**The One Percent Solution** Gordon Lafer, 2017-04-04 In the aftermath of the 2010 Citizens United decision it s become commonplace to note the growing political dominance of a small segment of the economic elite But what exactly are those members of the elite doing with their newfound influence The One Percent Solution provides an answer to this question for the first time Gordon Lafer s book is a comprehensive account of legislation promoted by the nation s biggest corporate lobbies across all fifty state legislatures and encompassing a wide range of labor and economic policies In an era of growing economic insecurity it turns out that one of the main reasons life is becoming harder for American workers is a relentless and concerted offensive by the country s best funded and most powerful political forces corporate lobbies empowered by the Supreme Court to influence legislative outcomes with an endless supply of cash These actors have successfully championed hundreds of new laws that lower wages eliminate paid sick leave undo the right to sue over job discrimination and cut essential public services Lafer shows how corporate strategies have been shaped by twenty first century conditions including globalization economic decline and the populism reflected in both the Trump and Sanders campaigns of 2016 Perhaps most important Lafer shows that the corporate legislative agenda has come to endanger the scope of democracy itself For anyone

who wants to know what to expect from corporate backed Republican leadership in Washington D C there is no better guide than this record of what the same set of actors has been doing in the state legislatures under its control      **Words**

Tocqueville,2017-09-29 Tocqueville was not only an active participant in the French Revolution of 1848 he was also a deeply perceptive observer with a detached attitude of mind He saw the pitfalls of the course his country was taking more clearly than any of his contemporaries including Karl Marx Recollections was first written for self clarification It is both an exciting candid behind the scenes account of what actually happened during those tumultuous months and a remarkably shrewd analysis that has become an accurate forecast of future societies wrestling with the dilemma of synthesizing equality and freedom Thus the book has a relevance that extends beyond France to our own country and others a relevance that is explored in J P Mayer s new introduction Out of print in English for several years Recollections is presented here in a translation based on the definitive French edition of 1964 It captures the wit and subtlety of mind that have made this book one of the most popular of all Tocqueville s works Tocqueville s own comments which he wrote into the manuscript including his variants are given and the editors have added explanatory notes      **Favorite Illustrated Dictionary ,1887**
