**Lord Aberdeen, a Political Biography** Muriel Evelyn Chamberlain,1983

*Parliament, Party and the Art of Politics in*

*Britain, 1855-59* A. Hawkins,1987-06-18

*Reader's Guide to British History* David Loades,2020-12-17

The Reader's Guide to British History is the essential source to secondary material on British history. This resource contains over 1 000 A-Z entries on the history of Britain from ancient and Roman Britain to the present day. Each entry lists 6-12 of the best known books on the subject then discusses those works in an essay of 800 to 1 000 words prepared by an expert in the field. The essays provide advice on the range and depth of coverage as well as the emphasis and point of view espoused in each publication.

*British History 1815-1914* Norman McCord,Bill Purdue,A. William Purdue,2007-10-25. This fully revised and updated new edition extended to cover the period up to 1914 provides the ultimate introduction to British history between the end of the Napoleonic Wars and the outbreak of the First World War.

**The Political Life of the Right Honourable Sir Robert Peel, Bart** Thomas Doubleday,1856

*Biographical Dictionary of British Prime Ministers* Robert Eccleshall,Graham Walker,2002-06-01. The Biographical Dictionary of British Prime Ministers is a wide ranging comprehensive guide to the political lives of Britain's prime ministers from Sir Robert Walpole to Tony Blair. Written by some of the leading authorities on British politics this authoritative dictionary provides essential information about each premiership including facts and analytical debate. Each entry has been written to the same formula and contains brief biographical information outlining career history and significant dates and events, a brief summary of the significance and peculiarities of a particular prime minister followed by a more descriptive and interpretative account of his or her political life and impact on British politics, references and further reading.

The Biographical Dictionary of British Prime Ministers addresses many of the key themes to understanding the role and impact of particular prime ministers such as the political context, party management and reform, intra party intellectual debate and where relevant the evolution of the office of prime minister.

*The Mid-Victorian Generation* K. Theodore Hoppen,2000-06-30. This the third volume to appear in the New Oxford History of England covers the period from the repeal of the Corn Laws to the dramatic failure of Gladstone's first Home Rule Bill. In his magisterial study of the mid Victorian generation Theo Hoppen identifies three defining themes. The first he calls established industrialism: the growing acceptance that factory life and manufacturing had come to stay. It was during these four decades that the balance of employment shifted irrevocably. For the first time in history more people were employed in industry than worked on the land. The second concerns the multiple national identities of the constituent parts of the United Kingdom. Dr Hoppen's study of the histories of Ireland, Scotland, Wales and the Empire reveals the existence of a variety of particular and overlapping national traditions flourishing alongside the increasingly influential structure of the unitary state. The third defining theme is that of interlocking spheres which the author uses to illuminate the formation of

public culture in the period This he argues was generated not by a series of influences operating independently from each other but by a variety of intermeshed political economic scientific literary and artistic developments This original and authoritative book will define these pivotal forty years in British history for the next generation      **The Forging of the Modern State** Eric J. Evans, 2018-07-16 In what has established itself as a classic study of Britain from the late eighteenth century to the mid Victorian period Eric J Evans explains how the country became the world s first industrial nation His book also explains how and why Britain was able to lay the foundations for what became the world s largest empire Over the period covered by this book Britain became the world s most powerful nation and arguably its first super power Economic opportunity and imperial expansion were accompanied by numerous domestic political crises which stopped short of revolution The book ranges widely across key political diplomatic social cultural economic and religious themes in order to convey the drama involved in a century of hectic but generally constructive change Britain was still ruled by wealthy landowners in 1870 as it had been in 1783 yet the society over which they presided was unrecognisable Victorian Britain had become an urban industrial and commercial powerhouse This fourth edition coming more than fifteen years after its predecessor has been completely revised and updated in the light of recent research It engages more extensively with key themes including gender national identities and Britain s relationship with its burgeoning empire Containing illustrations maps an expanded Framework of Events and an extensive Compendium of Information on topics such as population change cabinet membership and significant legislation the book is essential reading for all students of this crucial period in British history      *The Life of the Right Honourable William Ewart Gladstone, M.P., D.C.L., &c* George Barnett Smith, 1879      **The Forgotten Prime Minister: The 14th Earl of Derby** Angus Hawkins, 2007-09-13 The first ever full biographical study of Lord Derby the first British statesman to become prime minister three times and the longest serving leader in the history of British party politics A book that is likely to seriously affect the way we think not only about Derby himself but also about Victorian politics and society more generally      Publishers' circular and booksellers' record , 1893      **Publishers' Circular and Booksellers' Record of British and Foreign Literature** , 1893      **The Publishers' Circular and Booksellers' Record of British and Foreign Literature** , 1893      *Publishers' Circular and General Record of British and Foreign Literature, and Booksellers' Record* , 1893      *The Saturday Review of Politics, Literature, Science and Art* , 1860      **The Coalition Guide: Illustrations of the Political History of 1853-4. From "The Press" Newspaper** COALITION GUIDE., 1854      **Biography** Charles Knight, 1866      *Saturday Review* , 1860
