Pérez Herrera, María Sue, Blanco Rodríguez, José Alexis, Hernández Quiñones, Óscar Daniel, Castillo Montañez, Laura Camila, Parra Echeverri, Manuela, García-Mera, Laura Catalina, Velandia, Pedro J., González Casallas, J. Alexander, 2023-12-15 Por más de tres siglos la Universidad del Rosario se ha constituido como uno de los espacios educativos culturales y patrimoniales de Colombia En sus aulas se han gestado ideas políticas y sociales que han incidido en la historia del país Esta publicación celebra 370 años del proyecto educativo que inició fray Cristóbal de Torres en 1653 y que ha formado a varias generaciones bajo los principios humanísticos con los que se fundó el claustro Las experiencias de la comunidad rosarista son las protagonistas de este libro en el que se recopilan episodios de

la historia institucional que muestran los aportes y las dificultades que han sorteado los estudiantes y profesores de la universidad y que han permitido a la instituci n mantenerse a la vanguardia educativa desde su fundaci n hasta la actualidad

Una historia de la verdad en Occidente Mauricio Nieto Olarte,2019-08-01 Una historia de la verdad en Occidente es el primer libro escrito en castellano que ofrece un panorama amplio de la historia del conocimiento que pone en evidencia la estrecha relaci n de la verdad con la filosof a la religi n las artes y la pol tica As el libro explica la emergencia de una cultura centrada en Europa que proclama posesi n de la raz n universal y autoridad de control global El problema de la verdad es hoy tan complejo y dif cil como lo fue para los protagonistas de este libro y este viaje al pasado deja importantes lecciones para hacerle frente en pleno siglo xxi cuando la sombra de la incertidumbre se expande no solo en la pol tica o la filosof a sino tambi n en la ciencia

Conquering nature in Spain and its empire, 1750-1850 Helen Cowie,2017-02-01 This book examines the study of natural history in the Spanish empire in the years 1750 1850 During this period Spain made strenuous efforts to survey inventory and exploit the natural productions of her overseas possessions orchestrating a series of scientific expeditions and cultivating and displaying American fauna and flora in metropolitan gardens and museums This book assesses the cultural significance of natural history emphasising the figurative and utilitarian value with which eighteenth century Spaniards invested natural objects from globetrotting elephants to three legged chickens It considers how the creation legitimisation and dissemination of scientific knowledge reflected broader questions of imperial power and national identity This book will be of particular interest to scholars and students of Spanish and Latin American History the History of Science and Imperial Culture

Fundamentos de finanzas para ciencias sociales Rafael Bautista Mena,2023-05-29 Este libro est dise ado para un curso en el cual los estudiantes tienen el inter s profesional o la necesidad para su trabajo de investigaci n de aprender los fundamentos de las finanzas modernas Consistente con la tradici n educativa del autor est escrito con el estilo y la intenci n de dar acceso r pido a una explicaci n tanto conceptual como pr ctica de la l gica y de los principales supuestos que subyacen a la teor a financiera del valor El prop sito es apoyar a aquellos investigadores docentes y trabajadores en ciencias sociales que por razones de sus proyectos actuales requieran argumentar con claridad conceptual la validez de propuestas de proyectos Los grupos de inter s para este breviario incluyen los posgrados en psicolog a sociolog a ciencias pol ticas educaci n y algunos de ciencias jur dicas Excepcionalmente tambi n puede ser de inter s para algunos posgrados en ciencias econ micas y naturales

Exploration, Religion and Empire in the Sixteenth-century Ibero-Atlantic World Mauricio Nieto Olarte,2025-10-01 The Iberian conquest of the Atlantic at the beginning of the sixteenth century had a notable impact on the formation of the new world order in which Christian Europe claimed control over most a considerable part of the planet This was possible thanks to the confluence of different and inseparable factors the development of new technical capacities and favorable geographical conditions in which to navigate the great oceans the Christian mandate to extend the faith the need for new trade routes and an imperial organization

aspiring to global dominance The author explores new methods for approaching old historiographical problems of the Renaissance such as the discovery and conquest of America the birth of modern science and the problem of Eurocentrism now in reference to actors and regions scarcely visible in the complex history of modern Europe the ships the wind the navigators their instruments their gods saints and demons The book offers convincing evidence to incorporate the Catholic world of early modernity into the history of modern science The research is supported by the analysis of not widely studied primary sources such as the sixteenth century Iberian nautical manuals Through the use of theoretical frameworks such as the Actor Network Theory the book sheds light on the need to incorporate the role of heterogeneous human actors and artifacts ships navigation tools sails cannons natural and geographical agents ocean currents winds the sun the moon and the stars and divine entities gods daemons and saints into the political history of early modernity

Ciencia-Mundo Rafael Sagredo Baeza, 2021-09-30 El papel del conocimiento científico en la conformación de la realidad su relación con el poder y el régimen republicano la importancia del arte en la construcción de la nación el uso del viaje y la ortografía para la conformación de identidades son sólo algunos de los temas que se abordan en esta obra colectiva Ella muestra interpreta y contextualiza el trabajo las ideas y las obras de personalidades que como Cornelius de Pauw y Georg Forster a nivel mundial Rodrigues Ferreira en Brasil Jos Caldas y Tadeo Lozano en Nueva Granada Alcide d'Orbigny en Bolivia Claudio Gay en Chile o Antonio Raimondi en Perú explican la trascendencia que el Estado el poder y las elites atribuyeron al conocimiento científico al arte y al trabajo intelectual Uno de los planteamientos esenciales que se pueden deducir de su lectura es que la ciencia y el trabajo de los naturalistas que se ocuparon de América pueden ser apreciados como un vínculo que hizo posible un estrecho contacto material e intelectual entre las diferentes regiones y sociedades que de este modo terminaron conformando el mundo Fue la obra de científicos como los nombrados lo que permitió la acumulación de un conocimiento que a escala global fue sistematizado en el trabajo cumbre de Alexander von Humboldt Cosmos Este título muestra elocuentemente no sólo la capacidad de anticipación de su autor o la vigencia de su contenido sino también la contribución de la ciencia al mundo moderno

Remedios Para El Imperio Historia Natural Y La Apropiacion Del Nuevo Mundo Introduction

In todays digital age, the availability of Remedios Para El Imperio Historia Natural Y La Apropiacion Del Nuevo Mundo books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Remedios Para El Imperio Historia Natural Y La Apropiacion Del Nuevo Mundo books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Remedios Para El Imperio Historia Natural Y La Apropiacion Del Nuevo Mundo books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Remedios Para El Imperio Historia Natural Y La Apropiacion Del Nuevo Mundo versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Remedios Para El Imperio Historia Natural Y La Apropiacion Del Nuevo Mundo books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether youre a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other

digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Remedios Para El Imperio Historia Natural Y La Apropiacion Del Nuevo Mundo books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Remedios Para El Imperio Historia Natural Y La Apropiacion Del Nuevo Mundo books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Remedios Para El Imperio Historia Natural Y La Apropiacion Del Nuevo Mundo books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Remedios Para El Imperio Historia Natural Y La Apropiacion Del Nuevo Mundo books and manuals for download and embark on your journey of knowledge?

FAQs About Remedios Para El Imperio Historia Natural Y La Apropiacion Del Nuevo Mundo Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including

classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Remedios Para El Imperio Historia Natural Y La Apropiacion Del Nuevo Mundo is one of the best book in our library for free trial. We provide copy of Remedios Para El Imperio Historia Natural Y La Apropiacion Del Nuevo Mundo in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Remedios Para El Imperio Historia Natural Y La Apropiacion Del Nuevo Mundo. Where to download Remedios Para El Imperio Historia Natural Y La Apropiacion Del Nuevo Mundo online for free? Are you looking for Remedios Para El Imperio Historia Natural Y La Apropiacion Del Nuevo Mundo PDF? This is definitely going to save you time and cash in something you should think about.
