Render Unto God A Theology Of Selective Obedience:

Render Unto God Thomas Anthony Shannon,1974 Modern Just War Theory Michael P. Farrell,2013-06-20

Contributions to Illuminations A Scarecrow Press Series of Guides to Research in Religion provide students and scholars lay readers and clergy with a road map to research in key areas of religious study All commonly constructed with introductions to the topic and reviews of key thinkers concepts and events each volume includes surveys of the primary and secondary sources with critical evaluations of their places in the canon of thought and research on the topic Focusing primarily on the knowledge required by today s students and scholars each guide is a must have for any student of religion The twentieth century saw an explosion of wars and an accompanying explosion of literature on the morality of war Thinking among Christian clerics and scholars on the idea of just war shifted with developments on the battlefield Alternatives to just war theory such as pacifism and realism found new proponents in the published work of the neo Anabaptists and Niebhurians Meanwhile proponents of Christian just war theory had to address challenges from competing ideologies as well as ththose presented by the changing nature of warfare Modern Just War Theory A Guide to Research by scholar and librarian Michael Farrell serves as a manual for students and scholars studying Christian just war theory helping them navigate the wealth of just war literature produced in the twentieth and twenty first centuries Farrell s guide provides an introduction to the major developments of just war theory in the twentieth century including sections on how to research just war theory an overview of some of the most important theorists and developments of the twentieth century and discussions of key search terms and related topics Farrell then surveys and evaluates key primary and secondary sources for researchers on just war theory as well as related sources on Christian realism and the responses of just war theorists to proponents of pacifism and secular just war theories Modern Just War Theory will appeal to students and scholars of theology military history international law and Christian ethics

Catholic Moral Theology in the United States Charles E. Curran,2008-04-11 In this magisterial volume Charles E Curran surveys the historical development of Catholic moral theology in the United States from its 19th century roots to the present day He begins by tracing the development of pre Vatican II moral theology that with the exception of social ethics had the limited purpose of training future confessors to know what actions are sinful and the degree of sinfulness Curran then explores and illuminates the post Vatican II era with chapters on the effect of the Council on the scope and substance of moral theology the impact of Humanae vitae Pope Paul VI s encyclical condemning artificial contraception fundamental moral theology sexuality and marriage bioethics and social ethics Curran s perspective is unique For nearly 50 years he has been a major influence on the development of the field and has witnessed first hand the dramatic increase in the number and diversity of moral theologians in the academy and the Church No one is more qualified to write this first and only comprehensive history of Catholic moral theology in the United States

Christian Attitudes to War, Peace, and Revolution John Howard Yoder,Theodore J. Koontz,Andy Alexis-Baker,2009-04 One of the most important

thinkers on just war and pacifism describes analyzes and evaluates various patterns of thought and practice in Western Christian history

Empty Churches James L. Heft S.M., Jan E. Stets, 2021-01-22 Based in the idea that social phenomena are best studied through the lens of different disciplinary perspectives Empty Churches studies the growing number of individuals who no longer affiliate with a religious tradition Co editors Jan Stets a social psychologist and James Heft a historian of theology bring together leading scholars in the fields of sociology developmental psychology gerontology political science history philosophy and pastoral theology The scholars in this volume explore the phenomenon by drawing from each other's work to understand better the multi faceted nature of non affiliation today They explore the complex impact that non affiliation has on individuals and the wider society and what the future looks like for religion in America The book also features insightful perspectives from parents of young adults and interviews with pastors struggling with this issue who address how we might address this trend Empty Churches provides a rich and thoughtful analysis on non affiliation in American society from multiple scholarly perspectives The increasing growth of non affiliation threatens the vitality and long term stability of religious institutions and this book offers guidance on maintaining the commitment and community at the heart of these institutions

Theology Digest ,1973

Ethnicity, Citizenship and State in Eastern Africa Aquiline S. J. Tarimo, Aquiline Tarimo, 2011 This volume from an Africa perspective examines the relationship between ethnicity and citizenship within the framework of nation state Its objective and scope engage relational aspects of political integration awaken public conscience and motivate civic engagement It provides a platform that could be considered prerequisite for political transformation Such a framework is indispensable not only for challenging the politics of exclusion and marginalization but also for reconstructing fractured social relationships The test of its validity and relevancy is not whether it accounts for particular traditions but whether it provides a framework through which we can comprehend the dynamics of ethnic identities as an avenue for promoting participatory governance and democratic accountability An interdisciplinary study of this kind brings forth practical and theoretical contributions to the evolving concepts of ethnicity and citizenship

The Library Journal Book Review ,1974

Church and State in Historical Perspective James E. Wood, 2005-05-30 The subject of church and state is one intimately associated with the history of Christianity and Western civilization However the subject is one that is by no means limited to any one religious tradition civilization or period of history Rather it is a subject that has historical and universal significance to all cultures and religious traditions throughout the world It is simply undeniable that religion has been and

remains a powerful force in the making and shaping of cultures civilizations nations and empires For this reason this volume addresses the broader perspectives of religion and the state in the ancient world as well as in the biblical world of Judaism and Christianity and in other religious traditions than Christianity Attention is given to general works on church and state that treat the subject broadly not limited to any particular nation religious tradition or single aspect of church state relations Additionally there is material on major topics integrally related to church and state such as civil disobedience civil religion liberation theology patriotism and nationalism Finally sources are included on religion in international affairs and interfaith relations both necessarily linked to the subject of church and state as well as religion and the economic order religion and human rights and the effect of religion on war and peace **Unitas** ,1975 Christian Faith and Criminal Justice Gerald Austin McHugh,1978 LJ, Library Journal ,1974 *Catalog of the Peace Collection* Swarthmore College. Peace Collection,1982
