Remembering Patsy:

Remembering Patsy Brian Mansfield, 2003-02 A companion to an MCA CD tribute to Patsy Cline this photo diary has quotes about Cline's influence on various artists' careers as well as reminiscences from Cline's contemporaries including Brenda Lee, Loretta Lynn and Harold Bradley. Includes a CD single Photos. *Musicological Identities* Jacqueline Warwick, 2017-07-05 No music scholar has made as profound an impact on contemporary thought as Susan McClary, a central figure in what has been termed the new musicology. In this volume seventeen distinguished scholars pay tribute to her work with essays addressing three approaches to music that have characterized her own writings: reassessing music's role in identity formation, particularly regarding gender, sexuality and race; exploring music's capacity to define and regulate perceptions and experiences of time; and advancing new modes of analysis more appropriate to those aspects and modes of musicking ignored by traditional methods. Contributors include, in overlapping categories, many fellow pioneers, current colleagues and former students, and their essays like McClary's own work address a wide range of repertoires ranging from the established canon to a variety of popular genres. The collection represents the generational arrival of the new musicology into full maturity, dividing fairly evenly between pre-eminent scholars of music and a group of younger scholars who have already made their mark in significant ways. But the collection is also, and fundamentally, interdisciplinary in nature, in active conversation with such fields as history, anthropology, philosophy, aesthetics, media studies, film, music studies, dramatic criticism, women's studies and cultural studies. **Sound Judgment** Richard Leppert, 2023-05-31 The essays in *Sound Judgment* span the full career of Richard Leppert, from his earliest to work that appears here for the first time, on subjects drawn from early modernity to the present concerning music, both popular and classical, European and North American. Noted for his path-breaking interdisciplinary scholarship on music and visual culture, the collection includes key essays on music's visualization in art, practices in virtually all visual media, including film. The fourteen essays comprising this volume demonstrate Leppert's many contributions to critical musicology, particularly in the areas of aesthetics, as well as social and intellectual history, all of it grounded in a heterodox body of critical and cultural theory with the work of Theodor W. Adorno, particularly noteworthy. The collection is preceded by an introduction in which Leppert traces his intellectual development, defined in large part by the social, cultural and political upheavals of the 1960s and their aftermath, both in the academy and in society at large. **NO SURRENDER** Lindsay Longford, 2011-07-15 Expectantly Yours. DESPERATE MEASURES. Kate March's pregnancy was forcing her to return to Jed Stone, the man she'd walked away from years ago. With a killer shadowing her, Kate had to put her future and that of her unborn child in her former lover's hands. Their past stood between them, yet the haunted look in Kate's eyes aroused Jed's protective instincts, as well as his pent-up desire. But could he allow himself to surrender his love to the one woman he couldn't live without, and who was carrying another man's child? Baby on the way. **Once Upon a Time** Rachel Crothers, 1925 **Final Departure** Steve Pickens, 2016-02-15 Jake Finnigan is already

thought than there's a song for you to sing and a message just for you within the pages of this book Eye of the Storm Marcia Muller, 2011-10-01 Appleby Island once the magnificent home of a tycoon and planter is a place of history and mystery in the Sacramento delta. Its story includes hints of tragedy fueling rumors that ghosts still walk its derelict orchards. Now Patsy McCone, her new lover, and a group of investors are turning the old mansion into an elegant bed and breakfast. Summoned by her eccentric younger sister, San Francisco's number one PI Sharon McCone arrives in the teeth of a gale taking a busman's holiday to investigate mysterious acts of vandalism that are running the project to ruin. But when simple sabotage escalates to savage murder, she finds herself trapped on the island with a desperate killer and flung into a raging storm of treachery, violence, and sudden death.

Floating Dragon Peter Straub, 2021-10-05 Experience the true nature of terror in this deliciously imaginative San Francisco Chronicle novel from 1 New York Times bestselling author Peter Straub. The quiet suburban town of Hampstead is threatened by two horrors. One is natural: The hideous, unstoppable creation of man's power gone mad. The other is not natural at all. And it makes the first look like child's play. Unspeakable horror has Bestseller written all over it. Los Angeles Times: Straub's effects are quite spectacular. I was fairly awed by some of the more nightmarish scenes in *Floating Dragon*. The New York Times

The Dirty South, 2023-11-15 *The Dirty South* examines the shifting significances of the South as a constructed, fantasized region in the American psyche, particularly its frequent association with tropes of dirt that emphasize soil, garbage, trash, grit, litter, mud, swamp, water, slime, and pollution. Beginning with iconic works from the 1970s such as *Deliverance* and *The Texas Chainsaw Massacre*, James A. Crank traces the image of a dirty South into the twenty-first century to explore the social, political, and psychological effects of the region's hold on the imaginations of southerners and nonsoutherners alike. With a focus on media forms through which southern identity gets articulated and questioned, including horror movies, *Swamp Thing* comics, and popular music by artists such as Waylon Jennings and OutKast, *The Dirty South* probes the sustained fascination with southern dirtiness while reflecting on its causes and consequences since the end of the civil rights era. Highlighting the period from 1970 to 2020 during which the South began to represent several new possible identities for the nation as a whole and for the area itself, Crank considers the ways that southerners have used depictions of dirt to create and police boundaries and to contest those boundaries. Each chapter pairs prominent literary or cultural texts from the 1970s with more contemporary works such as Jordan Peele's film *Get Out*, which recycle similar investments or critically challenge the inherent whiteness of the earlier images. By historicizing fantasies of the region and connecting them to the first decades of the twenty-first century, *The Dirty South* reveals that notions about southern dirtiness proliferate not because they lend authenticity or relevancy to the U.S. South but because they aid so conspicuously in the zombified work of tethering investors, real and imagined, to a graveyard of ideas.
