*Jewish Poland Revisited* Erica T. Lehrer, 2013-07-19 National Jewish Book Award Finalist A fresh and delightful portrait of Jewish renewal in Poland Highly recommended Choice Since the end of Communism Jews from around the world have visited Poland to tour Holocaust related sites A few venture further seeking to learn about their own Polish roots and connect with contemporary Poles For their part a growing number of Poles are fascinated by all things Jewish In this book Erica T Lehrer explores the intersection of Polish and Jewish memory projects in the historically Jewish neighborhood of Kazimierz in Krakow Her own journey becomes part of the story as she demonstrates that Jews and Poles use spaces institutions interpersonal exchanges and cultural representations to make sense of their historical inheritances The Last Generation of Jews in Poland Efraim Shmueli, 2021-11-23 The book based on memories of a native son and the research of a scholar is an amalgam of descriptions and discussions peppered with conversations personal observations and an acute observer s reflections focused on the fabric of life in the city of Lodz and its vicinity The author describes the court of the Hasidic Rabbis of Aleksander with which his family was affiliated the rival camps of Hasidim and Zionists industrialists and laborers struggles with the Polish authorities and more Detailed chapters are dedicated to a description of studies at a modern Jewish Zionist high school Gymnasium its exhilarating goals directors and teachers to the Lodz poet Yitzhak Katzenelson before and during the Holocaust and to life in a small Polish shtetl The concluding chapter Return to Poland examines the cities and towns described earlier in the book as well as Breslau Wroclaw where the author had completed his rabbinic and university studies in 1933 as they appeared to him during his visit in 1982 nearly fifty years after his departure from Europe for Israel The author s aim was to produce a portrait sympathetic intimate but also knowledgeable and critical of a generation that did not have the time to take stock of itself before its obliteration He has thus rendered palpable the experiences and quandaries of many of his contemporaries Shtetl Jeffrey Shandler, 2014-01-15 In Yiddish shtetl simply means town How does such an unassuming word come to loom so large in modern Jewish culture with a proliferation of uses and connotations By examining the meaning of shtetl Jeffrey Shandler asks how Jewish life in provincial towns in Eastern Europe has become the subject of extensive creativity memory and scholarship from the early modern era in European history to the present In the post Holocaust era the shtetl looms large in public culture as the epitome of a bygone traditional Jewish communal life People now encounter the Jewish history of these towns through an array of cultural practices including fiction documentary photography film memoirs art heritage tourism and political activism At the same time the shtetl attracts growing scholarly interest as historians social scientists literary critics and others seek to understand both the complex reality of life in provincial towns and the nature of its wide ranging remembrance Shtetl A Vernacular Intellectual History traces the trajectory of writing about these towns by Jews and non Jews residents and visitors researchers novelists memoirists journalists and others to

demonstrate how the Yiddish word for town emerged as a key word in Jewish culture and studies Shandler proposes that the intellectual history of the shtetl is best approached as an exemplar of engaging Jewish vernacularity and that the variable nature of this engagement far from being a drawback is central to the subject's enduring interest **Jews in Poland** Iwo Pogonowski, 1998 This classical historical work describes the rise of Jews as a nation and the crucial role that the Polish Jewish community played in its development **Poland's Holocaust** Tadeusz Piotrowski, 2007-01-23 With the end of World War I a new Republic of Poland emerged on the maps of Europe made up of some of the territory from the first Polish Republic including Wolyn and Wilno and significant parts of Belarus Upper Silesia Eastern Galicia and East Prussia The resulting conglomeration of ethnic groups left many substantial minorities wanting independence The approach of World War II provided the minorities leaders a new opportunity in their nationalist movements and many sided with one or the other of Poland's two enemies the Soviet Union and Nazi Germany in hopes of achieving their goals at the expense of Poland and its people Based on primary and secondary sources in numerous languages including Polish German Ukrainian Belorussian Russian and English this work examines the roles of the ethnic minorities in the collapse of the Republic and in the atrocities that occurred under the occupying troops The Polish government's response to mounting ethnic tensions in the prewar era and its conduct of the war effort are also examined **Survey of Jewish Affairs, 1987** William Frankel, 1988 Addresses major issues of concern about Israel the Middle East the United States and world Jewry during the year 1986 such as the vulnerability and successes of the National Unity Government the peace process the Arab League American Middle East policy the Waldheim issue and world Jewish fundamentalism Contains a chronology of major events of 1985 and 1986

different disciplines *Frames of Remembrance* shares ideas and concerns across such divides , *The Ethics of Suicide* Margaret Pabst Battin,2015-09-11 Is suicide wrong profoundly morally wrong Almost always wrong but excusable in a few cases Sometimes morally permissible Imprudent but not wrong Is it sick a matter of mental illness Is it a private matter or a largely social one Could it sometimes be right or a noble duty or even a fundamental human right Whether it is called suicide or not what role may a person play in the end of his or her own life This collection of primary sources the principal texts of ethical interest from major writers in western and nonwestern cultures from the principal religious traditions and from oral cultures where observer reports of traditional practices are available spanning Europe Asia the Middle East Africa Oceania the Arctic and North and South America facilitates exploration of many controversial practical issues physician assisted suicide or aid in dying suicide in social or political protest self sacrifice and martyrdom suicides of honor or loyalty religious and ritual practices that lead to death including sati or widow burning hara kiri and sallekhana or fasting unto death and suicide bombings kamikaze missions jihad and other tactical and military suicides This collection has no interest in taking sides in controversies about the ethics of suicide rather it serves to expand the character of these debates by showing them to be multi dimensional a complex and vital part of human ethical thought **Afterlight** Isa Milman,2021-09-06 A haunting memoir of war genocide displacement and a daughter s search for the literary works of her mother s murdered twin Grieving the death of her mother in 2013 author Isa Milman embarked on a heart wrenching journey to unravel a family mystery the whereabouts of her aunt s long lost poems published in Poland in the early 1930s which evolved into a broader investigation of her family s life before during and after the Holocaust This powerful memoir chronicles a lesser known chapter of the Second World War through the story of two sisters Sabina Isa s mother who survived the war and Basia Sabina s twin who did not Exploring themes of loss and displacement regeneration and resilience Isa discovers how her own story is woven into the immense yet intricate tapestry of the Jewish experience As she delves into her family s history accompanied by her husband a native British Columbian she travels to contemporary Poland Ukraine and Germany and tries to reconcile her shifting appreciation of people and place in a world where anti Semitism and other forms of extremism are on the rise once again *Bibliography On Holocaust Literature* Abraham J Edelheit,2021-11-28 In this second supplement to their *Bibliography on Holocaust Literature* the authors have compiled 4000 new entries to keep pace with the outpouring of literature on the subject Readers attention is directed to new materials and to items newly available including books pamphlets and journal articles many of which are catalogued for the first time There is a new section on Soviet anti Semitism and expanded coverage of neo Nazism neo fascism *The Ghetto Speaks* ,1943 *The Jewish World In Modern Times* Abraham J Edelheit,Hershel Edelheit,2019-09-10 The momentous events of modern Jewish history have led to a proliferation of books and articles on Jewish life over the last 350 years Placing modern Jewish history into both universal and local contexts this selected annotated bibliography organizes and categorizes the best of this vast array of written material The

authors have included all English language books of major importance on world Jewry and on individual Jewish communities plus books most readily available to researchers and readers and a select number of pamphlets and articles The resulting bibliography is also a guide to recent Jewish historiography and research methods     *Shattered Spaces* Michael Meng, 2011-11-29 After the Holocaust the empty silent spaces of bombed out synagogues cemeteries and Jewish districts were all that was left in many German and Polish cities with prewar histories rich in the sights and sounds of Jewish life What happened to this scarred landscape after the war and how have Germans Poles and Jews encountered these ruins over the past sixty years In the postwar period city officials swept away many sites despite protests from Jewish leaders But in the late 1970s church groups local residents political dissidents and tourists demanded the preservation of the few ruins still standing Since the collapse of the Soviet Union in 1989 this desire to preserve and restore has grown stronger In one of the most striking and little studied shifts in postwar European history the traces of a long neglected Jewish past have gradually been recovered thanks to the rise of heritage tourism nostalgia for ruins international discussions about the Holocaust and a pervasive longing for cosmopolitanism in a globalizing world Examining this transformation from both sides of the Iron Curtain Michael Meng finds no divided memory along West East lines but rather a shared memory of tensions and paradoxes that crosses borders throughout Central Europe His narrative reveals the changing dynamics of the local and the transnational as Germans Poles Americans and Israelis confront a built environment that is inevitably altered with the passage of time *Shattered Spaces* exemplifies urban history at its best uncovering a surprising and moving postwar story of broad contemporary interest     **Days of Remembrance, April 18-25, 1993** ,1993 Introduces the history of Jewish holocaust and provides information on planning commemorative programs
