Social Ontology of Whoness Michael Eldred,2018-10-26 How are core social phenomena to be understood as modes of being This book offers an alternative approach to social ontology Recent interest in social ontology on the part of mainstream philosophy and the social sciences presupposes from the outset that the human being can be cast as a conscious subject whose intentionality can be collective By contrast the present study insistently poses the crucial question of who the human being is and how they sociate as whos Such whoness is a clean cut departure from the venerable tradition of questioning whatness quidditas essence in philosophical thinking Casting human being hermeneutically as whoness opens up new insights into how human beings sociate in interplays of mutual estimation that are simultaneously social power plays Hitherto the ontology of social power in all its various guises has only ever been implicit This book makes it explicit The kind of social power prevalent in capitalist societies is that of the reified value embodied in commodities money capital co Reified value itself is constituted through an interplay of mutual estimation among things that reflects back on the power interplay among whos In this way a new critique of capitalism becomes possible

growing Along with the mounting electoral success for many of the parties there has also been a growing disenchantment with the political class which has led to a revolt against the current political establishment The events of September 11 2001 and the War on Terror have further aggravated tensions within the populations between those who feel they are the legitimate citizens of the state and those who are considered outsiders The recent expansion of the EU s borders has also brought on fears of a surge of both legal and illegal immigration All these factors have led to a growing number of cases of harassment and outbursts of violence aimed at asylum seekers and ethnic minorities in Europe This book measures the effects of neo populist groups on the current political establishment and illustrates how much political appeal neo populist views have on making current political policy Official Gazette of the United States Patent and Trademark Office ,2005

Lived Theology for the Whole of Life Lydia F. Johnson,2024-06-27 This book is an invitation to envision an experiential theology that interconnects the personal the interpersonal the communal the societal and the creational held together by a God who is not removed from creation but who is infused in the very life of all beings and things of the created world Since God has created and continues to create life that is good this prompts us to apply a consistently for life ethic to the issues which confront them in the present day Our for life faith commitments include our personal challenges with alienation fear and forgiveness how we can live a consistently for life ethic in the face of social challenges such as poverty abortion violence racism and the othering of those who are different the climate crisis and the dangers posed today by imperialism war and contemporary forms of colonialism This attempt to weave together a for life ethic for the whole of life is especially influenced by non Western and indigenous theologies in particular the relational theology that has emerged from Pacific Islander theologians **Biological Warfare Testing** United States. Congress. House. Committee on Foreign Affairs. Subcommittee on Arms Control, International Security, and Science,1988 **STAYING HUMAN** K. L. Stubblefield,2023-11-16 Staying Human Within this writing we discuss America s and particularly Black America s slide into decadence depravity and despair and how this will lead to its subjugation to the coming tyranny of Artificial intelligence If we look with an open mind we can see how technology has already led to the breaking down of morality and open rebellion against Godly principles that while not totally adhered to by this nation has been a hedge against all out wickedness Our attempt to at least guide our behavior with the precepts of holiness and godliness has allowed the American nation to receive blessings of wealth and freedom from the Most high That is now changing and God is slowly removing his protection from our nation America s power and influence whether for good or evil was given to us by God It is He who sets up nations and it is He who brings about their fall What is happening to the United States today has happened before with many other kingdoms There is no new thing under the sun Nor was there any respect of persons given from The Most High This nation will and is currently feeling the pains of all the other nations that has fallen before it And just like all the other kingdoms that fell such as Rome Greece Egypt and Babylon America s blind adherence to self promotion and narcissistic hubris has blurred her vision of her plight America is

now a weak nation a nation that is living on so called past greatness Militarily America relies on enormous deficit spending on technology and advanced weaponry in order to maintain its power and influence worldwide Yet when engaged in actual combat with weaker nations America still suffers a bloody nose and a black eye Vietnam Somalia Iraq and Afghanistan are modern examples of America s inability to win wars outright These wars and excursions drain the coffers of this nation and force it into deficit spending in order to maintain the false illusion of wealth and power The scepter has been removed from America s hand The royal diadem no longer sits above her brow Yet she does not perceive its removal The once so called democratic form of government in America has now morphed into a technocratic corporate oligarchy The gap between rich and poor is now wider here than in any industrialized nation in the world This leads to those in power creating a culture to maintain their wealth and prevent uprising from the masses This will lead to the use of technological advances such as A I in order to quell any potential rebellions America your once proud land has become a nation of fornicators whiners complainers abusers murderers and politically corrupt parasites America s plight can be summed up in one Phrase ICHABOD THE GLORY OF THE LORD HAS DEPARTED **Bombs, Bugs, Drugs, and Thugs** Loch K. Johnson,2002 Johnson author of the acclaimed Secret Agencies and an experienced overseer of intelligence Foreign Affairs here examines the present state and future challenges of American strategic intelligence
