*Love Against Hate* Karl Menninger, 1945      **Individuality and Ideology in British Object Relations Theory** Gal Gerson, 2021-05-09 Following the work of prominent object relations theorists such as Fairbairn Suttie and Winnicott Gal Gerson explores the correlation between analytical theory and intellectual environment in two ways He notes the impact that the British object relations school had on both psychology and wider culture and suggests that the school's outlook involved more than a clinical choice Gerson first interprets the object relations model as a political theory that completes a certain internal development within liberalism He later outlines the relationship between the analytical theory and the historical setting in which it formed and took root By engaging with these questions Gerson demonstrates the deeper structure and implications of object relation theory for social philosophy This allows him to answer questions such as What kind of social arrangements do we endorse when we accept object relations theory as a fair description of mind What beliefs about power individuality and household structure do we take in What do we give up when doing so and lastly What does it say about contemporary advanced societies that they have taken in much of the theory's content Proposing a novel rethinking of human nature Individuality and Ideology in British Object Relations Theory provides much needed insight into how this school of psychoanalytic theory has impacted contemporary social and political life

Gandhi,2023-10-01 Bestseller Books of Spirituality and Mental Health Collection of 3 Books The Science Of Religion The Autobiography of Swami Yogananda by Paramahansa Yogananda In this captivating autobiography Paramahansa Yogananda shares his spiritual journey and experiences as a yogi and spiritual teacher The book provides insights into the science of religion and the practices of yoga and meditation It offers profound wisdom and teachings on the pursuit of spiritual growth and self realization Religion And Health by James J Walsh This insightful book explores the relationship between religion and mental health James J Walsh examines the impact of religious beliefs and practices on individuals well being and mental equilibrium The book delves into how spirituality and faith can play a vital role in promoting mental and emotional health MY RELIGION by M K Gandhi In this spiritual and philosophical work Mahatma Gandhi shares his reflections on his personal beliefs and principles Gandhi delves into the concept of religion beyond mere rituals and doctrines emphasizing the importance of truth non violence and the pursuit of ethical living MY RELIGION offers profound insights into the foundations of Gandhi s transformative philosophy This collection of three books presents a rich and enlightening journey into spirituality mental health and self discovery From the autobiography of a revered yogi to the exploration of the connection between religion and well being these books offer readers valuable wisdom and perspectives on matters of the spirit and the mind **An Art of Spiritual Warfare** Grant Schnarr,2014-01-23 Nowadays people search Sun Tsu s ancient war manual for business strategies Going deeper Grant Schnarr finds how to defeat our true enemy our own negativity Read by rock stars and military generals here are brilliant tactics for enlisting higher powers outwitting self destruction and championing integrity and love **Spiritual Evolution** George Vaillant,2008-05-20 In our current era of holy terror passionate faith has come to seem like a present danger Writers such as Richard Dawkins Sam Harris and Christopher Hitchens have been happy to throw the baby out with the bathwater and declare that the danger is in religion itself God Hitchens writes is not great But man according to George E Vaillant M D is great In Spiritual Evolution Dr Vaillant lays out a brilliant defense not of organized religion but of man s inherent spirituality Our spirituality he shows resides in our uniquely human brain design and in our innate capacity for emotions like love hope joy forgiveness and compassion which are selected for by evolution and located in a different part of the brain than dogmatic religious belief Evolution has made us spiritual creatures over time he argues and we are destined to become even more so Spiritual Evolution makes the scientific case for spirituality as a positive force in human evolution and he predicts for our species an even more loving future Vaillant traces this positive force in three different kinds of evolution the natural selection of genes over millennia of course but also the cultural evolution within recorded history of ideas about the value of

human life and the development of spirituality within the lifetime of each individual For thirty five years Dr Vaillant directed Harvard s famous longitudinal study of adult development which has followed hundreds of men over seven decades of life The study has yielded important insights into human spirituality and Dr Vaillant has drawn on these and on a range of psychological research behavioral studies and neuroscience and on history anecdote and quotation to produce a book that is at once a work of scientific argument and a lyrical meditation on what it means to be human *Spiritual Evolution* is a life s work and it will restore our belief in faith as an essential human striving

**Mom** Rebecca Jo Plant,2010-03-15 In the early twentieth century Americans often waxed lyrical about Mother Love signaling a conception of motherhood as an all encompassing identity rooted in self sacrifice and infused with social and political meaning By the 1940s the idealization of motherhood had waned and the nation s mothers found themselves blamed for a host of societal and psychological ills In *Mom* Rebecca Jo Plant traces this important shift by exploring the evolution of maternalist politics changing perceptions of the mother child bond and the rise of new approaches to childbirth pain and suffering Plant argues that the assault on sentimental motherhood came from numerous quarters Male critics who railed against female moral authority psychological experts who hoped to expand their influence and women who strove to be more than wives and mothers all for their own distinct reasons sought to discredit the longstanding maternal ideal By showing how motherhood ultimately came to be redefined as a more private and partial component of female identity Plant illuminates a major reorientation in American civic social and familial life that still reverberates today

*My Religion* M. K. Gandhi,2025-03-31 *My Religion* by M K Gandhi is an insightful exploration of the spiritual beliefs and philosophies that guided one of the world s most profound figures in pursuit of truth and justice In this thoughtful piece Gandhi shares reflections on his personal faith drawing from a rich tapestry of religious traditions including Hinduism Christianity Islam and Jainism The essence of this work is not merely a recounting of religious doctrine but rather an invitation to understand the universal principles that bind humanity together in a quest for deeper meaning harmony and peace Gandhi articulates the importance of embracing spirituality as a way to cultivate moral character and lead a life rooted in righteousness He emphasizes that true religion transcends mere rituals and beliefs advocating instead for a practice of love compassion and service to others Through his own experiences he illustrates how a deep seated commitment to faith can empower individuals to stand up against injustice promoting the greater good and fostering social cohesion In this compelling work Gandhi addresses the complexities of faith in a diverse world acknowledging the differences among religions while celebrating their shared ideals He encourages readers to engage in interfaith dialogue urging that these conversations can nurture understanding and break down barriers that divide societies His reflections underscore that the essence of religion is found in its ability to inspire love humility and a spirit of coexistence The text also underlines Gandhi s belief in the transformative power of spiritual practices including prayer meditation and self discipline as tools for personal growth and enlightenment He speaks to the necessity of aligning one s

actions with their spiritual beliefs suggesting that ethical conduct is paramount in realizing one's spiritual aspirations. Through practical examples he demonstrates that a life guided by principles of truth and non violence can lead to profound personal and social transformation. My Religion encapsulates Gandhi's journey toward self discovery and understanding illustrating how spirituality can guide individuals to live authentically and purposefully. It serves as an inspiring reminder that regardless of religious affiliation the pursuit of truth and justice is a fundamental aspect of the human experience. Gandhi's insights resonate with readers today providing a roadmap to navigate the complexities of faith in an increasingly interconnected world. This work is not only a celebration of his spiritual beliefs but also a timeless call for unity compassion and respect among all humanity. Readers from diverse backgrounds will find value in Gandhi's exploration of religion as a force for good making this book an essential addition to anyone's collection.

**The Wisdom of the Covenants and Their Relevance to Our Times** John Watt, 2019-01-05. This book began as an introduction to the Bible for educated people unfamiliar with it. As public ethics in the United States began to fray it changed into focusing on the key values in biblical literature and the costs of disregarding them. Biblical values were organized into systems known as covenants or testaments between human beings and the god Yahweh. The covenants developed by Moses and Jesus are the most important covenants in the Bible. They are not the only ones but it is these two covenants that go most deeply into our survival or failure as individuals and as a species. The last third of the book analyzes various aspects of public life today in the light of covenantal teaching and suggests ways to strengthen commitment to them. The author's goal is to get this book into the hands of people who share his concerns and who would like to revive the influence of public ethics.
