Remembering Korea 1950 A Boy Soldiers Story:

Remembering Korea 1950 H. K. Shin, 2001-04-01 Hyung K Shin was sixteen years old when the North Korean army invaded South Korea in June 1950 Fleeing his home Shin soon found himself alone in Pusan a refugee without resources or any means of support To save himself from destitution he lied about his age and volunteered for service in the South Korean army Shin s account of the months that followed is a moving record of the Korean War from the perspective of an ordinary ROK soldier He recounts his hasty training and subsequent experiences as a battlefield soldier in North Korea as a guard in a prisoner of war camp and as a refugee again in the massive flight of civilians and ROK military personnel retreating before the onslaught of the Chinese invasion Through it all Shin struggles to retain his humanity and pursue his education In the process the naive schoolboy becomes a man Today Hyung K Shin is an internationally respected chemist but in the pages of this memoir he carries us back to Korea during a pivotal moment in that country s history This is the first account in English that describes the war from the perspective of a Korean who lived through and fought in it Shin s detailed and lively narrative is a stirring monument to the survival of human decency and kindness in the midst of terror cruelty despair and the destruction of a proud nation

Korea was the first hot war of the Cold War It was also Canada s most significant military engagement of the twentieth century following the two world wars Canada and the Korean War gathers leading scholars to explore the key themes and battles of a seminal yet understudied conflict Canada had little stake and less interest in Korea before 1950 but the risk the conflict posed to the fragile postwar order was deemed too great for the country to stand on the sidelines Alongside their allies more than 30 000 Canadian service personnel fought a determined and skilled enemy The armistice that ended the war left Korea devastated and divided and it remains a dangerous hotspot today This timely collection synthesizes Canadian and international perspectives on a conflict that shaped not only the Canadian armed forces but also the evolving Canada Korea relationship In the process Canada and the Korean War sheds light on how the war has been framed and reframed in public memory

The Warrior Image Andrew J. Huebner, 2011-12-01 Images of war saturated American culture between the 1940s and the 1970s as U.S. troops marched off to battle in World War II the Korean War and the Vietnam War Exploring representations of servicemen in the popular press government propaganda museum exhibits literature film and television Andrew Huebner traces the evolution of a storied American icon the combat soldier Huebner challenges the pervasive assumption that Vietnam brought drastic changes in portrayals of the American warrior with the jaded serviceman of the 1960s and 1970s shown in stark contrast to the patriotic citizen soldier of World War II In fact Huebner shows cracks began to appear in sentimental images of the military late in World War II and were particularly apparent during the Korean conflict Journalists filmmakers novelists and poets increasingly portrayed the steep costs of combat depicting soldiers who were harmed rather than hardened by war isolated from rather than supported by their military leadership and American society Across all three wars Huebner argues the warrior image conveyed a growing cynicism about armed conflict the federal government and Cold War militarization
