N.Y., Holt, Rinehart and Winston** Gene Adam Brucker, **Living on the Edge in Leonardo's Florence** Gene Brucker, 2005-03-14 In *Living on the Edge in Leonardo s Florence* an internationally renowned master of the historian s craft provides a splendid overview of Italian history from the Black Death

to the rise of the Medici in 1434 and beyond into the early modern period Gene Brucker explores those pivotal years in Florence and ranges over northern Italy with forays into the histories of Genoa Milan and Venice The ten essays three of which have never before been published exhibit Brucker's graceful intelligence his command of the archival sources and his ability to make history accessible to anyone interested in this place and period Whether he is writing about a case in the criminal archives about a citation from Machiavelli or the concept of modernity the result is the same Brucker brings the pulse of the period alive Five of these essays explore themes in the premodern period and delve into Italy's political social economic religious and cultural development Among these pieces is a lucid synoptic view of the Italian Renaissance The last five essays focus more narrowly on Florentine topics including a fascinating look at the dangers and anxieties that threatened Florence in the fifteenth century during Leonardo's time and a mini biography of Alessandra Strozzi whose letters to her exiled sons contain the evidence for her eventful life

Vico, Hegel and the Making of Modern Italy Alessandro De Arcangelis, 2025-06-26 Embracing a transnational approach to 19th century Italian intellectual history this book examines the encounter and amalgamation of local and foreign philosophical traditions chiefly represented by the thought of Giambattista Vico and Georg Wilhelm Friedrich Hegel showcasing their contribution to shaping a historical mindset that guided and legitimised Italians' experiences of political change Taking a revisionist stance the author challenges the prevailing view that Italian thinkers passively adopted foreign ideas Instead they engaged critically with them questioning their conceptual foundations and applicability to Italy's political landscape Vico Hegel and the Making of Modern Italy reveals that Italian intellectuals sought cultural and political renewal at both local and European levels not through assimilation but through steadfast allegiance to a local strand of political thought inspired by Vico's humanist historicism The book ultimately explores how philosophical thought empowered Italian intellectuals to navigate the uncertainties drama and energy of the Risorgimento underscoring the enduring significance of philosophical knowledge in shaping Italy's political trajectory

From Near and Far Tyler Stovall, 2022-12 *From Near and Far* relates the history of modern France from the French Revolution to the present Noted historian Tyler Stovall considers how the history of France interacts with both the broader history of the world and the local histories of French communities examining the impacts of Karl Marx Ho Chi Minh Paul Gauguin and Josephine Baker alongside the rise of haute couture and the contemporary role of hip hop *From Near and Far* focuses on the interactions between France and three other parts of the world Europe the United States and the French colonial empire Taking this transnational approach to the history of modern France Stovall shows how the theme of universalism so central to modern French culture has manifested itself in different ways over the last few centuries Moreover it emphasizes the importance of narrative to French history that historians tell the story of a nation and a people by bringing together a multitude of stories and tales that often go well beyond its boundaries In telling these stories *From Near and Far* gives the reader a vision of France both global and local at the same time

Jews in the Early Modern World Dean Phillip

Bell, 2008 *Jews in the Early Modern World* argues that the years between 1400 and 1700 represented a discrete cohesive and important period in Jewish history. Given the significant demographic shifts that began just before and ended just after this period, remarkable changes occurred in the history and experiences of Jews around the world. This volume begins with a broad context of Jewish experiences under medieval Christianity and Islam. It then turns to the early modern period, first providing an overview of Jewish demography and settlement. Next, the nature and structure of Jewish community and social structures in the early modern period are explored. In the final two chapters, this book presents a broad overview of Jewish religious and cultural life and Jewish relations with non-Jews throughout the early modern period. Publisher: **Florence in the Early Modern World**. Nicholas Scott Baker, Brian J. Maxson, 2019-06-20. *Florence in the Early Modern World* offers new perspectives on this important city by exploring the broader global context of the fifteenth and sixteenth centuries within which the experience of Florence remains unique. By exploring the city's relationship to its close and distant neighbours, this collection of interdisciplinary essays reveals the transnational history of Florence. The chapters orient the lenses of the most recent historiographical turns perfected in studies on Venice, Rome, Bologna, Naples and elsewhere towards Florence. New techniques such as digital mapping alongside new comparisons of architectural theory and merchants in Eurasia provide the latest perspectives about Florence's cultural and political importance before, during and after the Renaissance. From Florentine merchants in Egypt and India through actual and idealized military ambitions in the sixteenth-century Mediterranean to Tuscan humanists in late medieval England, the contributors to this interdisciplinary volume reveal the connections Florence held to early modern cities across the globe. This book steers away from the historical narrative of an insular Renaissance Europe and instead identifies the significance of other global influences. By using Florence as a case study to trace these connections, this volume of essays provides essential reading for students and scholars of early modern cities and the Renaissance.

Christianity and Sexuality in the Early Modern World Merry Wiesner-Hanks, 2005-06-20. *Christianity and Sexuality in the Early Modern World* is the first global survey of such for the early modern period. Merry Wiesner-Hanks assesses the role of personal faith and the church itself in the control and expression of all aspects of sexuality. The book ranges over developments within Europe and beyond to the European colonies, including Brazil, Mexico, South Africa and Goa, which were establishing themselves around the world. Christian missionaries and rituals and structures accompanied all of the imperial powers, and the control of the sexuality of both indigenous peoples and colonists was an essential part of policy. The book is introduced with a clear, original and engaging account of the central concepts in the study of sexuality in Christianity, such as shame, sin, the body, marriage and gender. Drawing on diverse evidence, including literary, medical and historical, the following sections chart changes in Western Christianity in the Late Middle Ages, Protestantism and Catholicism in Europe, Orthodoxy in Eastern Europe and Russia, and finally the Spanish, Portuguese, English and Dutch Colonies. Merry Wiesner-Hanks' exciting book covers both the ideas and effects in each period. *Christianity and Sexuality in*

the early Modern World includes discursive bibliographies which discuss major books and articles at the end of each chapter

Itineraries and Languages of Madness in the Early Modern World Mariana Labarca, 2021-07-05 Drawing on a wide range of sources including interdiction procedures records of criminal justice documentation from mental hospitals and medical literature this book provides a comprehensive study of the spaces in which madness was recorded in Tuscany during the eighteenth century It proposes the notion of itineraries of madness which intended as an heuristic device enables us to examine records of madness across the different spaces where it was disclosed casting light on the connections between how madness was understood and experienced the language employed to describe it and public and private responses devised to cope with it Placing the emotional experience of the Tuscan families at the core of its analysis this book stresses the central role of families in the shaping of new understandings of madness and how lay notions interacted with legal and medical knowledge It argues that perceptions of madness in the eighteenth century were closely connected to new cultural concerns regarding family relationships and family roles which resulted in a shift in the meanings of and attitudes to mental disturbances

Liberty, Irreverence, and the Place of Women in Early Modern Italian Culture: Essays in Honour of Letizia Panizza Stephen Clucas, Simone Testa, 2025-01-08 This book brings together essays from a range of disciplines within Early Modern Italian Studies which focus on research areas pioneered by the prestigious Italianist Letizia Panizza The essays cover numerous themes mirroring Panizza's broad scholarly interests and refusal of artificial disciplinary separations Contributions come from the fields of women's history cultural history intellectual history political philosophy and art history They span from Giordano Bruno and the Renaissance interest in the lives of classical philosophers to the poetry of women in the Italian academies representations of women in Ludovico Ariosto's Orlando Furioso and the poetry of Piero de Medici The volume ends with essays on religious parody libertinism and controversial political writings This book presents original new work by leading scholars in the intellectual cultural and literary history of early modern Italy and is aimed at scholars of intellectual history history of philosophy literary history women's studies and Italian history

The Venetian Discovery of America Elizabeth Horodowich, 2018-09-06 Few Renaissance Venetians saw the New World with their own eyes As the print capital of early modern Europe however Venice developed a unique relationship to the Americas Venetian editors mapmakers translators writers and cosmographers represented the New World at times as a place that the city's mariners had discovered before the Spanish a world linked to Marco Polo's China or another version of Venice especially in the case of Tenochtitlan Elizabeth Horodowich explores these various and distinctive modes of imagining the New World including Venetian rhetorics of firstness similitude othering comparison and simultaneity generated through forms of textual and visual pastiche that linked the wider world to the Venetian lagoon These wide ranging stances allowed Venetians to argue for their different but equivalent participation in the Age of Encounters Whereas historians have traditionally focused on the Spanish conquest and colonization of the New World and the Dutch and English mapping of it they have ignored the wide circulation

of Venetian Americana Horodowich demonstrates how with their printed texts and maps Venetian newsmongers embraced a fertile tension between the distant and the close In doing so they played a crucial yet heretofore unrecognized role in the invention of America

Plague in the Early Modern World Dean Phillip Bell, 2019-01-08 *Plague in the Early Modern World* presents a broad range of primary source materials from Europe the Middle East North Africa China India and North America that explore the nature and impact of plague and disease in the early modern world During the early modern period frequent and recurring outbreaks of plague and other epidemics around the world helped to define local identities and they simultaneously forged and subverted social structures recalibrated demographic patterns dictated political agendas and drew upon and tested religious and scientific worldviews By gathering texts from diverse and often obscure publications and from areas of the globe not commonly studied *Plague in the Early Modern World* provides new information and a unique platform for exploring early modern world history from local and global perspectives and examining how early modern people understood and responded to plague at times of distress and normalcy Including source materials such as memoirs and autobiographies letters histories and literature as well as demographic statistics legislation medical treatises and popular remedies religious writings material culture and the visual arts the volume will be of great use to students and general readers interested in early modern history and the history of disease

Islam and The English Enlightenment Zulfiqar Ali Shah, 2022-06-02 Never before to my knowledge has the cross fertilisation of Western and Islamic ideas been so encyclopedically documented as it is here In reading *Islam and the English Enlightenment* you will never see the relationship between Islam and the West in the same way again ROBERT F SHEDINGER Professor of Religion Luther College Dr Zulfiqar Ali Shah's *Islam and the English Enlightenment* is one of the most profoundly enlightening books I have read in years Dr Shah compellingly demonstrates that the thinkers of English Enlightenment were undeniably indebted to Islamic sciences and thought and that the foundational principles of rationalist thought scientific inquiry and religious toleration were deeply anchored in the Islamic tradition KHALED ABOU EL FADL Omar Azmeralda Alfi Distinguished Professor of Law UCLA School of Law This is a book that anyone interested in stepping outside a Eurocentric view of the rise of the West and of the modern age must read MICHAEL A GILLESPIE Professor of Political Science Philosophy Duke University Dr Shah convincingly demonstrates the central role that Islam played in shaping the values and ideas of the Enlightenment reformers such as John Locke and Isaac Newton who had helped to produce the modern world GERALD MACLEAN Emeritus Professor University of Exeter
