Settling the Valley, Proclaiming the Gospel Reid L. Neilson, Nathan N. Waite, 2017-02-01 The Mormons had just arrived in Utah after their 1 300 mile exodus across the Great Plains and over the Rocky Mountains Food was scarce the climate shocking in its extremes and local Indian bands uneasy Despite the challenges Brigham Young and his counselors in the First Presidency sent church members out to establish footholds throughout the Great Basin But the church leaders felt they had a commission to do more than simply establish Zion in the wilderness they had to invite the nations to come up to the mountain of the Lord's house In these critical early years when survival in Utah was precarious missionaries were sent to every inhabited continent The 14 general epistles sent out from the First Presidency from 1849 to 1856 provide invaluable perspectives on the events of Mormon history as they unfolded during this complex transitional time Woven into each epistle are missionary calls and reports from the field giving the Mormons a glimpse of the wider world far beyond their isolated home At times the epistles are a surprising mixture of soaring doctrinal expositions and mundane lists of items needed in Salt Lake City such as shoe leather and nails Settling the Valley Proclaiming the Gospel collects the 14 general epistles with introductions that provide historical religious and environmental contexts for the letters including how they fit into the Christian epistolary tradition by which they were inspired

The History of Emigration Canyon: Gateway to Salt Lake Valley Cynthia Furse, Jeffrey Carlstrom, 2019-11-28 Emigration Canyon is well known in Utah as the route by which pioneers in 1847 reached Great Salt Lake Valley to establish the state's first lasting Euro American settlements Before and after 1847 the canyon had an interesting history which included the Donner Reed party the Pony Express and Overland Stage mining and sheep herding a narrow gauge railroad a major resort a brewery and the transformation of recreation areas and cabin sites into year round residential neighborhoods This well illustrated detailed history tells the story of a

unique place but its counterparts can be found across the West and America wherever the development of wild and scenic areas has been shaped by the growth and needs of neighboring cities In this second edition new illustrations and maps new information and stories a significantly expanded chapter on the Emigration Canyon Railroad and a new chapter on the modern history bring to life the story of a place and its people **University of California Union Catalog of Monographs Cataloged by the Nine Campuses from 1963 Through 1967: Subjects** University of California (System).
