Reminiscences Of Parmenas Taylor Turnley:

Reminiscences of Parmenas Taylor Turnley, Parmenas Taylor Turnley,2018-07-31 **Reminiscences of Parmenas Taylor Turnley, from the Cradle to Three-Score and Ten; By Himself, from Diaries Kept from Early Boyhood. with a Brief Glance Backward Three Hundred and Fifty Years at Progenitors and Ancestral Lineage** Parmenas Taylor 1821-1911 Turnley,2016-05-05 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

Reminiscences of Parmenas Taylor Turnley, From the Cradle to Three-Score and Ten; By Himself, From Diaries Kept From Early Boyhood Parmenas Taylor Turnley,2015-07-16 Excerpt from Reminiscences of Parmenas Taylor Turnley From the Cradle to Three Score and Ten By Himself From Diaries Kept From Early Boyhood With a Brief Glance Backward Three Hundred and Fifty Years at Progenitors and Ancestral Lineage Mankind are worshipers of idols the more enlightened preferring the man hero rather than the dumb stock and stone It is war that creates heroes Therefore the masses crave war A few people here and there at different epochs and periods in sentimental moods of despondency or of occasional religious fervor may decry the strong arm of the sword and advocate tribunes of arbitration but such advocacy will never prevail and such peaceful tribune will ever be the iridescent dream of the imagination No human government was ever established save by absolute physical force nor one ever maintained except by the exercise of that force We of these United States never tire of boasting of our oft warlike popular government forgetting for a moment that our boasted government was created in blood and slaughter and that it has been maintained in deeper seas of bloodshed and loss of life and destruction of material wealth than all other nations of the earth have expended during our century of existence The period is rapidly approaching when military force on a colossal scale will be invoked to determine and settle the disputes between contending political parties and factions in our government and to suppress the corrupting elements and rottenness now fast accumulating The power of concentrated wealth must and will rule nations and peoples in the future as in the past To this end the heterogeneous masses of the American Republic gathered from all parts of the earth and called the populace who are tickled for the time being with the appellation of sovereigns and exercising for a brief period the shadowy fiction called

papali which in turn is the basis for that other fiction Voice of God will be set aside and kept in bounds by the strong arm of power while superiors will maintain human government commensurate with the intelligence of the superior elements The scramble for spoils of office is a barrier to good government by the populace Equally erroneous is another feature of our American Republic which is the boasted contention that State and Church are separate and distinct and shall be kept so that politics and religion have nothing in common This is not true never was and never will be No government formed by men since the world began was based on any other foundation than some kind of religion The most savage and barbarous tribes on earth have no conception of government save as a religion Equally so do all higher civilizations merge finally its aims efforts and motives in the religious sentiment dominant among them The weaker sects will be subdued and the one stronger prevail Every political party works under the inspiration of a religion and all so called political campaigns in a popular government are in fact religious contentions and religious campaigns Even as I write this Introduction and the autumn leaves are falling silently on my grassy lawn Harrison and Cleveland are before the people for the presidency both parties being managed and commanded by political religionists with a deep and pious fervor in the heart of every leader determined to down his opponent About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com A Catalogue of the Everett D. Graff Collection of Western Americana Colton Storm, 1968 The Everett D Graff Collection of Western Americana consists of some 10 000 books manuscripts maps pamphlets broadsides broadsheets and photographs of which about half are described in the present catalogue The Graff Collection displays the remarkable breadth of interest knowledge and taste of a great bibliophile and student of Western American history From this rich collection now in The Newberry Library Chicago its former Curator Colton Storm has compiled a discriminating and representative Catalogue of the rarer and more unusual materials Book jacket **Private Letters of Parmenas Taylor Turnley (together with Some Letters of His Father and Grandfather) on the Character of the Constitutional Government of the United States, and the Antagonism of Puritans to Christianity, &c** Parmenas Taylor Turnley, 1863 *Inventing the Pinkertons; or, Spies, Sleuths, Mercenaries, and Thugs* S. Paul O'Hara, 2016-10-18 The fascinating story of the most notorious detective agency in US history Between 1865 and 1937 Pinkerton's National Detective Agency was at the center of countless conflicts between capital and labor bandits and railroads and strikers and state power Some believed that the detectives were protecting society from dangerous criminal conspiracies others thought that armed Pinkertons were capital's tool to crush worker dissent Yet the image of the Pinkerton detective also inspired romantic and sensationalist novels reflected shifting ideals of Victorian manhood and embodied a particular kind of rough frontier justice *Inventing the Pinkertons* examines the evolution of the agency as a pivotal institution in the cultural history of American monopoly capitalism Historian S Paul O'Hara intertwines political social and cultural history to reveal how Scottish born founder Allan Pinkerton insinuated his way to power and influence as a purveyor of

valuable and often wildly wrong intelligence in the Union cause During Reconstruction Pinkerton turned his agents into icons of law and order in the Wild West Finally he transformed his firm into a for rent private army in the war of industry against labor Having begun life as peddlers of information and guardians of mail bags the Pinkertons became armed mercenaries protecting scabs and corporate property from angry strikers O Hara argues that American capitalists used the Pinkertons to enforce new structures of economic and political order Yet the infamy of the Pinkerton agent also gave critics and working communities a villain against which to frame their resistance to the new industrial order Ultimately Inventing the Pinkertons is a gripping look at how the histories of American capitalism industrial folklore and the nation state converged

Army Regulars on the Western Frontier, 1848-1861 Durwood Ball,2001 Unlike previous histories this book argues that the politics of slavery profoundly influenced the western mission of the regular army affecting the hearts and minds of officers and enlisted men both as the nation plummeted toward civil war

BOOK JACKET Bulletin of the Library Company of Philadelphia Library Company of Philadelphia,1903

Lincoln and McClellan John C. Waugh,2025-09-23 There was no more remarkable pair in the Civil War than Abraham Lincoln and George McClellan At only 35 years old McClellan commanded the Ohio troops early in the war and won skirmishes for the Union in western Virginia After the disastrous Union defeat at Bull Run in the summer of 1861 Lincoln sent word for McClellan to come to Washington and soon elevated him to commander in chief of the Union army But in the late summer and fall of 1861 things took a turn for the worst Meticulous in his planning and preparations McClellan began to delay attacking the enemy and developed a penchant for vastly overestimating the Confederate forces he faced All of this hampered his ability to lead an aggressive force in a fast moving battlefield environment Finally losing his patience Lincoln was famously quoted as saying If General McClellan does not want to use the army I would like to borrow it for a time Lincoln and McClellan takes an in depth look at this fascinating relationship from the early days of the Civil War to the 1864 presidential election when McClellan ran against Lincoln on an anti war platform and lost Here award winning author John C Waugh weaves a tale of hubris paranoia failure and triumph illuminating as never before this unique and complicated alliance

The Class of 1846 John C. Waugh,2010-12-29 No single group of men at West Point or possibly any academy has been so indelibly written into history as the class of 1846 The names are legendary Thomas Stonewall Jackson George B McClellan Ambrose Powell Hill Darius Nash Couch George Edward Pickett Cadmus Marcellus Wilcox and George Stoneman The class fought in three wars produced twenty generals and left the nation a lasting legacy of bravery brilliance and bloodshed This fascinating remarkably intimate chronicle traces the lives of these unforgettable men their training their personalities and the events in which they made their names and met their fates Drawing on letters diaries and personal accounts John C Waugh has written a collective biography of masterful proportions as vivid and engrossing as fiction in its re creation of these brilliant figures and their pivotal roles in American history

Railroads in the Old South Aaron W. Marrs,2022-02-03 An original history of the railroad in the Old South that

challenges the accepted understanding of economic and industrial growth in antebellum America Drawing from both familiar and overlooked sources such as the personal diaries of Southern travelers papers and letters from civil engineers corporate records and contemporary newspaper accounts Aaron W Marris skillfully expands on the conventional business histories that have characterized scholarship in this field He situates railroads in the fullness of antebellum life examining how slavery technology labor social convention and the environment shaped their evolution Far from seeing the Old South as backward and premodern Marris finds evidence of urban life industry and entrepreneurship throughout the region But these signs of progress existed alongside efforts to preserve traditional ways of life Railroads exemplified Southerners pursuit of progress on their own terms developing modern transportation while retaining a conservative social order Railroads in the Old South demonstrates that a simple approach to the Old South fails to do justice to its complexity and contradictions The time is right to bring the South into the story of the economic transformation of antebellum America Aaron Marris does this with force and grace in Railroads in the Old South John L Larson Purdue University I am hard pressed to think of another volume that better catches the overall effect railroads had on the Old South Kenneth W Noe Auburn University Interesting regional history It is a thoughtful and instructive study that examines not only the pervasiveness of transportation but also some of the social political and economic consequences associated with the evolution of southern railroads Choice [Fort Randall on the Missouri, 1856-1892](#) Jerome A. Greene,2006-06 Strategically located along the Missouri River near the present South Dakota Nebraska border Fort Randall served as an important outpost on the western frontier It played a key role in maintaining peace between American Indians and new settlers in the latter half of the nineteenth century and its most famous residents included African American Buffalo Soldiers and the imprisoned Hunkpapa Lakota leader Sitting Bull In Fort Randall on the Missouri 1856 1892 Jerome A Greene immerses the reader in the day to day life of a frontier garrison using original maps soldiers drawings and excerpts from their letters Stories of soldiers families food education entertainment and worship depict a self sufficient community weathering local conflicts as well as the Civil War The appendixes name the commanding officers and regiments stationed there as well as the imprisoned members of Sitting Bull s b twenty four Bailey Dix and Mead photographs of Sitting Bull s people taken in 1882 are also featured Greene concludes by chronicling the demise of the post as thriving communities grew up around it *At Sword's Point, Part 1* William P. MacKinnon,2016-10-27 The Utah War of 1857 58 the unprecedented armed confrontation between Mormon Utah Territory and the U S government was the most extensive American military action between the Mexican and Civil wars At Sword s Point presents in two volumes the first in depth narrative and documentary history of that extraordinary conflict William P MacKinnon offers a lively narrative linking firsthand accounts most previously unknown from soldiers and civilians on both sides This first volume traces the war s causes and preliminary events including President Buchanan s decision to replace Brigham Young as governor of Utah and restore federal authority through a large army expedition Also examined are Young s defensive aggressive reactions the

onset of armed hostilities and Thomas L Kane s departure at the end of 1857 for his now famous mediating mission to Utah MacKinnon provides a balanced comprehensive account based on a half century of research and a wealth of carefully selected new material Women s voices from both sides enrich this colorful story At Sword s Point presents the Utah War as a sprawling confrontation with regional and international as well as territorial impact As a nonpartisan definitive work it eclipses previous studies of this remarkably bloody turning point in western military and Mormon history The Centennial of the United States Military Academy at West Point, New York. 1802-1902 ... United States Military Academy,1904

Genealogies in the Library of Congress Marion J. Kaminkow,2001 Vol 1 905p Vol 2 961p General George E. Pickett in Life and Legend Lesley J. Gordon,2002-08-01 A critical biography of the best known and least accurately understood Civil War general including the legends perpetrated by his widow LaSalle Corbell Pickett *American and English Genealogies in the Library of Congress* Library of Congress,1919 *Doniphan's Epic March* Joseph G. Dawson,1999 In 1846 1847 a ragtag army of 800 American volunteers marched 3 500 miles across deserts and mountains through Indian territory and into Mexico There they handed the Mexican army one of its most demoralizing defeats and helped the United States win its first foreign war Their leader Colonel Alexander Doniphan also a volunteer was a natural soldier of towering stature who became a national hero in the wake of his wartime exploits Doniphan was a small town Missouri lawyer untrained in military matters when he answered President Polk s call for volunteers in the war with Mexico Working from a host of primary sources Joseph Dawson focuses on Doniphan s extraordinary leadership and chronicles how the colonel and his 1st Missouri Mounted Regiment helped capture New Mexico and went on to invade Chihuahua Contending with wildfires sandstorms poor provisions and the threat of attack from Apaches they eventually came face to face with the formidable cannon and cavalry of a much larger Mexican force Yet at the Battle of Sacramento these hardy volunteers outflanked General Jose Heredia s army and claimed a stunning American victory on foreign soil Dawson explores and analyzes the many facets of Doniphan s exploits from the decision to proceed to Chihuahua in the wake of the Taos Revolt to the tactics that shaped his victory at Sacramento describing that battle in heart stopping detail He tells how Doniphan s legal expertise enabled him to supervise America s first military government administering a conquered land at Santa Fe and highlights Doniphan s remarkable cooperation with U S Army officers at a time when antagonism typified relationships between volunteers and regulars He also introduces readers to other key personalities of the campaign from fellow officers Stephen W Kearny and Meriwether L Clark to James Kiker the controversial scout whom Doniphan reluctantly trusted Dawson s thorough account captures the expansionist mood of America in the mid nineteenth century and helps us understand how American soldiers were motivated by the idea of Manifest Destiny His portrait of Doniphan and his troops reinforces the importance of the citizen soldier in American history and provides a new window on the war that changed forever the hopes and dreams of our border nations **The US Army and the Texas Frontier Economy** Thomas T. Smith,1999 Seventy

million dollars in fifty five years From Texas annexation in 1845 until the turn of the twentieth century the U S Army pumped at least that much or more into the economy of the fledgling state a fact that directly challenges the popular heritage of Texas as the state with roots of pioneer capitalism and fervent independence In *The U S Army and the Texas Frontier Economy 1845 1900* Thomas T Smith sheds light on just who bankrolled the evolution of Texas into viable statehood Smith draws on extensive research gathered from both government archives and Texas army posts in order to evaluate the symbiotic relationship between army quartermasters and the economy of the young state Texas was the army s largest and most costly engagement absorbing up to thirty percent of the total operating budget and channeling that currency into the commercial development of its frontier Smith expands on historian Robert Wooster s theory that the military was engaged in an alliance with the political authority in Texas and using documents such as army contracts for freighting foraging and fort leasing he illustrates how federal fiscal activity spurred commercial growth for the citizens of Texas Besides the obvious development of towns on the skirts of military bases and of roads between them the establishment of military spending as a bedrock of the Texas economy and the protector of middle class interests shaped the future of the state s commercial prosperity Writing with exceptional detail and clarity Smith traces the emergence of the army s influence and includes analyses of information on army spending and development such as the introduction of army weather and telegraph services to the state as well as accounts of real estate transactions involving the fort building program Smith also accounts for army failures maintaining that no one was truly prepared for the reality of western expansion As an examination of the complex yet mutually beneficial economic relationship between the nation and the state *The U S Army and the Texas Frontier Economy 1845 1900* is ideal for anyone interested in the early days of the state as well as in U S military and frontier history

The Old Army in Texas Thomas Ty Smith, 2021-10-27 In *The Old Army in Texas* U S Army officer and historian Thomas Ty Smith presents a comprehensive and authoritative single source reference for the activities of the regular army in the Lone Star State during the nineteenth century Beginning with a series of maps that sketch the evolution of fort locations on the frontier Smith furnishes an overview with his introductory essay *U S Army Combat Operations in the Indian Wars of Texas 1849 1881* Reprinted from the *Southwestern Historical Quarterly* Smith s essay breaks new ground in an innovative analysis of the characteristics of army tactical methods and the nature of combat on the Texas frontier introducing a unique historical model and methodology to examine the army Indians conflicts The second part of this guide *Commanders and Organization Department of Texas 1848 1900* lists the departmental commanders the location of the military headquarters and the changes in the administrative organization and military titles for Texas Part III *U S Army Sites in Texas 1836 1900* provides a dictionary of 223 posts forts and camps in the state It is the most extensive inventory published to date including essential information on all of the major forts as well as dozens of obscure sites such as Camp Las Laxas Camp Ricketts and Camp Lugubrious The fourth part *Post Garrisons 1836 1900* gives a year by year snapshot of total army strength in the state the

regiments assigned and the garrisons and commanders of each major fort and camp Supplying the only such synopsis of its kind the Summary of U S Army Combat Actions in the Texas Indian Wars 1849 1881 the guide s Part V offers a chronological description of 224 U S Army combat actions in the Indian Wars with vivid details of each engagement The 900 entries in the selected bibliography of Part VI are divided topically into sections on biographical sources and regimental histories histories of forts garrison life civil military relations the Mexican War and frontier operations In addition to being a helpful catalog of standard histories there are two important and unusual aspects to the bibliography It contains a complete range of primary source microfilm material from the National Archives including the roll numbers of specific periods of forts and units and secondly the bibliography integrates nearly all of the published archeological reports into the section on fort histories The Old Army in Texas is an indispensable reference and research tool for students scholars and military history aficionados It will be of great value to those interested in Texas history especially military history and local and regional studies This superb reference work is illustrated with a number of maps and rare photographs of the U S Army in nineteenth century Texas
