Interpretations of Renaissance Humanism Angelo Mazzocco, 2006-07-01 Authored by some of the most preeminent Renaissance scholars active today the essays of this volume give fresh and illuminating analyses of important aspects of Renaissance humanism such as the time and causes of its origin its connection to the papal court and medieval traditions its classical learning its religious and literary dimensions and its dramatis personae Their interpretations are varied to the point of being contradictory The essays bear the imprint of the work of the eminent scholars of the second half of the twentieth century especially Kristeller s and demonstrate an awareness of the various modes of critical inquiry that have prevailed in recent years As such they are an important exemplar of current scholarship on Renaissance humanism and are therefore indispensable to the scholar who wishes to explore this pivotal cultural movement Contributors include Robert Black Alison Brown Riccardo Fubini Paul F Grendler James Hankins Eckhard Kessler Arthur F Kinney Angelo Mazzocco Giuseppe Mazzotta Massimo Miglio John Monfasani Charles G Nauert and Ronald G Witt     The Office of Ceremonies and Advancement in Curial Rome, 1466-1528 Jennifer Mara DeSilva, 2022-02-07 This cultural and institutional history explores the careers of men who served in Rome s Office of Ceremonies during the papal court s growth period c 1466 1528 in order to understand how the smallest papal college stands as a model of early modern curial advancement The experiences and textual contributions of three ceremonialists Agostino Patrizi Johann Burchard and Paris de Grassi show diverse strategies and origins but similar concerns and achievements In a period of heightened competition and increasing pressure for regularization and reform the Office s professionalization and their combined office holding networks and textual production reveal how early modern curialists got ahead This study shows the complexity of successful advancement strategies that were cultivated over decades and stretched far beyond papal support     *Humanism: Oxford Bibliographies Online Research Guide* Oxford University Press, 2010-06-01 This ebook is a selective guide designed to help scholars and students of Islamic studies find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books chapters and journal articles to online archives electronic data sets and blogs Written by a leading international authority on the subject the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated related This ebook is a static version of an article from Oxford Bibliographies Online Renaissance and Reformation a dynamic continuously updated online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study of European history and culture between the 14th and 17th centuries Oxford Bibliographies Online covers most subject disciplines within the social science and humanities for more information visit [www.oxfordbibliographies.com](http://www.oxfordbibliographies.com)     *Nicholas of Cusa's Brixen Sermons and Late Medieval Church Reform* Richard J.

Serina,2016-08-09 Scholarship has recognized fifteenth century speculative thinker Nicholas of Cusa for his early contributions to conciliar theory but not his later ecclesiastical career as cardinal residential bishop preacher and reformer Richard Serina shows that as bishop in the Tyrolese diocese of Brixen from 1452 to 1458 and later as resident cardinal in Rome Nicolas of Cusa left a testament to his view of reform in the sermons he preached to monks clergy and laity These 171 sermons in addition to his *Reformatio generalis* of 1459 reflect an intellectual coming to terms with the challenge of reform in the late medieval church and in response creatively incorporating metaphysics mystical theology ecclesiology and personal renewal into his preaching of reform *From Christians to Europeans* Nancy Bisaha,2023-06-15 Providing the first in depth examination of Pope Pius II s development of the concept of Europe and what it meant to be European *From Christians to Europeans* charts his life and work from his early years as a secretary in Northern Europe to his papacy This volume introduces students and scholars to the concept of Europe by an important and influential early thinker It also provides Renaissance specialists who already know him with the fullest consideration to date of how and why Pius 1405 1464 constructed the idea of a unified European culture society and identity Author Nancy Bisaha shows how Pius s years of travel his emotional response to the fall of Constantinople in 1453 and the impact of classical ethnography and other works shaped this compelling vision with close readings of his letters orations histories autobiography and other works *Europeans as Pius* boldly defined them shared a distinct character that made them superior to the inhabitants of other continents The reverberations of his views can still be felt today in debates about identity ethnicity race and belonging in Europe and more generally This study explores the formation of this problematic notion of privilege and separation centuries before the modern era where most scholars have erroneously placed its origins *From Christians to Europeans* adds substantially to our understanding of the Renaissance as a critical time of European self fashioning and the creation of a modern Western identity This book is essential reading for students and scholars interested in the formation of modern Europe intellectual history cultural studies and the history of Renaissance Europe late medieval Italy and the Ottoman Empire **Anthologies of Historiographical Speeches from Antiquity to Early Modern Times** ,2017-03-06 Anthologies of speeches excerpted from history books constitute a relatively little known rhetorical and bibliographic genre From ancient times to the present day the practice of culling characters orations from one or more works and publishing them independently of their original source has produced new and different ways of reading and using history *Anthologies of Historiographical Speeches* offers an introduction to the very diverse questions that arise from the study of the genre through a variety of approaches and methodological tools Lying at the point where rhetoric and historiography intersect the essays included in this volume focus on the rhetorical aspects of the collections as well as on their production transmission and reception from antiquity to the early modern period **The 'Commentaries' of Pope Pius II (1458-1464) and the Crisis of the Fifteenth-Century Papacy** Emily O'Brien,2015-10-05 Written in the mid fifteenth century Pope Pius II s *Commentaries* are the only known

autobiography of a reigning pontiff and a fundamental text in the history of Renaissance humanism In this book Emily O'Brien positions Pius' expansive autobiographical text within that century's contentious debate over ecclesiastical sovereignty Presenting the Commentaries as Pius' response to the crisis of authority legitimacy and relevance that was engulfing the Renaissance papacy she shows how the Commentaries function as both an aggressive assault on the papal monarchy's chief opponents and a systematic defense of Pius's own troubled pontificate and his pre-papal career Illustrating how the language imagery and ideals of secular power inform Pius' apologetic self-portrait The Commentaries of Pope Pius II 1458-1464 and the Crisis of the Fifteenth Century Papacy demonstrates the role that Pius and his writings played in the evolution of the Renaissance papacy *Festive Funerals in Early Modern Italy* Minou Schraven, 2017-07-05

Celebrated at the heart of a notoriously unstable period the vacant See's papal funerals in early modern Rome easily fell prey to ceremonial chaos and disorder Charged with maintaining decorum papal Masters of Ceremonies supervised all aspects of the funeral from the correct handling of the papal body to the construction of the funeral apparatus the temporary decorations used during the funeral masses in St Peter's The visual and liturgical centre of this apparatus was the *chappelle ardente* or *castrum doloris* a baldachin-like structure standing over the body of the deceased decorated with coats of arms precious textiles and hundreds of burning candles Drawing from printed festival books and previously unpublished sources such as ceremonial diaries and diplomatic correspondence this book offers the first comprehensive overview of the development of early modern funeral apparatus What was their function in funeral liturgy and early modern festival culture at large How did the papal funeral apparatus compare to those of cardinals the Spanish and French monarchy and the Medici court in Florence And most importantly how did contemporaries perceive and judge them By the late sixteenth century new trends in conspicuous commemoration had rendered the traditional papal funeral apparatus in St Peter's obsolete The author shows how papal families wishing to honor their uncles according to the new standards needed to invent ceremonial opportunities from scratch showing off dynastic resilience while modelling the deceased's memoria after carefully constructed ideals of post-Tridentine sainthood *The Avignon Papacy Contested* Unn Falkeid, 2017-08-21

Unn Falkeid considers the work of six fourteenth-century writers who waged literary war against the Avignon papacy's increasing claims of supremacy over secular rulers a conflict that engaged contemporary critics from every corner of Europe She illuminates arguments put forth by Dante Petrarch William of Ockham Catherine of Siena and others

The Pontificate of Clement VII Sheryl E. Reiss,2017-03-02 The pontificate of Clement VII Giulio de Medici is usually regarded as amongst the most disastrous in history and the pontiff characterized as timid vacillating and avaricious It was during his years as pope 1523 34 that England broke away from the Catholic Church and relations with the Holy Roman Emperor deteriorated to such a degree that in 1527 an Imperial army sacked Rome and imprisoned the pontiff Given these spectacular political and military failures it is perhaps unsurprising that Clement has often elicited the scorn of historians rather than balanced and dispassionate analysis This interdisciplinary volume the first on the subject constitutes a major step forward in our understanding of Clement VII s pontificate Looking beyond Clement s well known failures and anachronistic comparisons with more successful popes it provides a fascinating insight into one of the most pivotal periods of papal and European history Drawing on long neglected sources as rich as they are abundant the contributors address a wide variety of important aspects of Clement s pontificate re assessing his character familial and personal relations political strategies and cultural patronage as well as exploring broader issues including the impact of the Sack of Rome and religious renewal and reform in the pre Tridentine period Taken together the essays collected here provide the most expansive and nuanced portrayal yet offered of Clement as pope patron and politician In reconsidering the politics and emphasizing the cultural vitality of the period the collection provides fresh and much needed revision to our understanding of Clement VII s pontificate and its critical impact on the history of the papacy and Renaissance Europe

**Reclaiming Rome: Cardinals in the Fifteenth Century** Carol Mary Richardson,2009-03-25 The fifteenth century was a critical juncture for the College of Cardinals They were accused of prolonging the exile in Avignon and causing the schism At the councils at the beginning of the period their very existence was questioned They rebuilt their relationship with the popes by playing a fundamental part in reclaiming Rome when the papacy returned to its city in 1420 Because their careers were usually much longer than that of an individual pope the cardinals combined to form a much more effective force for restoring Rome In this book shifting focus from the popes to the cardinals sheds new light on a relatively unknown period for Renaissance art history and the history of Rome Dr Carol M Richardson has been awarded the Philip Leverhulme Prize 2008 in the field of History of Arts

**The Virtues of Economy** James A. Palmer,2019-12-15 The humanist perception of fourteenth century Rome as a slumbering ruin awaiting the Renaissance and the return of papal power has cast a long

shadow on the historiography of the city Challenging this view James A Palmer argues that Roman political culture underwent dramatic changes in the late Middle Ages with profound and lasting implications for city s subsequent development The Virtues of Economy examines the transformation of Rome s governing elites as a result of changes in the city s economic political and spiritual landscape Palmer explores this shift through the history of Roman political society its identity as an urban commune and its once and future role as the spiritual capital of Latin Christendom Tracing the contours of everyday Roman politics The Virtues of Economy reframes the reestablishment of papal sovereignty in Rome as the product of synergy between papal ambitions and local political culture More broadly Palmer emphasizes Rome s distinct role in evolution of medieval Italy s city communes
