Childs Thomas S. CHILDS,1863 *Ivywall* Thomas Seaton Donoho,1860 The Spiritual Rococo GauvinAlexander Bailey,2017-07-05 A groundbreaking approach to Rococo religious d r and spirituality in Europe and South America The Spiritual Rococo addresses three basic conundrums that impede our understanding of eighteenth century aesthetics and culture Why did the Rococo ostensibly the least spiritual style in the pre Modern canon transform into one of the world s most important modes for adorning sacred spaces And why is Rococo still treated as a decadent nemesis of the Enlightenment when the two had fundamental characteristics in common This book seeks to answer these questions by treating Rococo as a global phenomenon for the first time and by exploring its moral and spiritual dimensions through the lens of populist French religious literature of the day a body of work the author calls the Spiritual Rococo and which has never been applied directly to the arts The book traces Rococo s development from France through Central Europe Portugal Brazil and South America by following a chain of interlocking case studies whether artistic literary or ideological and it also considers the parallel diffusion of the literature of the Spiritual Rococo in these same regions placing particular emphasis on unpublished primary sources such as inventories One of the ultimate goals of this study is to move beyond the clich f Rococo s frivolity and acknowledge its essential modernity Thoroughly interdisciplinary The Spiritual Rococo not only integrates different art historical fields in novel ways but also interacts with church and social history literary and post colonial studies and anthropology opening up new horizons in these fields The Standard ,1926 **On the Problem of Empathy** Edith Stein,2013-12-19 Edith Stein scholar and nun is known today as much for her life as for her work Because she was of Jewish descent she was forced to sacrifice herself in the gas chambers of Auschwitz in 1942 But even before her conversion to Catholicism she had distinguished herself as a scholar by her work as Husserl s assistant in Freiburg and by her inaugural dissertation on empathy The present work is a translation of this dissertation as it was published in 1917 in Halle The conception of empathy that Edith Stein develops here follows very closely the work of Husserl in Volume II of the Ideas

Martinus Nijhoff 1952 At the same time it is in contrast with his later Cartesian Meditations Martinus Nijhoff 1963 which attempt to resolve a somewhat different problem Thus Edith Stein presents a distinction between the living body Leib as the center of orientation of the spatial world and the material body Körper understood as a physical thing Since Maurice Merleau-Ponty also had access to Volume II of the Ideas when formulating his notion of the lived body le corps vécu it is not surprising to find his conception strikingly similar to that of Edith Stein at the same time as it presents some provocative contrasts Though Edith Stein does not use the term her concept of the spatial world adumbrates the Lebenswelt which plays such a prominent role in contemporary phenomenology and existentialism In her chapter on the mind Edith Stein presents a concept of the cultural sciences and the method appropriate to them as opposed to the method of natural sciences She develops this contrast in terms of Wilhelm Dilthey's reliving understanding nachlebendes Verstehen with emendations in the context of her particular analysis Also of interest is her outline of an approach to the structure of feeling as a basis for understanding value that takes into consideration Max Scheler's work This work in general is richly stimulating in its clear concise analyses apt examples and relevance to problems that continue to concern philosophers today The translator it may be noted is a grand niece of Edith Stein who is presently serving as assistant professor of philosophy at the State University College of New York at Oswego Publisher **Love's Labour's Lost** William Shakespeare, 2001-04 I feel that I have spent half my career with one or another Pelican Shakespeare in my back pocket Convenience however is the least important aspect of the new Pelican Shakespeare series Here is an elegant and clear text for either the study or the rehearsal room notes where you need them and the distinguished scholarship of the general editors Stephen Orgel and A R Braunmuller who understand that these are plays for performance as well as great texts for contemplation Patrick Stewart The distinguished Pelican Shakespeare series which has sold more than four million copies is now completely revised and repackaged Each volume features Authoritative reliable texts High quality introductions and notes New more readable trade trim size An essay on the theatrical world of Shakespeare and essays on Shakespeare's life and the selection of texts Images Of Life LaVern Spencer
