Simple Riches Big city girl falls for small town doctor but there's a problem. He doesn't know she wants to turn his town into a resort. Alexandra Alex Chamberlain is a big city girl who knows nothing about close knit families, sibling rivalry, or receiving an unsolicited opinion in the name of family. She's been raised by an aunt and uncle who've provided her with a wealthy lifestyle and a fancy education but have withheld what she craved most: love and acceptance. Her uncle has taught her to disregard everything but the bottom line on a balance sheet and she'll do anything to earn his approval. She prides herself on excelling at her job, which is selecting small towns to buy, flatten, and replace with luxury resorts. When Alex decides to investigate Restalline, Pennsylvania, as a potential site for the next resort, she enters the town under the guise of a researcher gathering information for a documentary. Her uncle wants this project badly and she's not going to disappoint him. This town should be like all the others. Only it isn't. This town has the Androviches.

A Prescription for Long-Lasting Youth Dian Jen, 2006-02-17 After thirty-eight years working in the computer industry, Dian has found retirement to be surprisingly exciting and fun. Besides traveling, cruising, and casino hopping, he and his wife also enjoy many

other good things their retired life has to offer However everywhere they went they saw seniors struggling with their poor health and disabilities It made them realize how fortunate they are that at their age they still have excellent health Obviously the decision they made earlier in life that put health as an equally important goal as wealth for their retirement was a wise one and it made all the difference In addition they also have no illness or handicaps of any kind and are not dependent on any mandatory medications This is why even in their seventies they are still able to do all the fun things they used to do in their younger years Furthermore Dian had a very successful career Like others he dealt with cutthroat competition under unrelenting stresses in his profession yet still managed to stay on top without sacrificing his good health He did this by choosing to live a healthy lifestyle that included regular vigorous exercise a healthy diet sufficient rest and recovery and an active sex life four parts of his prescription for long lasting youth That is the secret of how he has managed to stay totally fit at over seventy and still looks and feels like an extremely fit young man twenty years younger This is what he shares with the readers plus the fun filled lifestyle that he and his wife now enjoy living in retirement Dian associates real life scenarios some of them with multicultural background to address many interesting but relevant issues concerning retirement sex life health and fitness and the positive impact living a healthy lifestyle can have on our aging process As part of the conclusion Dian said What I described as my prescription for long lasting youth is at best a strong personal belief but one that seems to have promising merits and supported by my personal experience to this date Although it has made a believer out of me it will take my lifetime to prove it and that could be a very very long time too long for you to wait for it even if you could afford to So why not just join me and give it a try What have you got to lose your life
