Twentieth-Century Literature Lindsey Michael Banco, 2013-01-11 This book examines the connections between two disparate yet persistently bound thematics mobility and intoxication and explores their central yet frequently misunderstood role in constructing subjectivity following the 1960s Emerging from profound mid twentieth century changes in how drugs and travel were imagined the conceptual nexus discussed sheds new light on British and North American responses to sixties counterculture With readings of Aldous Huxley William Burroughs Alex Garland Hunter S Thompson and Robert Sedlack Banco traces twin arguments looking at the ways travel is imagined as a disciplinary force acting upon the creative destabilizing powers of psychedelic intoxication and exploring the ways drugs help construct travel spaces and practices as at times revolutionary and at other times neo colonial By following a sequence of shifting understandings of drug and travel orthodoxies this book traverses fraught and irresistibly linked terrains from the late 1950s up to a period marked by international postmodern tourism As such it helps illuminate a world where tourism is continually expanding yet constantly circumscribed and where illegal drugs are both increasingly unregulated in the global economy and perceived more and

more as crucial agents in the construction of human subjectivity **Athenaeum** James Silk Buckingham, John Sterling, Frederick Denison Maurice, Henry Stebbing, Charles Wentworth Dilke, Thomas Kibble Hervey, William Hepworth Dixon, Norman Maccoll, Vernon Horace Rendall, John Middleton Murry, 1859 The Athenaeum , 1843 **Justifying War** D. Literary Chronicle, 1843 **Casting Masculinity in Spanish Film** Mary T. Hartson, 2017-09-13 The rise of consumerism in the twentieth and twenty first centuries radically changed the way we perceive ourselves and the world around us And as it has throughout history the social construct of ideal masculinity both reflects and responds to that lived reality helping individuals adapt Through a close study of Spanish film of the twentieth and twenty first centuries this book investigates hegemonic or dominant masculinity in the wake of dramatic consumer changes that occurred in Spain It explores the ways in which masculine identity as represented in Spanish film positions itself in relation to desire and consumption focusing especially on representations of hegemonic masculinity from the almost 40 year dictatorship of General Francisco Franco through the transition to democracy and into the early 1990s Using psychoanalytic theory as employed primarily by Todd McGowan and Slavoj i ek this book analyzes cinematic representations of hegemonic masculine models along with those portrayed as less favorable to understand how political social and economic changes in Spain in the twentieth and early twenty first centuries affect the process of masculine identity formation In the shift from a society of prohibition to a society of commanded enjoyment hegemonic masculinity as represented in Spanish film changes dramatically initially organizing itself around prohibition and self renunciation in the early Franco dictatorship and later with neoliberal reforms and mass media promotion of consumerist values starting in the 1950s reorienting itself around desire and enjoyment embodied for example in the sexually promiscuous fashionable young man of the 1970s Personal pleasure and the satisfaction of one's desires replace submission obedience and self abnegation leading to a reconstruction of masculine identities in a social

context that appears increasingly fragmented plural and individualistic The primary innovation of this text involves the repositioning of consumerism as a fundamental force in the formation of Spanish masculinity and showing how widely disseminated masculine models serve to accommodate political social and economic demands The Humboldt Current
Aaron Sachs, 2007-07-31 A masterly and beautifully written account of the impact of Alexander von Humboldt on nineteenth century American history and culture The naturalist and explorer Alexander von Humboldt 1769 1859 achieved unparalleled fame in his own time Today however he and his enormous legacy to American thought are virtually unknown In The Humboldt Current Aaron Sachs traces Humboldt s pervasive influence on American history through examining the work of four explorers J N Reynolds Clarence King George Wallace and John Muir who embraced Humboldt s idea of a chain of connection uniting all peoples and all environments A skillful blend of narrative and interpretation that also discusses Humboldt s influence on Emerson Whitman Thoreau Melville and Poe The Humboldt Current offers a colorful passionate and superbly written reinterpretation of nineteenth century American history
