**War Dog** Al J. Venter, 1904-07-20 Mercenaries have been with us since the dawn of civilization yet in the modern world they are little understood While many of today s freelance fighters provide support for larger military establishments others wage war where the great powers refuse to tread In War Dog Al Venter examines the latter world of mercenary fighters effecting decisions by themselves In the process he unveils a remarkable array of close quarters combat action Having personally visited every locale he describes throughout Africa and the Middle East Venter is the rare correspondent who had to carry an AK 47 in his research along with his notebook and camera To him covering mercenary actions meant accompanying the men into the thick of combat During Sierra Leone s civil war he flew in the front bubble of the government s lone Hind gunship piloted by the heroic chopper ace Nellis as it flew daily missions to blast apart rebel positions In this book the author not only describes the battles of the legendary South African mercenary company Executive Outcomes he knew the founders personally and joined them on a number of actions After stemming the tide of Jonas Savimbi s UNITA army in Angola an outfit many of the SA operators had previously trained Executive Outcomes headed north to hold back vicious rebels in West Africa This book is not only about triumph against adversity but also losses as Venter relates the death and subsequent cannibalistic fate of his American friend Bob MacKenzie in Sierra Leone Here we see the plight of thousands of civilians fleeing from homicidal jungle warriors as well as the professionalism of the mercenaries who fought back with one hand and attempted to train government troops with the other in hopes that they would someday be able to stand on their own The American public as well as its military largely sidestepped the horrific conflicts that embroiled Africa during the past two decades But as Venter informs us there were indeed small numbers of professional fighters on the ground defending civilians and attempting to conjure order from chaos In the process their heroism went unrecorded and their combat skill became known only to each other In this book we gain an intimate glimpse of this modern breed of warrior in combat Not laden with medals ribbons civic parades or even guaranteed income they have nevertheless fought some of the toughest battles in the post Cold War era They simply are and perhaps always will be War Dogs AL J VENTER has been an international war correspondent for nearly thirty years primarily for the Jane s Information Group He has also produced documentary television films on subjects from the wars in Africa and Afghanistan to sharkhunting off the Cape of Good Hope Among his previous works are The Iraqi War Debrief Why Saddam Hussein Was Toppled and Iran s Nuclear Option Tehran s Quest for the Atomic Bomb A native of South Africa he is currently resident in the United Kingdom
