We all live on the banks of the river of time Some don t believe that time exists and physicists still aren t sure what it is Regardless of this no one can escape the flux of life All too often we hide from time with our heads stuck in the past or the future Mindfulness teaches us to be present each moment to face what is instead of what was or will be But is mindfulness enough Should we only place our attention on the present moment Now and Then presents an integrated approach to time that is grounded in the present but also focused on the past and future It shows us that to truly live is to embrace time in all its aspects It is a valuable tool for anyone who wants to practice being in the moment and enjoy a rich and dynamic life

How I Conquered Schizophrenia Nancy L. Stackhouse,2012-11-20 The causes of schizophrenia are many including extreme stress chemical imbalance reaction to drugs genetic predisposition isolation low self esteem and even a damaged or weakened aura a supposed emanation surrounding the body of a living creature viewed by mystics spiritualists and some practitioners of complementary medicine as the essence of the individual and allegedly discernible by people with special sensibilities My personal onset of schizophrenia and depression at age forty two was caused I believe by a combination of the above Through the caring help of family friends medical doctors healers and my own insights and intuitions I was able to become completely free of the symptoms of schizophrenia and all antipsychotic and antidepressant medications used to treat the illness Most influential and important to my healing and recovery however was the utilization of both borrowed and original strategies that keep me healthy to this day The sharing of these strategies which include identifying ones gifts relying on family members friends and caregivers improving ones self esteem identifying ones authentic self connecting with healers being in gratitude setting goals and using positive affirmations for the purpose of recovering and maintaining positive mental emotional spiritual and physical health is the reason why I have written this book **The Universal Principles of**

the Reform Bahai Faith Baha'u'llah, Abdu'l-Baha, 2007-12 The Universal Principles of the Reform Bahai Faith collects many of the early writings of Baha u llah and Abdu l Baha published in the West seeking to restore and preserve their vision of the oneness of God humanity and all religions In addition to all of the 1912 Universal Principles of the Bahai Movement the book includes Baha u llah s Hidden Words selections known as the Spirit of the Age an address by Abdu l Baha at the Friends Meeting House in London in 1913 and many Bahai prayers for community and individual worship and meditation Though beginning in 2004 the Reform Bahai Faith traces its origin to the early Bahais Ruth White Mirza Ahmad Sohrab and Julie Chanler who sought to preserve the Teachings of Abdu l Baha after his passing in 1921 They and other early American Bahais understood the Bahai Faith was being turned into an oppressive organization under what the British Museum document expert Dr C Ainsworth Mitchell judged to be a fraudulent will and testament Baha u llah the Founder of the Bahai Faith believed in and taught a moderate universal religion grounded in a separation of church and state not a theocracy and members of the Reform Bahai Faith seek to recover and renew that saving vision for all humanity The newcomer to the Bahai Teachings will find here a brief but eloquent and inspiring introduction to the Faith of Baha u llah while people already familiar with it will find a refreshing breeze has returned to revivify and uplift the spirit This book marks the first publication of the Reform Bahai Press which will publish several more titles during the next few years **Tablets of Baha'o'llah Revealed at Acca, Syria** 'Abdu'l-Bahá, 1917 Tablet of Tarazat Bahá'u'lláh, 1906 **Star of the West** , 1978 *Reality* , 1928 World Religions Thomas A. Robinson, Hillary P.
