*Behold the Antichrist* Delos Banning McKown, 2010-12 During his long productive life the great English philosopher and exponent of utilitarianism Jeremy Bentham 1748 1832 wrote not just on political philosophy but also clandestinely on religion Under the pseudonym of Philip Beauchamp he published an attack on natural religion called *Analysis of the Influence of Natural Religion on the Temporal Happiness of Mankind* and under the pseudonym of Gamaliel Smith he published a book of New Testament criticism called *Not Paul But Jesus* In addition Bentham bravely released under his own name *Church of Englandism and Its Catechism Examined* a thorough biting critique of Anglican doctrine These little known works are discussed at length by philosopher Delos B McKown in this informative contribution to Bentham scholarship McKown introduces these major works on religion and then presents an extensive synopsis of each He defends Bentham against the criticisms of opponents where necessary but does not hesitate to criticize Bentham when he feels he

goes astray McKown also shows how Bentham's attacks on the Christianity of his time which denigrated human life in the here and now for some imagined future postmortem state of glory fully complemented his utilitarian philosophy of the greatest happiness to the greatest number of people This thorough analysis of three little known works by one of philosophy's great minds makes an outstanding contribution to Bentham scholarship and will be of interest to humanists and philosophers of religion     **Whitaker's Books in Print** ,1998     **The Reference Catalogue of Current Literature** ,1910     **Basic**
