literary magazine JAW co produced by myself and a friend for 2 years the beginning of a screenplay some poetry and several short stories I started the book 9 years ago as the thesis for my undergraduate BA degree which I received from Goddard College VT Originally it also included a survey of one novelist Elizabeth Berg and three famous women poets in order to place myself in the field of writing and compare contrast the growth pattern my writing took through the years I elected to take those out to avoid any copyright issues and prove this book is about a dream fulfillment and what I hope to be the beginning of my book publishing career As a single Mom of three boys now for 8 years I have struggled to succeed and have grown in ways which I never thought possible I finished my BA in English and Women s History and moved on to pursue my MA in Teaching which I graduated with on September 11th 2007 Although I appear to be poor I am filled with riches spiritual ones I hope this book serves as an inspiration for all single Mom s to never give up on your dreams they are there waiting for you to find them and if we are to keep hope alive for us and our children we must not give up

The Kindertransport Jennifer Craig-Norton,2019-06-25 A timely study of the effects of family separation on child refugees using newly discovered archival sources from the WWII era Highly recommended Choice The Kindertransport an organized effort to extract children living under the threat of Nazism lives in the popular memory as well as in literature as a straightforward act of rescue and salvation but these celebratory accounts leave little room for a deeper more complex analysis This volume reveals that in fact many children experienced difficulties with settlement they were treated inconsistently by refugee agencies their parents had complicated reasons for giving them up and their caregivers had a variety of motives for taking them in Against the grain of many other narratives Jennifer Craig Norton emphasizes the use of newly discovered archival sources which include the correspondence of refugee agencies carers Kinder and their parents and juxtaposes this material with testimonial accounts to show readers a more nuanced and complete picture of the Kindertransport In an era in which the family separation of refugees has commanded considerable attention this book is a timely exploration of the effects of family separation as it was experienced by child refugees in the age of fascism
