Norton's Literary Gazette and Publishers' Circular ,1855 **Recollections of a Scientist Volume 2** Norman N. Greenwood, 2012 Recollections of a Scientist Volume 2 Expanding Horizons England and Europe 1948 1951 This illustrated book is the second volume of Memoirs of a distinguished internationally renowned scientist Professor Norman N Greenwood FRS It takes up the story of his life from the first moment he arrived in England as a research student from Australia in September 1948 Term had not yet started in Cambridge so he spent a hectic first month visiting and getting to know the members of his parents families who lived in London and Brighton He also spent some time in the delightful countryside around Guildford and the Surrey Downs with a fellow passenger following a shipboard romance during the long trip from Melbourne He then visited the recently inaugurated Atomic Energy Research Establishment at Harwell in Berkshire where his former research supervisor was now a senior scientist in the chemistry division and had the exciting experience of seeing Europe's first recently commissioned nuclear reactor in operation In Cambridge he took up residence in a set of rooms in Sidney Sussex College and began research discussions with Professor Harry Emel us FRS the most distinguished inorganic chemist in the UK at that time The unique charms of the Cambridge Colleges and the arcane procedures of the University itself are affectionately described and at various places throughout the book there are graphic representations of life in Cambridge in the late nineteen forties An early example is his description of the University's decision to allow for the first

time in its seven centuries of existence women to be awarded substantive degrees rather than merely titular ones The first such degree to be conferred on a woman in an appropriately grand ceremony was on the enormously popular Queen Elizabeth consort of King George VI later known as The Queen Mother At a more mundane level post war austerity necessitated the rationing of food and many other items at levels that were even more severe than those in operation during the war WW2 The list given of a week's rations is a salutary reminder of those days Norman is a past master at describing in accessible terms the research work that he was doing in the laboratory and its wider significance He also gives perceptive descriptions of the international group of research chemists working in the laboratory at that time and of many members of staff As earlier in Melbourne he made the most of opportunities to attend lectures by famous visitors and distinguished members of the University in other departments of the University There are memorable descriptions of a course of lectures given over two terms by Bertrand Russell on Philosophy and numerous other lectures by Science Nobel Laureates Vacations provided a wonderful opportunity to visit other places in England and Europe Just before Christmas 1948 he went with the Oxford and Cambridge Ski Clubs to Sestriere in the Italian Alps a splendid location for skiers of all abilities Directly following this and with virtually no money left he spent a memorable Christmas and New Year on his own exploring the wonders and glories of Paris And what wonders he describes He had a room in the Latin student Quarter at 350 francs per night i e 35p or 0 35 for bed and breakfast at the then exchange rate of 1 1000 francs The next vacation at Easter was to southern Scandinavia to visit his sister Margaret who had married a Swede in 1946 and was living on a small island in the Baltic Sea just off the coast near Karlskrona Volume 1 of these Recollections was dedicated to her on the occasion of her ninetieth birthday in 2012 The journey was also memorable for a different reason for it was on the Flying Scot en route to Newcastle upon Tyne to catch the ferry to Bergen in Norway that he first met Kirsten Rydland whom he later married in 1951 This Volume 2 is dedicated to her Norman was cl
