

Louis Henry Sullivan

Louis Sullivan

Louis Henry Sullivan:

The Public Papers Louis Sullivan, 1988-04-14 This volume brings together for the first time all the papers Louis Sullivan intended for a public audience from his first interview in 1882 to his last essay in 1924 Organized chronologically these speeches interviews essays letters to editors and committee reports enable readers to trace Sullivan's development from a brash young assistant to Dankmar Adler to an architectural elder statesman Robert Twombly an authority on Sullivan's work and life has introduced each document with a headnote explaining its significance locating it in time and place and examining its immediate context He has also provided a general introduction that analyzes Sullivan's writing style and objectives his major philosophical themes and the sources of his ideas With the help of headnotes and introduction readers will get a thorough sense of Sullivan's concerns discover how his ideas evolved and changed and appreciate the circumstances under which new interests emerged This collection is a handy introduction to the full range of Sullivan's thinking the book with which readers interested in the architect's writings should begin As a companion volume to Robert Twombly's biography of Sullivan it gives a comprehensive picture of one of America's most important architects and cultural figures **Louis Henry Sullivan** Mario Manieri-Elia, Louis H. Sullivan, 1996 Louis Henry Sullivan traces his life and oeuvre It addresses his most famous buildings including the Auditorium Building in Chicago the Wainwright Building in Saint Louis the Guaranty Building in Buffalo and the National Farmers Bank in Owatonna Minnesota and reveals many of his lesser known projects to be underappreciated masterpieces For the first time Sullivan's work which has often been misappropriated is explored in its historical and theoretical context **Louis Henry Sullivan** Hans Frei, Louis H. Sullivan, 1992 Louis Sullivan Robert C. Twombly, Narciso G Menocal, Narciso G. Menocal, 2000-11-14 Louis Sullivan believed that art should reveal the creative method of nature The greatest artist was the poet whose understanding of nature spurred social change This volume is both a tribute to Sullivan's poetic genius and a catalogue of all his graphic work The authors discuss the social implications of Sullivan's theories of architecture with visual proof of his vision in illustrations of his work on paper and in three dimensions A translation of Etude sur l'inspiration Sullivan's seminal and heretofore unpublished credo in verse is further testimony to his vision Included is an illustrated catalogue of all extant Sullivan drawings some never before published *Louis Sullivan* Patrick F. Cannon, 2024 Long considered the father of the skyscraper Louis Henry Sullivan 1856-1924 first came to wide attention in 1889 with the completion of the Auditorium Building in Chicago Louis Sullivan presents for the first time every remaining structure designed by the architect accompanied by striking color photographs and highlights of his life and accomplishments **The Idea of Louis Sullivan** John Szarkowski, 1956 Collection of photographs showing examples of the surviving work of the great American architect Louis Sullivan Louis Henry Sullivan, 1856-1924 Mario Manieri-Elia, Louis H. Sullivan, 1995 **Louis Sullivan, Prophet of Modern Architecture** Hugh Morrison, 1952 Louis Sullivan as He Lived Willard Connely, 1960 *Sullivan's City Zanten* David Van, 2000-07-04 Finally the brilliant pencil execution of ornament

in his old age became a surrogate for the great architectural projects realized earlier David Van Zanten's essay on how Sullivan's ornament shaped the city is illuminated by archival views and new color photographs by architectural photographer Cervin Robinson BOOK JACKET **Louis Sullivan** Patrick F. Cannon, Louis H. Sullivan, 2011 On the eve of the twentieth century Chicago was rapidly outgrowing its borders Architect Louis Henry Sullivan answered the demand for more office space theaters department stores and financial centers by pioneering what would become an essential model for city life the skyscraper Louis Sullivan's designs stand today as leading exemplars of Chicago School architecture Frank Lloyd Wright who worked as an assistant to Sullivan liked to refer to him as his lieber Meister or beloved master Having spent much of his career in a late Victorian world that bristled with busy fussy ornament for ornament's sake Sullivan tossed all that bric a brac into the fire with the now famous dictum Form follows function He honored this ideal in his skyscrapers and his residential commissions as well as in the small town banks so important to the second half of his career In Louis Sullivan Creating a New American Architecture nearly two hundred photographs with descriptive captions document Sullivan's genius for modern design Patrick Cannon introduces each chapter with key biographical information and discusses the influences that shaped Sullivan's illustrious career Rare historical photographs chronicle those buildings that sadly have since been destroyed while James Caulfield's contemporary photography captures Sullivan's existing Chicago buildings and many other structures in Eastern and Midwestern cities *Louis Henry Sullivan* Patricia Weckauf, 2005-07-10 Studienarbeit aus dem Jahr 2005 im Fachbereich Kunst Architektur Baugeschichte Denkmalpflege Note 1,3 Rheinisch Westfälische Technische Hochschule Aachen Kunsthistorisches Institut Veranstaltung Form follows Function Sprache Deutsch Abstract Louis Henry Sullivan prägt den Satz Form follows Function der heutzutage wahrscheinlich bekannter ist als der Architekt selbst Doch was verbirgt sich hinter diesem Lehrsatz Der Brockhaus weist unter dem Begriff Funktion die Synonyme Aufgabe Tätigkeit Stellung auf¹ des weiteren divergiert die Bedeutung des Begriffs im Zusammenhang mit verschiedenen Wissenschaften wie der Mathematik der Philosophie der Medizin und der Sprache Die Aufgabe die das Gebäude erfüllt also seine Nutzung sollte aus der Form aus seinem äußeren Erscheinungsbild hervorgehen In verschiedenen Lexika wird außerdem auf den Funktionalismus hingewiesen der sich um 1920 in der Architektur etablierte Dort heißt es dass diese Kunstrichtung dem Objekt Zwecke und Aufgaben zuweist und deshalb der Gebrauchszweck über die Form entscheiden soll² Als Vertreter wird das Bauhaus genannt deren Umgang mit dem Objekt sich jedoch trotz der vergleichbaren Intention von Sullivans unterscheidet Wie Sullivan Form follows Function umsetzte wie seine weitere Architekturtheorie aussah und wie er diese in seinen Gebäuden verwirklichte ist Thema dieser Hausarbeit Da Sullivans Kindheit ihn in seiner Theorie beeinflusste die in seiner Biographie *The Autobiography of an Idea*³ aus dem Jahr 1924 nachzuvollziehen ist wird das erste Kapitel das sein Leben beleuchten um darauf aufbauend seine Architekturtheorie und auf ihn einwirkende und von ihm ausgehende Einflüsse zu rekonstruieren Den Abschluss der Arbeit bilden drei seiner Gebäude das Auditorium das Wainwright Building und das Schlesinger

Mayer Department Store die als Beispiele vorgestellt werden An ihnen wird versucht die Umsetzung seiner Architekturtheorie zu hinterfragen 1 Brockhaus Die Enzyklop die in vierundzwanzig B nden Bd 8 Frit Goti Funktion Leipzig Mannheim 1996 S 61 62 2 Knaurs Lexikon in zwanzig B nden Bd 6 Fe Ge Funktion Stuttgart 1974 S 2019 2020 3 Sullivan Louis Henry The Autobiography of an Idea 1924 Hrsg Ralph Marlowe Line New York 1956 *Louis H. Sullivan and a 19th-Century Poetics of Naturalized Architecture* LaurenS. Weingarden,2017-07-05 For most of the twentieth century modernist viewers dismissed the architectural ornament of Louis H Sullivan 1856 1924 and the majority of his theoretical writings as emotional outbursts of an outmoded romanticism In this study Lauren Weingarden reveals Sullivan s eloquent articulation of nineteenth century romantic practices literary linguistic aesthetic spiritual and nationalistic and thus rescues Sullivan and his legacy from the narrow role imposed on him as a pioneer of twentieth century modernism Using three interpretive models discourse theory poststructural semiotic analysis and a pragmatic concept of sign functions she restores the integrity of Sullivan s artistic choices and his historical position as a culminating figure within nineteenth century romanticism By giving equal weight to Louis Sullivan s writings and designs Weingarden shows how he translated both Ruskin s tenets of Gothic naturalism and Whitman s poetry of the American landscape into elemental structural forms and organic ornamentation Viewed as a site where various romantic discourses converged Sullivan s oeuvre demands a cross disciplinary exploration of each discursive practice and its rules of accumulation exclusion reactivation The overarching theme of this study is the interrogation and restitution of those Foucauldian rules that enabled Sullivan to articulate architecture as a pictorial mode of landscape art which he considered co equal with the spiritual and didactic functions of landscape poetry LOUIS SULLIVAN AND HIS MENTOR, JOHN HERMAN EDELMANN, ARCHITECT Charles E. Gregersen Aia Ncarb,2013 Although the world famous architect Louis Sullivan praised John Edelmann at length as a friend philosopher gifted draftsman and above all as his benefactor in his The Autobiography of an Idea he avoided any mention of having worked for two years as an apprentice in Edelmann s architectural office and the influence that experience obviously had on his future work This book corrects that deficiency in Sullivan s narrative Through a comparison of their buildings and ornamental designs the differences in the approaches of these two men to architectural planning and the debt Sullivan owed to Edelmann s unique ornamental style in the development of his own world renowned ornament is demonstrated Edelmann is also revealed as the young architect who not only took Sullivan on as an apprentice but in time introduced him to his future partner Dankmar Adler only to be betrayed in the end by Sullivan for having done so **The Testament of Stone** Louis H. Sullivan,1963 Autobiography of an Idea Louis Sullivan,1979 Louis Henry Sullivan Mario Manieri-Elia,1996 *A System of Architectural Ornament* ,1967 **System of Architectural Ornament** Louis Sullivan,1968-01-01 **Louis Sullivan's Idea** Tim Samuelson,2021-09-07 A visual compendium revealing the philosophy and life of America s renowned architect The story of Louis H Sullivan is considered one of the great American tragedies While Sullivan reshaped

architectural thought and practice and contributed significantly to the foundations of modern architecture he suffered a sad and lonely death Many have since missed his aim that of bringing buildings to life What mattered most to Sullivan were not the buildings but the philosophy behind their creation Once he unconcernedly stated that if he lived long enough he would get to see all of his works destroyed He added Only the idea is the important thing In Louis Sullivan's Idea Chicago architectural historian Tim Samuelson and artist writer Chris Ware present Sullivan's commitment to his discipline of thought as the guiding force behind his work and this collection of photographs original documentation and drawings all date from the period of Sullivan's life 1856 1924 that many rarely or have never seen before The book includes a full size foldout facsimile reproduction of Louis Sullivan's last architectural commission and the only surviving working drawing done in his own hand

Decoding **Louis Henry Sullivan**: Revealing the Captivating Potential of Verbal Expression

In a time characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its power to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring.
