Love And The Quest For Identity In The Fiction Of Henry James:

Love and the Quest for Identity in the Fiction of Henry James Philip Sicker, 2017-03-14 Contrary to the majority of Henry James's critics who either have ignored the central importance of love in his work or have mislabeled it as Platonic infantile and asexual Philip Sicker shows that romantic love played a substantial role in James's fiction Originally published in 1980 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Ambassadors Henry James, 1998-05-21 Lambert Strether a mild middle aged American of no particular achievements is dispatched to Paris from the manufacturing empire of Woollett Massachusetts The mission conferred on him by his august patron Mrs Newsome is to discover what or who is keeping her son Chad in the notorious city of pleasure and to bring him home But Strether finds Chad transformed by the influence of a remarkable woman and as the Parisian spring advances he himself succumbs to the allure of the vast bright Babylon and to the mysterious charm of Madame de Vionnet The text of this Oxford World's Classics paperback is that of the New York edition with James's Preface

Seeing and Believing H. Hutchison, 2016-04-30 This study looks at Henry James's response to the collapse of religious belief in the nineteenth century in his late novels and shorter works Hutchison's work argues that James's fascination with perception and consciousness should be read in the context of his

desire to dramatize a level of human experience beyond the material *Handbook of the American Novel of the Twentieth and Twenty-First Centuries* Timo Müller,2017-01-11 Increasing specialization within the discipline of English and American Studies has shifted the focus of scholarly discussion toward theoretical reflection and cultural contexts These developments have benefitted the discipline in more ways than one but they have also resulted in a certain neglect of close reading As a result students and researchers interested in such material are forced to turn to scholarship from the 1960s and 1970s much of which relies on dated methodological and ideological presuppositions The handbook aims to fill this gap by providing new readings of texts that figure prominently in the literature classroom and in scholarly debate from James s *The Ambassadors* to McCarthy s *The Road* These readings do not revert naively to a time before theory Instead they distil the insights of literary and cultural theory into concise introductions to the historical background the themes the formal strategies and the reception of influential literary texts and they do so in a jargon free language accessible to readers on all levels of qualification

The Dangers of Interpretation Ilona Treitel,2019-08-22 First published in 1996 This comparative study investigates thematic and technical similarities in the works of the two authors who shared a cultural heritage and achieved comparable status in their separate literary traditions Drawing upon theories by Bloom Bakhtin and Lacan the book examines ways in which Henry James and Thomas Mann treat the creative artist and analyze the creative and interpretive processes in their fiction The texts covered range from early works to their great modern novels *The Golden Bowl* and *Doctor Faustus* To a great extent the similarities between the works stem from the authors preoccupation with artistic responsibility Adopting Bloom s claim that the creative activity is an interpretive one and that the reader as well as the writer interprets a text into being the book also investigates the reader s responsibility in confronting the dilemmas challenging James and Mann s artist figures Such challenges are the dangers of interpretation discussed in this book Index Bibliography

into opera the transference of a work from one medium to another metaphrasis is its point of departure Starting with a survey of the current thinking regarding the nexus between words and music with specific reference to operatic adaptation of existing literary works it traces the four hundred year history of opera demonstrating that the novel has become increasingly attractive to librettists and composers as an operatic source As the resources of modern music theatre have increased in sophistication so too have the possibilities for an expanded engagement with complex fictional works The intricate relationship between fictional and musical narrative is examined the proposition that the orchestra assumes much of the function of the narrator in fiction is explored The second section is a detailed examination of eight operatic works based on Henry James's fiction It is opera's unique capability to present the intense emotional and psychological situations central to James's fiction as well as the ability to engage with his synthesis of melodrama and psychological ambiguity which makes James's work peculiarly amenable to operatic adaptation Composers who have used James as a source include Douglas Moore Benjamin Britten Thomas Pasatieri Donald Hollier Thea Musgrave Philip Hagemann and Dominick Argento The operas discussed represent a contemporary critical and often self-conscious engagement with the art form itself as well as illustrating current adaptive strategies and suggest ways in which new operatic paths may be forged This volume is of relevance to students and scholars of English literature and opera as well as readers who take an interest in intermedial research and the question of adaptation in general

Essays for Richard Ellmann Susan Dick, Declan Kiberd, 1989-03-01

Ellmann's sensitivity to what it meant to be an artist shaped his work from the outset The life of an artist differs from the lives of other persons in that its events are becoming artistic sources even as they command his present attention Instead of allowing each day pushed back by the next to lapse into imprecise memory he shapes again the experiences which have shaped him Richard Ellmann died in 1987 His life and work have touched the lives of many Some of the essays in this collection commemorate Richard Ellmann and his commitment to Twentieth Century literature most provide a continuing investigation of the Twentieth Century literature to which he devoted his career Contributors include Alison Armstrong Daniel Albright Christopher Butler Carol Cantrell Jonathan Culler Elizabeth Butler Cullingford Andonis Decavelles Rupin Desai Susan Dick Terence Diggory Terry Eagleton Rosita Fanto Charles Feidelson James Flannery Charles Huttar Bruce Johnson John Kelleher Brendan Kennelly Frank Kermode Declan Kiberd Peter Kuch Bruce Johnson James Laughlin A Walton Litz Dominic Manganiello Ellsworth Mason Christie McDonald Dougald McMillan Sean O Mordha Vivian Mercier Mary T

Levin, 2008-10-13 Tracing the Aesthetic Principle in Conrad's Novels sets out to revolutionize our reading of Joseph Conrad's works and challenge the critical heritage that accompanies them Levin identifies the emergence of an aesthetic principle in Conrad's novels and theorizes that principle through the concept of the otherwise present which Levin defines as that which provokes desire and perpetuates it by barring its appeasement This book offers a detailed analysis of Lord Jim Nostromo Under Western Eyes The Arrow of Gold and Suspense alongside a poststructuralist inspired explication of Conrad's literary vision and its defining principle This study is an important source for both the newcomers and the initiated to Conrad's oeuvre **American Declarations Of Love** Ann Massa, 1989-12-11 **Gender and the Writer's Imagination** Mary Suzanne Schriber, 2021-10-21 The concept of woman as having a distinctive nature and requiring a separate sphere of activity from that of man was pervasive in the thinking of nineteenth century Americans So dominant was this horizon of expectations for woman that the imaginations of our finest novelists were often subverted even as they attempted to expand the possibilities for women through their fiction Selecting five American writers James Fenimore Cooper Nathaniel Hawthorne William Dean Howells Henry James and Edith Wharton Schriber traces the impact of cultural expectations for woman on the art of the novel from the early nineteenth century through the advent of Modernism The novels of Cooper and Hawthorne exemplify the male imagination at work before the concept of woman's nature and sphere became burning issues as they did later in the century Howells while attempting to expand woman's sphere in his fiction in response to feminist challenges in fact demonstrates the recalcitrance of a priori ideas James provoked rather than subverted by the ideology of gender was able to bend the culture's myopia to his own artistic purposes Wharton's novels in contrast document the female imagination seeking aesthetic solutions to the problems of women rather than to woman as problem Wharton constructs versions of female experience that were either invisible or anathema to her male counterparts Schriber's discussion centers on those points in each text at which the culture's horizon of expectations drives the decisions and choices of the artist sometimes to the benefit and sometimes at the expense of craft Making full use of gender as a category of literary analysis she recovers the meanings intended by the texts for audiences of their own time and distinguishes those meanings from their significance for modern readers Original in its methodology and insights Gender and the Writer's Imagination provides a model for future literary studies **The Subversive Storyteller** Michelle Pacht, 2009-01-14 The Subversive Storyteller The Short Story Cycle and the Politics of Identity in America examines how nineteenth and twentieth century American authors adapted and expanded the short story cycle to convey subversive or controversial ideas without alienating readers and threatening their ability to succeed within the literary marketplace The twelve authors highlighted here come from a wide range of cultural racial and geographic backgrounds Their texts represent different more advanced
