Summary: Space Science (Class of 2000)
This course was a combination of a first and second semester course. It covered the material of the first semester of the course and the second semester of the course. It was a very interesting course and I enjoyed it very much. I learned a lot of things and I was able to apply what I learned in the classroom to the real world. I was able to see how the things I learned in the classroom were used in the real world. I was able to see how the things I learned in the classroom were used in the real world. I was able to see how the things I learned in the classroom were used in the real world.
